Atom Power Program Gets TVA Backing

Group To Combine With AEC To Make Plans For Supply

WASHINGTON, Sept. 3 (AP)—The Tennessee Valley Authority and the Atomic Energy Commission announced today they are getting together on the plan to supply private power to the Memphis, Tenn., area.

Two days ago TVA was reported to be resisting the administration's proposal to give the Dixon-Yates combine a contract to furnish electricity in the Tennessee Valley territory, long a stronghold of public power.

Harry A. Curtis, TVA vice chairman, had protested that the AEC had not disclosed details of the controversial contract to the TVA. The latter agency was said to be reluctant to enter into negotiations without complete data.

Contract Available

A joint statement by Chairman Herbert D. Vogel of TVA and Gen. Mgr. K. D. Nichols of AEC said a copy of the Dixon-Yates contract was made available to the TVA staff on Wednesday, the day the reports of TVA's resistance were published.

Without mentioning these reports, the joint statement added:

"There are obviously many technical details to be resolved before final agreement between TVA and AEC can be consummated, but a meeting of the minds has been achieved on all fundamental issues and the TVA will proceed in good faith and as expeditiously as possible to prepare the necessary data, and it is expected that the technical staffs of both organizations will get together for discussions within the next 10 days."

The Dixon-Yates contract was the subject of a bitter Senate debate before passage of the atomic energy bill, which specifically authorizes AEC to contract for private power for the Memphis area.

Charged "Corruption"

Stephen A. Mitchell, Democratic national chairman, has charged that "corruption" and favoritism toward big business were involved in the Dixon-Yates contract. He was invited to testify before the Senate-House Atomic Energy Committee and he accepted but the date for his appearance has been postponed indefinitely.

The plan is that Dixon-Yates will build a 107-million-dollar steam plant at West Memphis, Ark., to supply 600,000 kilowatts of power to the Memphis area. The power will be carried over TVA lines. It will replace power supplied by TVA to the AEC atomic energy installation at Paducah, Ky.

TVA proposed to build a steam plant itself, but Congress did not appropriate the funds. President Eisenhower has endorsed the private power plan, which involves a 25-year contract.

Crew Of 46 Saved

RIO DE JANEIRO, Brazil, Sept. 3 (AP)—The 4,955-ton Lloyd Brasileiro freighter Commandante Pessoa sank early today off the coast of the state of Rio Grande do Norte. All 46 crewmen aboard were rescued.

The ship, carrying a cargo of salt, struck a rock yesterday north of Natal and started taking water. The vessel was built in 1919 by the International Ship Building Corp. at Hog Island, Pa.

American Cooking Is Equal Or Better Than Elsewhere

WASHINGTON, Sept. 3 (AP) — American cooking, a group of experts proudly announced today, now has reached the spot where it equals or surpasses anything produced anywhere else in the world.

"Once they thought of us abroad as a country of hamburgers and frankfurters," said chef Peter R. Berrini of Worcester, Mass. "Now they know better."

The reason for this international cuisine aboutface: American chefs, competing in Switzerland, came in second, only a point behind first place Germany.

This triumph, scored only last week, is being properly celebrated by 200 of the nation's top chefs, here for the 25th anniversary convention of the American Culinary Federation.

Berrini, a member of the federation's board of directors, said the American showing was a terrific shock to European epicures, who have always felt they had the only proper training grounds for topflight chefs.

"And the best of it is," Berrini said, "the man who won the most points is a chef from right here in Washington, who was trained right here in this country."

Here he got hold of Clement Maggia, the star of the U.S. team, who produced for the European judges, among other wonders, a cake six feet tall.

A picture of this prize winner was available, and it showed a monstrously big cake, its base edged in American Beauty roses above which was a book entitled "Freedom" with a bald eagle on top it all.

"It's so easy now," said Hermann J. Rusch, president of the Society Culinaire Philanthropique of New York. "Not like it was when I was learning in Switzerland. Fifteen, 16 hours a day, and then from 15 to 25 years before you became a chef. Now it's fast, and the pay is good."

Chefs not only like to cook; they also like to eat. And before they broke it up to dine on brook trout stuffed with crab, they all seemed to agree with Rusch.

"If I came back to this world," he said, "I'd like to be a chef again and again and again."

Mendes-France Has To Replace Cabinet In Battle Over EDC

Heroic French Gen. de Castries Reported Freed

PARIS, Saturday, Sept. 4 (AP) — The French News Agency reported Brig. Gen. Christian de Castries, commander of the fallen Dien Bien Phu fortress, was freed by the Reds today in the Indochina prisoner exchange.

De Castries' wife, Jacqueline, was waiting for him in Paris, where she returned after his capture. She had asked permission to return to Saigon to greet him but the government sidetracked the request because it would have been unable to comply with similar requests from wives of other captured officers.

Six Ministers Quit Following Wrangle, Two New Appointees

PARIS, Sept. 3 (AP)—Premier Pierre Mendes-France reshuffled his Cabinet today to fill the six gaps left by resignations following the bitter dispute over the European Defense Community treaty. Three pro-EDC ministers resigned earlier today, nearly three weeks after three anti-EDC Cabinet members quit.

The Premier's changes included shifting of eight present ministers to new posts and appointment of two new men. Two posts were left vacant and another apparently was eliminated in the reshuffle. Mendes-France also created one new post—secretary of state in the Interior Ministry. It was expected to be filled shortly.

Urge Quick Action

The reshuffle came shortly after two American lawmakers urged quick action on European defense and voiced criticism of France. In Bonn, Sen. Alexander Wiley (R-Wis), chairman of the U.S. Senate Foreign Relations Committee, rejected any idea of a separate defense arrangement by the United States with West Germany and said: "I will not concede that EDC has failed."

Rep. Dewey Short (R-Mo), chairman of the House Armed Services Committee, told newsmen at Wiesbaden, Germany, that Mendes-France is "skating on thin ice." Short declared that if the rearmament of West Germany is further delayed, "We might lose her."

The three latest resignations from the French Cabinet came in the midst of a meeting on the international situation. Quitting their posts on the grounds that Mendes-France did not make a fight to win acceptance of the EDC treaty were Justice Minister Emile Pughes, Industry and Commerce Minister Maurice Bourges - Maunory, and Labor Minister Eugene Claudius-Petit. Hugues and Bourges-Maunory are members of the Radical Socialist (moderate) party. Claudius-Petit is a member of the small Democratic and Socialist Union of the Resistence (UDSR).

Two New Appointees

The three anti-EDC ministers who quit previously included Defense Minister Pierre Koenig. They resigned because they felt Mendes-France was not strongly enough opposed to EDC. All three were followers of Gen. Charles de Gaulle, a fervent opponent of EDC.

The two new men appointed to the Cabinet are Roland de Moustier, an Independent Republican, and Sen. Gilbert Jules, a Radical Socialist. De Moustier was named secretary of state for foreign affairs and Jules secretary of state for economic affairs.

Watkins States Senate Probers Are 'Impartial'

WASHINGTON, Sept. 3 (AP)—Sen. Watkins (R-Utah) attested today to the impartiality of the special Senate committee weighing censure charges against Sen. McCarthy (R-Wis). He called it "as fair a group as you can find in the Senate."

Watkins heads the six-man committee, which is in recess until Tuesday.

"I don't find any prejudice in the committee against Sen. McCarthy," the senator told a news conference. He said McCarthy himself hasn't challenged any member and asked: "So what's all the fuss about?"

While McCarthy hasn't challenged any of the senators considering the charges against him, he has raised questions about the impartiality of Sen. Edwin C. Johnson (D-Colo), vice chairman of the committee, and about the attitude of Watkins, too.

The Wisconsin senator asserted yesterday that Watkins had made a "fantastic statement" in a televised interview to the effect that "it was unimportant if some members of the committee were prejudiced."

A transcript of the Watkins interview showed that he had been asked whether impartiality was a requirement of the committee.

"No," the senator replied. "The senators who are committee members are the same senators who are in the Senate and no one has ever required that senators be impartial. They don't come here that way. They come here ordinarily having been committed to programs, having made their own platform pledges, and on many of the public questions they, of course, are committed, they have taken positive stands."

Today Watkins said he thought he and the TV interviewer were not talking about the same things.

"I thought we were talking about the Senate in general," he explained, adding that what he had in mind was that impartiality could not be required in the Senate.

The actual "jury" in the case, Watkins went on, is the whole Senate, which will pass finally on the committee's report and the 46 overlapping charges against McCarthy.

President Asks For Safe Holiday

DENVER, Sept. 3 (AP)—President Eisenhower today deplored a "grim forecast" that 390 Americans will die in Labor Day week end traffic accidents. He appealed for safe holiday driving.

"Let's fool the experts," the President said. "Let's all be alive next Tuesday."

Eisenhower issued this statement at the summer White House:

"A year ago, at this time, 405 men, women and children, along with millions of other Americans, were looking forward to summer's last big outing — the Labor Day week end. Three days later, these 405 were dead.

"They died in holiday traffic accidents just as similar accidents had taken 480 lives the year before, and 461 the year before that.

"I have just been given a grim forecast. The experts say that, over this Labor Day week end, before our people go back to work on Tuesday, 390 people will lose their lives in this needless way.

"Do we have to let this happen? Have we reached the point where we are helpless in the face of a prediction that almost 400 of us will kill ourselves or someone else over a weekend?

"To everyone who gets behind a steering wheel during the Labor Day weekend I make this appeal:

"Let's be careful this weekend. Let's stay alert. Let's remember the simple rules of the road. Let's fool the experts. Let's all be alive next Tuesday."

Death Penalty For Espionage Bill Is Signed

Peacetime Maximum Sentence Is Raised From 30-Year Term

DENVER, Sept. 3 (AP)—President Eisenhower today signed legislation authorizing the death penalty for peacetime espionage—a crime punishable heretofore by a maximum jail sentence of 30 years.

The bill Eisenhower wrote into law at the summer White House was next to the last of a series of anti - Communist and subversion control measures requested by the administration and approved by the President.

Still to be signed—and the President has announced he will do so—is a bill which would strip citizenship from those advocating overthrow of the government by force and violence.

Approval of the espionage bill and 10 other pieces of legislation today brought to 485 the total number of bills Eisenhower has signed since the start of his Colorado vacation Aug. 21. He has killed 22 by pocket veto.

Seven Bills Are Left

The President's latest action left only seven bills on his desk awaiting action. An aide said Eisenhower would dispose of those by tomorrow.

Among them is an appropriation bill carrying $2,781,499,816 in foreign aid funds to help bolster the free world against Communist aggression. James C. Hagerty, White House press secretary, said that is $657,049,989 less than the administration requested.

In other developments at the President's working vacation headquarters today:

1. Eisenhower signed an executive order designed to clarify and strengthen provisions of the standard hiring and firing nondiscrimination clause included in government contracts with private industry. The new language to be included in such contracts more specifically defines prohibited employment practices based on race, color, religion or national origin.

2. The President issued an appeal for safe driving over the Labor Day weekend. He deplored what he termed a "grim forecast" by experts that 390 Americans will lose their lives in traffic accidents over the holiday, and declared: "Let's fool the experts. Let's all be alive next Tuesday."

Complete Arrangements

3. The summer White House completed arrangements for Eisenhower's flying survey tomorrow of reclamation projects in Colorado, Wyoming, Nebraska and Kansas. It announced that Secretary of the Interior McKay will join the President and Secretary of Agriculture Benson on the flight. Eisenhower will make three stops and speak informally in Grand Junction, Colo., Casper, Wyo., and McCook, Neb.

He also will have an opportunity to do some political handshaking with Republican candidates for congressional and state offices with the November elections coming on.

Police And Pickets Clash At Detroit

DETROIT, Sept. 3 (AP)—A clash between police and pickets at the strike-bound Detroit plant of the Square D Co. culminated today in a court order that limits the number of pickets to five in the future.

Around 60 policemen and 200 pickets became involved in a melee at the plant gates as more than 70 employes answered a company back-to-work order today. A policeman, a picket and a 62-year-old woman employe were hurt, none seriously.

Terrorist Leader Killed By British

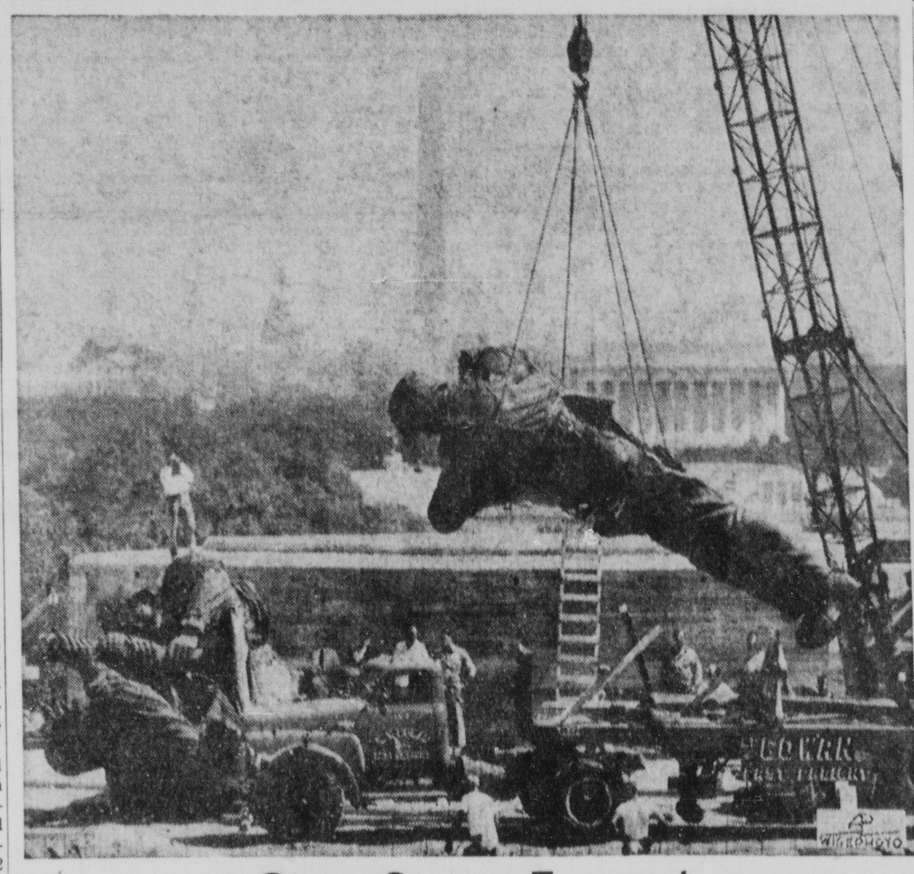

NAIROBI, Kenya, Sept. 3 (AP)—"General" Kirito Ole Kisio, third in command of the Mau Mau terrorists, has been killed in an ambush by British troops, the colonial government said today.

This was described as the most severe blow to the Mau Mau since the capture of "General China" early this year.

Kirito, a reputed crackshot who spent four years in the British army during World War II, was charged with being responsible for many murders.

Plan Poland Tour

LONDON, Sept. 3 (AP) — Four Labor party members of Parliament left London by air today for a two-week tour of Communist Poland.

Giant Statue Erected

Dwarfing the trucks that brought them to Washington are sections of the 100-ton bronze statue depicting the famed photograph of the flag raising on Iwo Jima. A gift to the American people by Marine Corps personnel, the statue will be set upon a concrete pedestal on the Virginia side of the Potomac River.

Garcia, Dulles To Begin Talks On Philippines

MANILA, Saturday, Sept. 4 (AP)—Foreign affairs chiefs of the United States and the Philippine Islands today begin a series of conferences aimed at deciding one vital question: How quickly will Uncle Sam come running if the Philippines are attacked again?

The conferences between U. S. Secretary of State Dulles and Carlos P. Garcia, Philippines vice president and foreign minister, will be preliminary to the Southeast Asia security conference beginning Monday.

Dulles, who arrived late yesterday, and Garcia meet as the Philippine-United States Council, established under provisions of the mutual defense treaty signed Aug. 30, 1951.

Garcia is expected to ask Dulles to guarantee immediate U. S. retaliatory action — without waiting for Congress to act—in the event of attack upon the Philippines.

If Garcia gets the commitment he wants, the Philippines are expected to soft pedal their demands for an Asian equivalent of the North Atlantic Treaty Organization when the eight-nation security conference opens here Monday. The Philippines have been leaders in the move for a collective security pact for Southeast Asia.

Dulles, in a brief statement last night, described the forthcoming security conference as "one of the most important international conferences of our time."

Shortly after his arrival, Dulles called to pay his respects to President Ramon Magsaysay. It was Magsaysay who invited Southeast Asia governments to participate in a conference aimed at halting Communist aggression in this area.

Britain, Australia, New Zealand, Pakistan, Thailand, France and the United States accepted the invitation. India, Ceylon, Burma and Indonesia did not. But despite their absence, delegates here are optimistic that this conference will lead to an Asian organization which will be a bulwark to the free world.

Spy Net Broken By Greek Police

ATHENS, Greece, Sept. 3 (AP) — Premier Marshal Alexander Papagos announced tonight the shattering of a Communist espionage network directed against Greece and her allies.

He called it "the greatest success" scored against communism here since the end of the Greek civil war in 1949.

A prepared government statement, however, listed few details and did not give the number arrested, the manner of the operation, or say how the plot was uncovered.

Basil Vrachnos, undersecretary of the Ministry of Interior in charge of security, said details will be given at a news conference tomorrow.

Papagos described the action as a service to Greece and the free world.

Eugene Pallette, Veteran Actor, Succumbs At 65

LOS ANGELES, Sept. 3 (AP) — Eugene Pallette, 65, portly veteran of hundreds of movies, died of cancer today at his home after a long illness.

Retired for eight years, he was known for his nimble wit and foghorn voice. Camera crews often had to tune down the microphones when he delivered his lines.

Born at Winfield, Kan., he started as an extra when films were in their infancy but by 1916 was playing big roles in films with such stars as Norma Talmadge.

At first he was cast as a leading man but as his girth increased he turned to character portrayals.

Among his films were "Mr. Smith Goes to Washington," "One Hundred Men and a Girl," "My Man Godfrey," "The Three Musketeers" and "Suspense."

He is survived by his widow, Marjorie.

Use A-Bombs, General States

DAYTON, Ohio, Sept. 3 (AP)—A top-ranking Air Force officer took the position tonight that the United States must reply with atomic bombs to any sudden attack, without waiting to see what weapons the enemy has chosen.

Gen. Thomas D. White, vice chief of staff for the USAF, in an address prepared for a meeting of the Aircraft Industries Assn., said talk that the United States might not dare use its atomic weapons comforts would-be aggressors.

He said:

"Unintentionally weakening the strength of our position are some well-meaning persons who, appalled at the power of modern weapons and worried lest they be used against us, have supported the idea that we not use them in case of war.

"I can not agree with those who propose that we voluntarily give up our most powerful weapons, without reliable guarantees that aggressor nations will do the same.

"To be the first and only nation to disarm would be to invite attack and probably defeat of our forces and our allies by overwhelmingly superior air and ground forces of aggression which are arrayed against us."

Michigan Governor Proclaims Emergency

DETROIT, Sept. 3 (AP)—Gov. G. Mennen Williams proclaimed a state of emergency today as Michigan launched an intensive campaign to keep its highway traffic toll at a minimum over the holiday weekend.

The governor's order was issued so 668 National Guard military policemen could be called up for emergency duty to aid regular police in patrolling highways.

State police said various police units will use nearly 500 patrol cars, plus seven airplanes and two helicopters in their weekend war against reckless drivers.

U. S., Foreign Companies Get Railway Order

WASHINGTON, Sept. 3 (AP)—The Foreign Operations Administration announced today a 50-50 split of a big railway equipment order between low - bidding foreign producers and American firms whose offers ranged up to twice the foreign bids.

Foreign Aid Director Harold E. Stassen, telling a news conference of the "decision in principle," said its effect would be to add about seven million dollars to the estimated 20-million-dollar cost of 100 locomotives and 5,000 freight cars for India.

Depressed employment in the U. S. railway equipment industry, Stassen said, was the determining consideration. American manufacturers and labor unions have been clamoring for the business.

Stassen said half the locomotives will be ordered from a Japanese firm, half from an American company. The low bidder is the Japanese Rolling Stock Export Co. of Tokyo, which asked $81,470 per locomotive. The only American bidder is Baldwin-Lima-Hamilton Corp. of Philadelphia, which set a figure of $178,200.

It was not immediately clear what firms would participate in the contracts for railway cars. These bids were complicated by separate offers on various components of the cars and by figures keyed to the number of units to be manufactured. Among the lower bidders were Japanese, British and Belgian firms.

Stassen said "some of the railroad car orders may go to some European countries."

Splitting of the multimillion dollar order does not establish a new pattern for FOA procurement, Stassen said, but in the future also the employment situation in the United States will be considered in granting contracts.

Widow Aided Soviet Agent In Australia

Rose-Marie Ollier Was Suspended From Her Job Last May

SYDNEY, Australia, Sept. 3 (AP)—France's former vice consul in Australia, a vivacious 45-year-old widow who worked for the French resistance in World War II, has been arrested on charges of aiding the one-time Soviet agent Vladimir Petrov.

French Ambassador Louis Roche, disclosing the arrest, said Mrs. Rose-Marie Ollier gave vital information on Australian arms shipments to Indochina to Petrov while he was head of a Soviet espionage ring in this country.

Suspended From Job

Roche said Mrs. Ollier was suspended from her job in May and sent to Noumea, on New Caledonia a French Island 900 miles east of Australia, where one of her two sons attends college. She was visiting him when French authorities took her into custody 12 days ago.

Mrs. Ollier, described as a short, vivacious woman, is a law and political science graduate who began working for the French government in Syria in 1934. She is currently held at Noumea to be returned to France by ship.

Petrov is the former third secretary of the Soviet Embassy who obtained asylum in Australia last spring with an offer to disclose the Soviet spy network in that country. A transcript of his testimony at the Royal Espionage Commission secret hearing on Mrs. Ollier's case, held in Melbourne July 20, was released today.

Petrov declared Mrs. Ollier told him of Australian shipments to French authorities in Indochina at seven or eight meetings, the last on March 8 this year. He said her code name in Soviet dispatches was "Olga" and that he had passed on her information to Moscow.

Bought From MVD Funds

Both Petrov and his wife told the commission that Mrs Ollier had been given a wristwatch worth $78.75 bought from Soviet MVD funds.

Born Rose-Marie Zoe Emma Marthe Pietri, Mrs. Ollier was married to a French diplomat who died many years ago in the Middle East. After her husband's death she brought up and educated her sons, Francois and Philippe, who have been at school at Noumea and Paris since she came to Australia about six years ago.

In the fighting between Allied and Vichy forces during World War II, she joined the Free French government under Gen. Charles de Gaulle.

Commission Charges Israel Made Raid

JERUSALEM, Israeli Sector, Sept. 3 (AP) — The Jordan-Israeli Mixed Armistice Commission charged today that a battalion of Israeli soldiers raided Jordan territory Wednesday night near Latrun. The commission condemned Israel for what it called "a most flagrant violation of the general armistice agreement."

Jordanian delegates to the commission and the U.N. chairman reached the decision. Israel has boycotted the commission for months, contending it is biased.

The commission resolution said three Arab legionnaires were killed in the clash. Four legionnaires and a 71-year-old woman were wounded and three other legionnaires were captured.

Royal Cruise Among Greek Isles Ends--No Romances

NAPLES, Italy, Sept. 3 (AP) — A voyage of kings, queens, princes and princesses among the magic isles of Greece ended today with a King's word that it was a royal success—but without romance.

"I will take this chance to tell the world that this cruise was wonderful," said King Paul of Greece, the host.

With his dark-eyed Queen Frederika on his arm, he left the white ship Agamemnon after waving goodby to some 70 members of Europe's royalty. The party boarded the ship in Naples 12 days ago for the cruise.

"It's too bad it was so short," King Paul said. "But you can imagine these things are terribly expensive. I would have liked to have made it last a whole month."

Stories of royal romances had been reported during the cruise, but the King said the stories were false.

"Nothing like that is true," he declared. "Actually, as a matter of fact, there is nothing to it, and I am glad to announce it officially. No engagements have been arranged or announced.

"The only true fact is that we all left the ship greater friends than we were when we started."

Queen Frederika smiled and added:

"Only God knows what may happen. Personally I do hope that something of the sort happens."

She would say no more.

Rumors had linked the names of Maria Pia of Savoy, daughter of ex-King Umberto of Italy, and Prince Wolf Heinrich of Hannover. A spokesman for the Italian royal family yesterday termed reports in the Italian press of such a romance "irresponsible journalism."

Juan Carlos de Bourbon, pretender to the Spanish throne, shook his head sagely and said:

"It was just a family meeting. Parents and relatives were looking on all the time. There wasn't any privacy for such things."

"They died in holiday traffic accidents just as similar accidents had taken 480 lives the year before, and 461 the year before that.

"I have just been given a grim forecast. The experts say that, over this Labor Day week end, before our people go back to work on Tuesday, 390 people will lose their lives in this needless way.

"Do we have to let this happen? Have we reached the point where we are helpless in the face of a prediction that almost 400 of us will kill ourselves or someone else over a weekend?

"To everyone who gets behind a steering wheel during the Labor Day weekend I make this appeal:

"Let's be careful this weekend. Let's stay alert. Let's remember the simple rules of the road. Let's fool the experts. Let's all be alive next Tuesday."

Death Penalty For Espionage Bill Is Signed

Peacetime Maximum Sentence Is Raised From 30-Year Term

DENVER, Sept. 3 (AP)—President Eisenhower today signed legislation authorizing the death penalty for peacetime espionage—a crime punishable heretofore by a maximum jail sentence of 30 years.

The bill Eisenhower wrote into law at the summer White House was next to the last of a series of anti - Communist and subversion control measures requested by the administration and approved by the President.

Still to be signed—and the President has announced he will do so—is a bill which would strip citizenship from those advocating overthrow of the government by force and violence.

Approval of the espionage bill and 10 other pieces of legislation today brought to 485 the total number of bills Eisenhower has signed since the start of his Colorado vacation Aug. 21. He has killed 22 by pocket veto.

Seven Bills Are Left

The President's latest action left only seven bills on his desk awaiting action. An aide said Eisenhower would dispose of those by tomorrow.

Among them is an appropriation bill carrying $2,781,499,816 in foreign aid funds to help bolster the free world against Communist aggression. James C. Hagerty, White House press secretary, said that is $657,049,989 less than the administration requested.

In other developments at the President's working vacation headquarters today:

1. Eisenhower signed an executive order designed to clarify and strengthen provisions of the standard hiring and firing nondiscrimination clause included in government contracts with private industry. The new language to be included in such contracts more specifically defines prohibited employment practices based on race, color, religion or national origin.

2. The President issued an appeal for safe driving over the Labor Day weekend. He deplored what he termed a "grim forecast" by experts that 390 Americans will lose their lives in traffic accidents over the holiday, and declared: "Let's fool the experts. Let's all be alive next Tuesday."

Complete Arrangements

3. The summer White House completed arrangements for Eisenhower's flying survey tomorrow of reclamation projects in Colorado, Wyoming, Nebraska and Kansas. It announced that Secretary of the Interior McKay will join the President and Secretary of Agriculture Benson on the flight. Eisenhower will make three stops and speak informally in Grand Junction, Colo., Casper, Wyo., and McCook, Neb.

He also will have an opportunity to do some political handshaking with Republican candidates for congressional and state offices with the November elections coming on.

Police And Pickets Clash At Detroit

DETROIT, Sept. 3 (AP)—A clash between police and pickets at the strike-bound Detroit plant of the Square D Co. culminated today in a court order that limits the number of pickets to five in the future.

Around 60 policemen and 200 pickets became involved in a melee at the plant gates as more than 70 employes answered a company back-to-work order today. A policeman, a picket and a 62-year-old woman employe were hurt, none seriously.

Terrorist Leader Killed By British

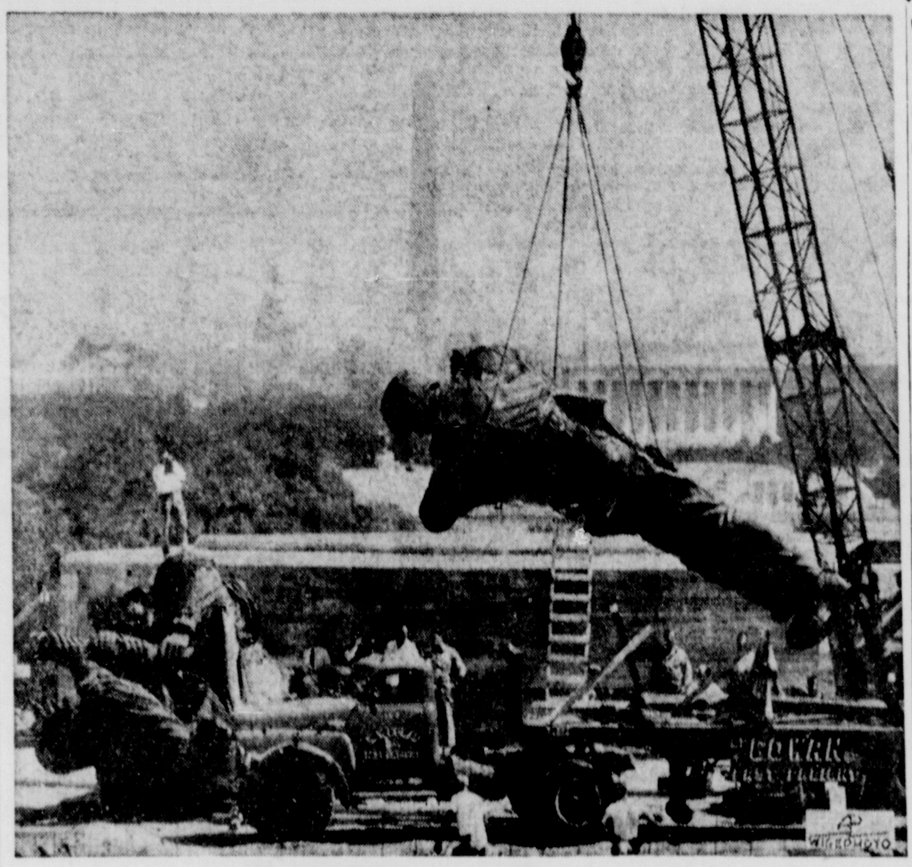

NAIROBI, Kenya, Sept. 3 (AP)—"General" Kirito Ole Kisio, third in command of the Mau Mau terrorists, has been killed in an ambush by British troops, the colonial government said today.

This was described as the most severe blow to the Mau Mau since the capture of "General China" early this year.

Kirito, a reputed crackshot who spent four years in the British army during World War II, was charged with being responsible for many murders.

Plan Poland Tour

LONDON, Sept. 3 (AP) — Four Labor party members of Parliament left London by air today for a two-week tour of Communist Poland.

Giant Statue Erected

Dwarfing the trucks that brought them to Washington are sections of the 100-ton bronze statue depicting the famed photograph of the flag raising on Iwo Jima. A gift to the American people by Marine Corps personnel, the statue will be set upon a concrete pedestal on the Virginia side of the Potomac River.

Garcia, Dulles To Begin Talks On Philippines

MANILA, Saturday, Sept. 4 (AP)—Foreign affairs chiefs of the United States and the Philippine Islands today begin a series of conferences aimed at deciding one vital question: How quickly will Uncle Sam come running if the Philippines are attacked again?

The conferences between U. S. Secretary of State Dulles and Carlos P. Garcia, Philippines vice president and foreign minister, will be preliminary to the Southeast Asia security conference beginning Monday.

Dulles, who arrived late yesterday, and Garcia meet as the Philippine-United States Council, established under provisions of the mutual defense treaty signed Aug. 30, 1951.

Garcia is expected to ask Dulles to guarantee immediate U. S. retaliatory action — without waiting for Congress to act—in the event of attack upon the Philippines.

If Garcia gets the commitment he wants, the Philippines are expected to soft pedal their demands for an Asian equivalent of the North Atlantic Treaty Organization when the eight-nation security conference opens here Monday. The Philippines have been leaders in the move for a collective security pact for Southeast Asia.

Dulles, in a brief statement last night, described the forthcoming security conference as "one of the most important international conferences of our time."

Shortly after his arrival, Dulles called to pay his respects to President Ramon Magsaysay. It was Magsaysay who invited Southeast Asia governments to participate in a conference aimed at halting Communist aggression in this area.

Britain, Australia, New Zealand, Pakistan, Thailand, France and the United States accepted the invitation. India, Ceylon, Burma and Indonesia did not. But despite their absence, delegates here are optimistic that this conference will lead to an Asian organization which will be a bulwark to the free world.

Spy Net Broken By Greek Police

ATHENS, Greece, Sept. 3 (AP) — Premier Marshal Alexander Papagos announced tonight the shattering of a Communist espionage network directed against Greece and her allies.

He called it "the greatest success" scored against communism here since the end of the Greek civil war in 1949.

A prepared government statement, however, listed few details and did not give the number arrested, the manner of the operation, or say how the plot was uncovered.

Basil Vrachnos, undersecretary of the Ministry of Interior in charge of security, said details will be given at a news conference tomorrow.

Papagos described the action as a service to Greece and the free world.

Eugene Pallette, Veteran Actor, Succumbs At 65

LOS ANGELES, Sept. 3 (AP) — Eugene Pallette, 65, portly veteran of hundreds of movies, died of cancer today at his home after a long illness.

Retired for eight years, he was known for his nimble wit and foghorn voice. Camera crews often had to tune down the microphones when he delivered his lines.

Born at Winfield, Kan., he started as an extra when films were in their infancy but by 1916 was playing big roles in films with such stars as Norma Talmadge.

At first he was cast as a leading man but as his girth increased he turned to character portrayals.

Among his films were "Mr. Smith Goes to Washington," "One Hundred Men and a Girl," "My Man Godfrey," "The Three Musketeers" and "Suspense."

He is survived by his widow, Marjorie.

Use A-Bombs, General States

DAYTON, Ohio, Sept. 3 (AP)—A top-ranking Air Force officer took the position tonight that the United States must reply with atomic bombs to any sudden attack, without waiting to see what weapons the enemy has chosen.

Gen. Thomas D. White, vice chief of staff for the USAF, in an address prepared for a meeting of the Aircraft Industries Assn., said talk that the United States might not dare use its atomic weapons comforts would-be aggressors.

He said:

"Unintentionally weakening the strength of our position are some well-meaning persons who, appalled at the power of modern weapons and worried lest they be used against us, have supported the idea that we not use them in case of war.

"I can not agree with those who propose that we voluntarily give up our most powerful weapons, without reliable guarantees that aggressor nations will do the same.

"To be the first and only nation to disarm would be to invite attack and probably defeat of our forces and our allies by overwhelmingly superior air and ground forces of aggression which are arrayed against us."

Michigan Governor Proclaims Emergency

DETROIT, Sept. 3 (AP)—Gov. G. Mennen Williams proclaimed a state of emergency today as Michigan launched an intensive campaign to keep its highway traffic toll at a minimum over the holiday weekend.

The governor's order was issued so 668 National Guard military policemen could be called up for emergency duty to aid regular police in patrolling highways.

State police said various police units will use nearly 500 patrol cars, plus seven airplanes and two helicopters in their weekend war against reckless drivers.

U. S., Foreign Companies Get Railway Order

WASHINGTON, Sept. 3 (AP)—The Foreign Operations Administration announced today a 50-50 split of a big railway equipment order between low - bidding foreign producers and American firms whose offers ranged up to twice the foreign bids.

Foreign Aid Director Harold E. Stassen, telling a news conference of the "decision in principle," said its effect would be to add about seven million dollars to the estimated 20-million-dollar cost of 100 locomotives and 5,000 freight cars for India.

Depressed employment in the U. S. railway equipment industry, Stassen said, was the determining consideration. American manufacturers and labor unions have been clamoring for the business.

Stassen said half the locomotives will be ordered from a Japanese firm, half from an American company. The low bidder is the Japanese Rolling Stock Export Co. of Tokyo, which asked $81,470 per locomotive. The only American bidder is Baldwin-Lima-Hamilton Corp. of Philadelphia, which set a figure of $178,200.

It was not immediately clear what firms would participate in the contracts for railway cars. These bids were complicated by separate offers on various components of the cars and by figures keyed to the number of units to be manufactured. Among the lower bidders were Japanese, British and Belgian firms.

Stassen said "some of the railroad car orders may go to some European countries."

Splitting of the multimillion dollar order does not establish a new pattern for FOA procurement, Stassen said, but in the future also the employment situation in the United States will be considered in granting contracts.

Widow Aided Soviet Agent In Australia

Rose-Marie Ollier Was Suspended From Her Job Last May

SYDNEY, Australia, Sept. 3 (AP)—France's former vice consul in Australia, a vivacious 45-year-old widow who worked for the French resistance in World War II, has been arrested on charges of aiding the one-time Soviet agent Vladimir Petrov.

French Ambassador Louis Roche, disclosing the arrest, said Mrs. Rose-Marie Ollier gave vital information on Australian arms shipments to Indochina to Petrov while he was head of a Soviet espionage ring in this country.

Suspended From Job

Roche said Mrs. Ollier was suspended from her job in May and sent to Noumea, on New Caledonia a French Island 900 miles east of Australia, where one of her two sons attends college. She was visiting him when French authorities took her into custody 12 days ago.

Mrs. Ollier, described as a short, vivacious woman, is a law and political science graduate who began working for the French government in Syria in 1934. She is currently held at Noumea to be returned to France by ship.

Petrov is the former third secretary of the Soviet Embassy who obtained asylum in Australia last spring with an offer to disclose the Soviet spy network in that country. A transcript of his testimony at the Royal Espionage Commission secret hearing on Mrs. Ollier's case, held in Melbourne July 20, was released today.

Petrov declared Mrs. Ollier told him of Australian shipments to French authorities in Indochina at seven or eight meetings, the last on March 8 this year. He said her code name in Soviet dispatches was "Olga" and that he had passed on her information to Moscow.

Bought From MVD Funds

Both Petrov and his wife told the commission that Mrs Ollier had been given a wristwatch worth $78.75 bought from Soviet MVD funds.

Born Rose-Marie Zoe Emma Marthe Pietri, Mrs. Ollier was married to a French diplomat who died many years ago in the Middle East. After her husband's death she brought up and educated her sons, Francois and Philippe, who have been at school at Noumea and Paris since she came to Australia about six years ago.

In the fighting between Allied and Vichy forces during World War II, she joined the Free French government under Gen. Charles de Gaulle.

Commission Charges Israel Made Raid

JERUSALEM, Israeli Sector, Sept. 3 (AP) — The Jordan-Israeli Mixed Armistice Commission charged today that a battalion of Israeli soldiers raided Jordan territory Wednesday night near Latrun. The commission condemned Israel for what it called "a most flagrant violation of the general armistice agreement."

Jordanian delegates to the commission and the U.N. chairman reached the decision. Israel has boycotted the commission for months, contending it is biased.

The commission resolution said three Arab legionnaires were killed in the clash. Four legionnaires and a 71-year-old woman were wounded and three other legionnaires were captured.

American Cooking Is Equal Or Better Than Elsewhere

WASHINGTON, Sept. 3 (AP) — American cooking, a group of experts proudly announced today, now has reached the spot where it equals or surpasses anything produced anywhere else in the world.

"Once they thought of us abroad as a country of hamburgers and frankfurters," said chef Peter R. Berrini of Worcester, Mass. "Now they know better."

The reason for this international cuisine aboutface: American chefs, competing in Switzerland, came in second, only a point behind first place Germany.

This triumph, scored only last week, is being properly celebrated by 200 of the nation's top chefs, here for the 25th anniversary convention of the American Culinary Federation.

Berrini, a member of the federation's board of directors, said the American showing was a terrific shock to European epicures, who have always felt they had the only proper training grounds for topflight chefs.

"And the best of it is," Berrini said, "the man who won the most points is a chef from right here in Washington, who was trained right here in this country."

Here he got hold of Clement Maggia, the star of the U.S. team, who produced for the European judges, among other wonders, a cake six feet tall.

A picture of this prize winner was available, and it showed a monstrously big cake, its base edged in American Beauty roses above which was a book entitled "Freedom" with a bald eagle on top it all.

"It's so easy now," said Hermann J. Rusch, president of the Society Culinaire Philanthropique of New York. "Not like it was when I was learning in Switzerland. Fifteen, 16 hours a day, and then from 15 to 25 years before you became a chef. Now it's fast, and the pay is good."

Chefs not only like to cook; they also like to eat. And before they broke it up to dine on brook trout stuffed with crab, they all seemed to agree with Rusch.

"If I came back to this world," he said, "I'd like to be a chef again and again and again."

Royal Cruise Among Greek Isles Ends--No Romances

NAPLES, Italy, Sept. 3 (AP) — A voyage of kings, queens, princes and princesses among the magic isles of Greece ended today with a King's word that it was a royal success—but without romance.

"I will take this chance to tell the world that this cruise was wonderful," said King Paul of Greece, the host.

With his dark-eyed Queen Frederika on his arm, he left the white ship Agamemnon after waving goodby to some 70 members of Europe's royalty. The party boarded the ship in Naples 12 days ago for the cruise.

"It's too bad it was so short," King Paul said. "But you can imagine these things are terribly expensive. I would have liked to have made it last a whole month."

Stories of royal romances had been reported during the cruise, but the King said the stories were false.

"Nothing like that is true," he declared. "Actually, as a matter of fact, there is nothing to it, and I am glad to announce it officially. No engagements have been arranged or announced.

"The only true fact is that we all left the ship greater friends than we were when we started."

Queen Frederika smiled and added:

"Only God knows what may happen. Personally I do hope that something of the sort happens."

She would say no more.

Rumors had linked the names of Maria Pia of Savoy, daughter of ex-King Umberto of Italy, and Prince Wolf Heinrich of Hannover. A spokesman for the Italian royal family yesterday termed reports in the Italian press of such a romance "irresponsible journalism."

Juan Carlos de Bourbon, pretender to the Spanish throne, shook his head sagely and said:

"It was just a family meeting. Parents and relatives were looking on all the time. There wasn't any privacy for such things."

Chinese Reds Bombard Two National Isles

TAIPEH, Formosa, Saturday, Sept. 4 (AP)—Communist Chinese artillery yesterday bombarded two Nationalist-held islands off the China coast for more than five hours.

A Nationalist government communique said about 5,000 shells were fired at Quemoy and Little Quemoy. Casualties were listed as light—three killed, two seriously wounded, five slightly wounded.

The attack immediately raised speculation here whether it presaged an attempt to seize the two islands or was for political purposes only. Unofficial quarters regarded it mostly as an effort to inject disharmony into the Southeast Asia security conference which opens in Manila Monday.

Quemoy Island, a Nationalist strongpoint, is seven miles east of Amoy, Red-held island city just off the China mainland. Little Quemoy is only five miles east of Amoy. The Nationalist and Red holdings thus are within easy artillery range of one another.

The U. S. 7th Fleet is assigned to guard Formosa, the Nationalist China stronghold, against invasion. Formosa is 100 miles east of Quemoy, across Formosa Strait.

Yesterday's attack was described in a Nationalist communique as the heaviest since the Reds tried unsuccessfully to seize Quemoy in October 1949. The Reds suffered heavy losses in that assault.

The artillery attack began about 3 p.m. (2 a.m., EST, Friday). Nationalist artillery immediately responded. Five hours and 15 minutes later the Red guns fell silent, the communique said, "under our heavy artillery pressure."

Most of the enemy shells fell into the sea, the communiqque said. It referred to the attack as a "bandit challenge which had been reckoned as probable."

The Nationalist government did not seem too concerned about the possibility of a Red attempt to capture Quemoy.

Fleming Termed Good Officer

FT. SHERIDAN, Ill., Sept. 3 (AP)—A defense witness in the court-martial trial of Lt. Col. Harry Fleming today termed the artillery officer "the type of officer that our government can be proud of."

Col. John F. Ahlert, retired, of Temple, Tex., under whom Fleming once served, said it was "unthinkable" that the accused officer would be sympathetic to communism.

Ahlert was called as the first witness for Fleming, who is accused of collaborating with the enemy during his three years in a North Korean prison camp. Fleming is the first American Army officer to be tried for behaviour as a POW in Korea.

Fleming has denied the charge. His defense is that any questionable acts he may have committed while senior American officer in the prison camp was for the benefit of his half-starved fellow prisoners. Ahlert, 64, chief of the Wisconsin Military District from 1946 to 1950 when he retired, was called by the defense after Army prosecutors succeeded in introducing as evidence tape recordings of broadcasts from a North Korean radio station in 1951.

Helps Polio Fight, Contracts Disease

GREENWOOD, Miss., Sept. 3 (AP)—Ten-year-old Patsy Fisher and her 7-year-old sister sold old comic books on the street last week.

They collected $5.86 and gave it to the emergency March of Dimes campaign.

Today, Patsy's doctor said she had polio and she was taken to the Vicksburg Polio Center.

Long Labor Holiday Weekend Begins

BALTIMORE, Sept. 3 (AP)—Nearly all state and city offices, banks and other businesses will be closed over the long Labor Day holiday weekend, beginning tomorrow and running through Monday.

Gov. McKeldin has declared tomorrow a legal holiday.

Queen Annes Co. Has 35 Voting Machines Ready

CENTREVILLE, Md., Sept. 3 (AP)—Voting in Queen Annes County reached the machine age today with the delivery of 35 machines well in time for the November balloting.

The voting machines are the upshot of a protracted vote check that came after the Democratic campaign for governor.

George P. Mahoney in his unsuccessful bid to upset H. C. Byrd's victory, called for detailed examination of ballots in several counties, including Queen Annes.

It took three weeks, including several night sessions, to 90 over 4,000 paper ballots.

Should there be a next time, the 35 machines, costing a total of $54,250, will eliminate all that. Eighteen of the $1,550 machines were delivered yesterday, the balance today.

Widow Sought For Testimony

RICHMOND, Va., Sept. 3 (AP)—The widow of a paraplegic war veteran who died last March when his car crashed into the side of his home near La Plata, Md., was taken before a Richmond court today to show cause why she should not be taken to Maryland as a material witness before a grand jury.

Mrs. Dorothy L. Hicks of Richmond was arrested by Richmond Sheriff James Young and taken before Judge J. H. Rives Jr. in Law and Equity Court.

The hearing was in progress behind closed doors late this afternoon.

The veteran, Louis A. Hicks, 34, was listed as a traffic fatality March 28 after his specially equipped auto crashed into the side of his La Plata home. Later, police said the throttle on Hicks's car had been taped wide open.

The request for her appearance before the Charles County, Md., Circuit Court grand jury came from J. Dudley Digges, associate judge of the 7th Judicial Circuit of Maryland. It asked that she appear before the grand jury for five days, beginning Sept. 7.

Actor Seeks Job By Publicity Stunt

HOLLYWOOD, Sept. 3 (AP)—An actor climbed to the roof of CBS Television City, chained himself to a fire escape and was calmly eating from a paper shopping bag and reading the book "Show Biz" when discovered.

"I don't want to die, I want to work," Vito Scotti said yesterday as he was hauled from the roof. He said he wanted to attract attention in order to get an appointment with a CBS programming official.

"A year and a half I've been waiting to play Luigi again," said Vito.

He played the role 12 weeks two seasons ago in "Life With Luigi" on TV. The show folded.

He went home after the 2½-hour escapade. He didn't get to see the programming executive.

Five Are Hurt As House Burns

BALTIMORE, Sept. 3 (AP)—A man and his wife were critically burned and three others hurt today when fire swept through a three-story rooming house on West Fayette St.

Two persons were injured when they jumped from second-floor windows as flames spread through the building.

A fireman was cut in the face as heat blew out a window while he was on a ladder.

Cause of the fire was not immediately determined. The building was comprised of three row houses with a single entrance. Firemen reported extensive fire and water damage.

Carried from the fire in critical condition were Harold Tillman, 34, and his wife, Lillian, 31.

World's Population Increase Skyrockets

ROME, Sept. 3 (AP)—At the present rate of population increase, all mankind could have descended from Adam and Eve in only 24 centuries, world scientists of 70 nations were told here today.

That would have placed the Garden of Eden back only to four centuries before Christ, whereas a report of the U.N. population division said "actually, it is known that human beings have peopled the earth for thousands of centuries."

The reason, the report said, is that never before in history has the world's population skyrocketed at anything like the present rate.

During the past 300 years, since 1650, the report showed, the world's population has increased by more than five times.

"And it appears that the epoch of accelerating world population growth, which can be traced back for 300 years, has not yet reached its climax," it said.

Five years ago the world's population gain was estimated at 25 million a year. Now, the scientists were told, it has risen to roughly 36½ million a year.

On the basis of a present population of 2½ billion, that means the world's population will double again in less than a century.

Of growth by continents the report noted:

"The population of Asia probably has grown the most steadily, though never at a very rapid rate.

"The population of Europe grew most rapidly in the latter half of the 19th century, but somewhat less rapidly in more recent times.

"Whether the population of Africa before 1850 was increasing or not cannot now be known, but it is most probable that substantial growth has begun only in recent times.

"The growth of the combined population of the Americas during the past 200 years has been prodigious, but whereas North American population grew most rapidly between 1750 and 1900, its rate of growth has more recently been surpassed by Latin America."

The report said that although there has been some increase in world birth rate over the past centuries, the greatest factor in the present increase of world population can be attributed to the progress of science in prolonging life.

Two Soviet scientists, T. V. Tyabushkin and L. U. Pissarev, said Russia has reduced her death rate to 8.9 per thousand — almost the lowest in the world — and predicted the Soviet Union will have a population of 290 million in 25 years.

These figures were received with some bluntly expressed skepticism by various Western scientists.

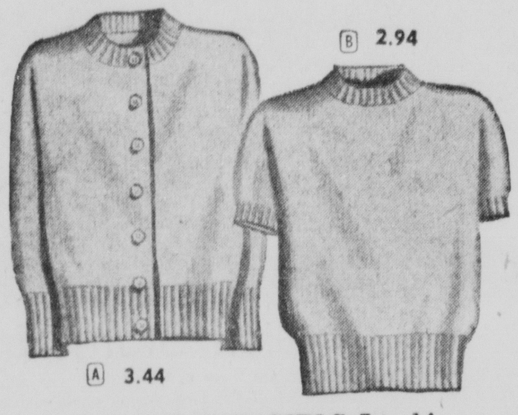

The Russians did not give present population figures. They did not cite a birth rate. But they reported:

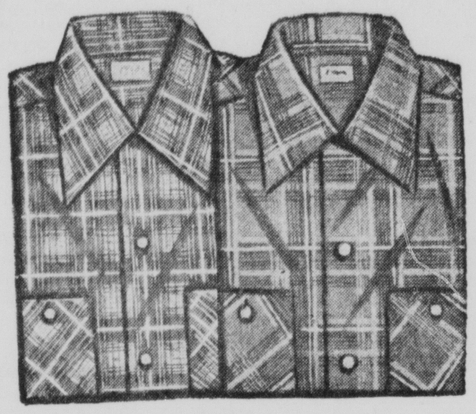

Soviet Russia is increasing her population by three million a year, and will reach 290 million by 1980. They estimated China's population by 1980 will reach 692 million.

Chinese Reds Bombard Two National Isles

TAIPEH, Formosa, Saturday, Sept. 4 (AP)—Communist Chinese artillery yesterday bombarded two Nationalist-held islands off the China coast for more than five hours.

The artillery attack began about 3 p.m. (2 a.m., EST, Friday). Nationalist artillery immediately responded. Five hours and 15 minutes later the Red guns fell silent, the communique said, "under our heavy artillery pressure."

Most of the enemy shells fell into the sea, the communiquue said. It referred to the attack as a "bandit challenge which had been reckoned as probable."

The Nationalist government did not seem too concerned about the possibility of a Red attempt to capture Quemoy.

Fleming Termed Good Officer

FT. SHERIDAN, Ill., Sept. 3 (AP)—A defense witness in the court-martial trial of Lt. Col. Harry Fleming today termed the artillery officer "the type of officer that our government can be proud of."

Col. John F. Ahlert, retired, of Temple, Tex., under whom Fleming once served, said it was "unthinkable" that the accused officer would be sympathetic to communism.

Ahlert was called as the first witness for Fleming, who is accused of collaborating with the enemy during his three years in a North Korean prison camp. Fleming is the first American Army officer to be tried for behaviour as a POW in Korea.

Fleming has denied the charge. His defense is that any questionable acts he may have committed while senior American officer in the prison camp was for the benefit of his half-starved fellow prisoners. Ahlert, 64, chief of the Wisconsin Military District from 1946 to 1950 when he retired, was called by the defense after Army prosecutors succeeded in introducing as evidence tape recordings of broadcasts from a North Korean radio station in 1951.

Helps Polio Fight, Contracts Disease

GREENWOOD, Miss., Sept. 3 (AP)—Ten-year-old Patsy Fisher and her 7-year-old sister sold old comic books on the street last week.

They collected $5.86 and gave it to the emergency March of Dimes campaign.

Today, Patsy's doctor said she had polio and she was taken to the Vicksburg Polio Center.

Long Labor Holiday Weekend Begins

BALTIMORE, Sept. 3 (AP)—Nearly all state and city offices, banks and other businesses will be closed over the long Labor Day holiday weekend, beginning tomorrow and running through Monday.

Gov. McKeldin has declared tomorrow a legal holiday.

Queen Annes Co. Has 35 Voting Machines Ready

CENTREVILLE, Md., Sept. 3 (AP)—Voting in Queen Annes County reached the machine age today with the delivery of 35 machines well in time for the November balloting.

The voting machines are the upshot of a protracted vote check that came after the Democratic campaign for governor.

George P. Mahoney in his unsuccessful bid to upset H. C. Byrd's victory, called for detailed examination of ballots in several counties, including Queen Annes.

It took three weeks, including several night sessions, to 90 over 4,000 paper ballots.

Should there be a next time, the 35 machines, costing a total of $54,250, will eliminate all that. Eighteen of the $1,550 machines were delivered yesterday, the balance today.

Widow Sought For Testimony

RICHMOND, Va., Sept. 3 (AP)—The widow of a paraplegic war veteran who died last March when his car crashed into the side of his home near La Plata, Md., was taken before a Richmond court today to show cause why she should not be taken to Maryland as a material witness before a grand jury.

Mrs. Dorothy L. Hicks of Richmond was arrested by Richmond Sheriff James Young and taken before Judge J. H. Rives Jr. in Law and Equity Court.

The hearing was in progress behind closed doors late this afternoon.

The veteran, Louis A. Hicks, 34, was listed as a traffic fatality March 28 after his specially equipped auto crashed into the side of his La Plata home. Later, police said the throttle on Hicks's car had been taped wide open.

The request for her appearance before the Charles County, Md., Circuit Court grand jury came from J. Dudley Digges, associate judge of the 7th Judicial Circuit of Maryland. It asked that she appear before the grand jury for five days, beginning Sept. 7.

Actor Seeks Job By Publicity Stunt

HOLLYWOOD, Sept. 3 (AP)—An actor climbed to the roof of CBS Television City, chained himself to a fire escape and was calmly eating from a paper shopping bag and reading the book "Show Biz" when discovered.

"I don't want to die, I want to work," Vito Scotti said yesterday as he was hauled from the roof. He said he wanted to attract attention in order to get an appointment with a CBS programming official.

"A year and a half I've been waiting to play Luigi again," said Vito.

He played the role 12 weeks two seasons ago in "Life With Luigi" on TV. The show folded.

He went home after the 2½-hour escapade. He didn't get to see the programming executive.

Five Are Hurt As House Burns

BALTIMORE, Sept. 3 (AP)—A man and his wife were critically burned and three others hurt today when fire swept through a three-story rooming house on West Fayette St.

Two persons were injured when they jumped from second-floor windows as flames spread through the building.

A fireman was cut in the face as heat blew out a window while he was on a ladder.

Cause of the fire was not immediately determined. The building was comprised of three row houses with a single entrance. Firemen reported extensive fire and water damage.

Carried from the fire in critical condition were Harold Tillman, 34, and his wife, Lillian, 31.

World's Population Increase Skyrockets

ROME, Sept. 3 (AP)—At the present rate of population increase, all mankind could have descended from Adam and Eve in only 24 centuries, world scientists of 70 nations were told here today.

That would have placed the Garden of Eden back only to four centuries before Christ, whereas a report of the U.N. population division said "actually, it is known that human beings have peopled the earth for thousands of centuries."

The reason, the report said, is that never before in history has the world's population skyrocketed at anything like the present rate.

During the past 300 years, since 1650, the report showed, the world's population has increased by more than five times.

"And it appears that the epoch of accelerating world population growth, which can be traced back for 300 years, has not yet reached its climax," it said.

Five years ago the world's population gain was estimated at 25 million a year. Now, the scientists were told, it has risen to roughly 36½ million a year.

On the basis of a present population of 2½ billion, that means the world's population will double again in less than a century.

Of growth by continents the report noted:

"The population of Asia probably has grown the most steadily, though never at a very rapid rate.

"The population of Europe grew most rapidly in the latter half of the 19th century, but somewhat less rapidly in more recent times.

"Whether the population of Africa before 1850 was increasing or not cannot now be known, but it is most probable that substantial growth has begun only in recent times.

"The growth of the combined population of the Americas during the past 200 years has been prodigious, but whereas North American population grew most rapidly between 1750 and 1900, its rate of growth has more recently been surpassed by Latin America."

The report said that although there has been some increase in world birth rate over the past centuries, the greatest factor in the present increase of world population can be attributed to the progress of science in prolonging life.

Two Soviet scientists, T. V. Tyabushkin and L. U. Pissarev, said Russia has reduced her death rate to 8.9 per thousand — almost the lowest in the world — and predicted the Soviet Union will have a population of 290 million in 25 years.

These figures were received with some bluntly expressed skepticism by various Western scientists.

The Russians did not give present population figures. They did not cite a birth rate. But they reported:

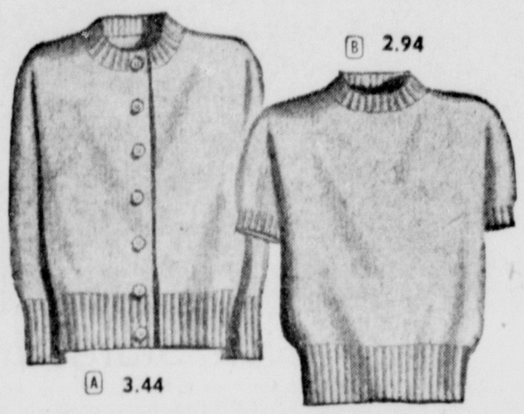

Soviet Russia is increasing her population by three million a year, and will reach 290 million by 1980. They estimated China's population by 1980 will reach 692 million.

Katharine Smith To Become Bride Of Henry W. Smith, Jr.

Miss Katharine Denniston Smith, daughter of Mr. and Mrs. Harold Watson Smith, 834 Windsor Road, The Dingle, will become the bride of Henry W. Price, Jr., son of Mr. and Mrs. Henry W. Price, 306 South Allegany Street, today.

The wedding ceremony is being solemnized at 2 p. m., in First Presbyterian Church, with Rev. Maurice D. Robertson officiating, assisted by Rev. William A. Eisenberger, Carlisle, Pa., former pastor.

Mrs. William B. Smith, III, Petersburg, Va., will be her sister-in-law's matron of honor, Mrs. Converse Owen Smith, Falmouth Foreside, Me., and Miss Mildred Preble, Washington, her bridesmaids.

Thomas John Price, Beaufort, N. C., is serving as his brother's best man, while William B. Smith, III, Petersburg; Converse Owen Smith, Falmouth Foreside, Duane R. Keller, Huntsville, Ala., and John Breakiron, Baltimore, are the ushers.

The bride, who is being given in marriage by her father, is wearing a waltz length gown of white organdy, with fingertip length veil held by a Juliette cap of organdy. Completing her costume, she is carrying a bouquet of sweetheart roses.

Her attendants' gowns are waltz length chiffon, with strapless bodice and full skirts. The matron of honor's is burnt orange and the bridesmaids' olive green. Their headdresses are small magnolia leaves formed into a Caesar wreath and they are carrying arrangements of magnolia leaves.

Mrs. Smith has chosen a periwinkle blue crepe dress for her daughter's wedding. With it she is wearing a mauve velvet hat, trimmed with peacock feathers, and has a purse corsage of sweetheart roses. Mrs. Price has a blue crepe dress, with buff colored hat, trimmed in sequins for the wedding. A corsage of yellow roses completes her costume.

The bride is a graduate of Allegany High School and the University of Maryland, where she received a Bachelor of Science degree. She is a member of Alpha Delta Pi. Prior to her marriage she was employed as home economist for the Frigidaire Sales Corporation of Baltimore.

The bridegroom is a graduate of Allegany High School and received his B.S., and M.S., degrees from the University of Maryland. He is a Phi Sigma Kappa. After serving in the Merchant Marine from 1945 to 1947, he returned to the university as assistant professor of electrical engineering. In addition to his academic duties, he is consulant to the Naval Ordnance Laboratory at Silver Spring.

Mr. and Mrs. Smith are entertaining with a wedding reception for their daughter and her bridal party, at the Ali Ghan Country Club, following the ceremony. The bridal motif is carried out in the tiered wedding cake, decorated with flowers.

For their wedding trip the bride is wearing a two tone gray suit with two tone gray hat trimmed in sequin, gray slippers and bag a gardenia corsage. Mr. Price and his bride will reside on Hopkins Avenue, College Park.

He served two years in the Army and is employed by the Cumberland Cement and Supply Company. Mr. Steiner is a member of the Cumberland Engineering Club and Maryland Association of Engineers.

Mr. and Mrs. Frobes are entertaining the bridal party and immediate families at a breakfast at the Cumberland Country Club followed by a wedding reception. The bridal motif is carried out in the white flowers and tiered wedding cake, topped with a miniature bride and bridegroom.

For traveling the bride is wearing a Navy blue nylon faille coat dress, with mauve hat trimmed in Navy blue, lizzard slippers and bag. An orchid corsage completes her costume.

Pink gladioli were used in the decorations for the rehearsal party held at the home of the bride, last evening.

GOP Women's Club Urged To Work For "More In '54"

Honor guests and new members were introduced, officers and chairmen announced and short talks given at the picnic dinner meeting of the Women's Republican Club of Cumberland, marking the beginning of activities after the summer recess.

Held at Constitution Park, Thursday evening, the meeting opened with the group joining hands and repeating the Lord's Prayer. Mrs. Paul Fletcher introduced the guests, Mrs. J. Glenn Beall, Mrs. DeWitt Hyde, Mrs. John Hall, chiarman of the Sixth District; Miss Katherine Close, president of the Frostburg club and Mrs. Lester Reed, Mrs. Fred Driscoll and Mrs. Noel S. Cook. The new members are Mrs. Morgan Smith, Mrs. Esther Evans, Mrs. Sarah Martin, Mrs. Wilda Hyde, Mrs. Thomas Wotring and Mrs. Sebrit J. O'Neal.

Mrs. Hall and Mrs. Hyde both gave brief talks on the coming election.

Mrs. Fletcher announced her chairmen. They are Mrs. Arthur Gibson, Telephone; Mrs. Frank Smith, Transportation; Mrs. Eloise Shaffer, News Letter; Mrs. John Lancaster, Education; Mrs. Lucile Roeder, Campaign; Mrs. Karl Bachman, Ways and Means; Mrs. Lester Reed, Legislation; Mrs. Jessie White, Sunshine; Mrs. Ethel Creighton, Music; Mrs. William Stricklin, Membership; Mrs. Hud Shank, Hospitality; Mrs. Earl Conn, Refreshments; Mrs. Alva Davis, Publicity. Mrs. Eunice Niland is treasurer; Miss Bessie Baird, corresponding secretary; Mrs. J. Albert Nichols, recording secretary; Mrs. James Norris, Mrs. Strickler and Mrs. George Barncord, Advisory board.

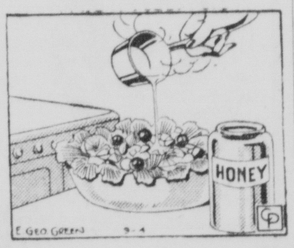

Reporting her first steps as Campaign chairman, Mrs. Roeder spoke of the new members and explained that now is the time to start precinct calls, discover who has not registered, provide voters with registration information, encourage them to register and see that they do. She emphasized the importance of a thorough canvass of every precinct during the month.

Explaining the keynote "More In '54" Mrs. Roeder pointed out it means more Republican senators and representatives in the next election to provide the President with a more substantial working majority in both branches of Congress. To the federation it means more members to carry on the work of the party and to the party, more voters to assure success to candidates in 1954. She also stressed that it means more patience, more understanding, more trust as the administration undertakes to counteract the New Deal philosophy, which, "threatened the financial solvency, inherent freedom, and Constitutional foundations of America."

Mrs. Lancaster reminded the group that October 2 is the last date for registering.

There were 89 women present. Mrs. Conn, Mrs. Earl Bruce and Mrs. P. A. Creighton were in charge of arrangements.

For traveling the bride is wearing a Navy blue nylon faille coat dress, with mauve hat trimmed in Navy blue, lizzard slippers and bag. An orchid corsage completes her costume.

Pink gladioli were used in the decorations for the rehearsal party held at the home of the bride, last evening.

GOP Women's Club Urged To Work For "More In '54"

Honor guests and new members were introduced, officers and chairmen announced and short talks given at the picnic dinner meeting of the Women's Republican Club of Cumberland, marking the beginning of activities after the summer recess.

Held at Constitution Park, Thursday evening, the meeting opened with the group joining hands and repeating the Lord's Prayer. Mrs. Paul Fletcher introduced the guests, Mrs. J. Glenn Beall, Mrs. DeWitt Hyde, Mrs. John Hall, chiarman of the Sixth District; Miss Katherine Close, president of the Frostburg club and Mrs. Lester Reed, Mrs. Fred Driscoll and Mrs. Noel S. Cook. The new members are Mrs. Morgan Smith, Mrs. Esther Evans, Mrs. Sarah Martin, Mrs. Wilda Hyde, Mrs. Thomas Wotring and Mrs. Sebrit J. O'Neal.

Mrs. Hall and Mrs. Hyde both gave brief talks on the coming election.

Mrs. Fletcher announced her chairmen. They are Mrs. Arthur Gibson, Telephone; Mrs. Frank Smith, Transportation; Mrs. Eloise Shaffer, News Letter; Mrs. John Lancaster, Education; Mrs. Lucile Roeder, Campaign; Mrs. Karl Bachman, Ways and Means; Mrs. Lester Reed, Legislation; Mrs. Jessie White, Sunshine; Mrs. Ethel Creighton, Music; Mrs. William Stricklin, Membership; Mrs. Hud Shank, Hospitality; Mrs. Earl Conn, Refreshments; Mrs. Alva Davis, Publicity. Mrs. Eunice Niland is treasurer; Miss Bessie Baird, corresponding secretary; Mrs. J. Albert Nichols, recording secretary; Mrs. James Norris, Mrs. Strickler and Mrs. George Barncord, Advisory board.

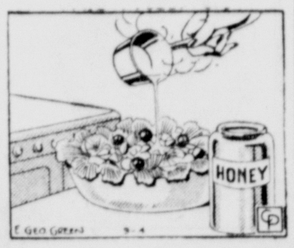

Reporting her first steps as Campaign chairman, Mrs. Roeder spoke of the new members and explained that now is the time to start precinct calls, discover who has not registered, provide voters with registration information, encourage them to register and see that they do. She emphasized the importance of a thorough canvass of every precinct during the month.

Explaining the keynote "More In '54" Mrs. Roeder pointed out it means more Republican senators and representatives in the next election to provide the President with a more substantial working majority in both branches of Congress. To the federation it means more members to carry on the work of the party and to the party, more voters to assure success to candidates in 1954. She also stressed that it means more patience, more understanding, more trust as the administration undertakes to counteract the New Deal philosophy, which, "threatened the financial solvency, inherent freedom, and Constitutional foundations of America."

Mrs. Lancaster reminded the group that October 2 is the last date for registering.

There were 89 women present. Mrs. Conn, Mrs. Earl Bruce and Mrs. P. A. Creighton were in charge of arrangements.

Delegates to the state KC convention to be held in Cumberland in June are Keegan and Kreidler with Arthur F. Young and Peter J. Carpenti as alternates.

Grand Knight Kreidler has announced his appointed committee chairmen in the KC six-point program.

John F. O'Rourke is general chairman, of the program and the six committee chairmen are J. Walter Kennedy, Catholic activity; Francis M. Ford, council activity; John B. Wolfhope, fraternal activity; Edward Lyons, membership, C. A. Lancaster, publicity, and Lawrence Geiger, youth activity.

Other individual chairmen appointed by Kreidler are Rev. Marius Elsener, pastor of SS. Peter and Paul Church, chaplain; J. Arthur McDade, bingo; Eugene Zembower, softball; C. William McDermott, bowling; Stanley R. Fretwell, shuffleboard; Francis M. Ford, dances, and Patrick J. Creegan, fun night in the lounge programs.

Early in October the Cumberland Council will have an exemplification of the first degree.

Egypt Supports West But Wants No Alliance

CAIRO, Egypt, Sept. 3 (AP)—The governing Revolution Council declared today Egypt stands "in every respect with the west," but does not want at present to conclude a defense pact that it believes would provide Communist propaganda fuel.

The Council said Egypt considers "the only possible global danger to the Middle East is an invasion from Russia."

The foreign policy statement, the most forthright which Premier Gamal Abdel Nasser's government has made, was released to foreign correspondents in the form of "a background paper."

Office Will Close

WESTERNPORT — The City Clerk's office will be closed today in accordance with a proclamation issued by Gov. McKeldin, making today a state legal holiday.

Picnic Is Postponed

PIEDMONT — The Men's Bible Class of Trinity Methodist Church Family picnic, scheduled today at the K of P camp grounds at Burlington, has been postponed due to t' death of William G. Fatkin, general church school superintendent.

Visitors Return

LONACONING — Miss Carol Bradley, Fort Lauderdale, Fla., left Wednesday after visiting for two weeks at the home of her parents, Mr. and Mrs. Joseph Bradley, Robbins Street, Lonaconing.

Miss Bradley visited with her brother, Mr. and Mrs. William Bradley, at Washington, and left there by plane Thursday for the return air trip to Florida.

Area Man Held In Theft Case

An unsolved crime committed April 3, 1950 on U. S. Route 40 at Belle Grove apparently has been cleared up with the arrest of a young man of that section.

Cpl. William F. Baker, criminal investigator for the State Police here, took Lester Frederick Joy, 22, into custody and he is being held in the county jail to await trial in the case.

The officer recounted how a trailer truck hauling beer from Baltimore City to Cumberland broke down at Belle Grove on the night of April 3 in 1950. The beer was being brought here to J. Philip Zimmerman, who was a wholesale beer distributor at that time.

Joy is accused of breaking into the unattended vehicle and removing 22 cases of beer. Shortly after the alleged crime by Joy he entered the service. He served in Korea and was recently discharged from the service, according to Cpl. Baker.

Cpl. Baker left yesterday to take into custody a former Cumberland man at Hagerstown who is accused of passing a number of bad checks in Frostburg in July.

He is James A. Rowley, 50, who allegedly passed bad checks at the DAV Home, Gunter Hotel and the Stewart Clothing Store in the amount of $57.

Egyptologist Reports Major Historical Find

NEW YORK, Sept. 3 (AP) — An American Egyptologist today told of an accidental discovery in an Egyptian temple of what he called one of the most important historical finds of the century.

Dr. William C. Hayes, curator of Egyptian art at the Metropolitan Museum of Art, said a limestone tablet, seven and one-half feet high, shows in hieroglyphics the story of a war for independence about 1600 B.C. This period is virtually unknown to modern Egyptologists, said Dr. Hayes, just back from a 10-week visit to Egypt and Europe.

The tablet contains 38 lines reporting the struggle by the princes of Thebes to repel Asiatic invaders who had dominated Egypt and Palestine for a century.

Merten McRae, 72, of 57 Greene Street, was admitted yesterday morning to Sacred Heart Hospital for X-rays and observation after suffering an injury to his left knee in a fall while at work. Attaches said he stumbled over a telephone cord in his office.

LONACONING — Millard Bradley, of West Main, has returned home from Mercy Hospital, Pittsburg, where he underwent a foot operation.

Lemmert Issues Statement Concerning Surplus Fund

William H. Lemmert, president of the Allegany County Board of Commissioners, issued a statement at yesterday's meeting of the board in connection with the receipt of the annual audit of the county's books by James P. Rogers, certified public accountant.

His statement followed a general discussion of the county's financial condition.

One factor reflecting the county's excellent financial condition was contained in the report dealing with the bonded indebtedness.

In 1920 and 1921 the county floated two bond issues of $350,000 each for school construction. One of these was retired this summer with the final payment of $35,000 and the other will be retired prior to the end of the fiscal year June 30, 1955. Both issues were sold with a five per cent interest rate.

Lower Interest Rate

In contrast, the county's last bond issue, the $1,000,000 issue for the Cumberland flood control project was sold with the interest rate set at 1.90 per cent. The county has also borrowed from the State of Maryland two separate amounts of $800,000 and $390,000 during the past year and four months for school construction with the interest rate set at 1.75 per cent.

Lemmert's statement dealt mainly with the surplus or fund balances in the county levy at the time the new levy is set each spring. It follows:

"Surplus or fund balance is not necessarily composed of cash alone. Also included in the fund balance is uncollected taxes, miscellaneous receivable, prepaid expenses, etc.

"Surplus represents day to day working capital and insurance against unforseen contingencies and emergencies. This working capital is just as essential in the operations of a municipality as in private business and industry.

"It would be difficult to convince investors that payment of all earnings to stockholders rather than retain sufficient working capital would be a wise policy.

Enough For 60 Days

"The county's general fund surplus or unexpended balance at June 30, 1954, was equal to approximately the amount necessary to cover 60 days expenditures.

"When the budget is prepared each year, the estimated unexpended fund balance plus all estimated revenues for the ensuing year are appropriated. No surplus, as such, is carried over from year to year.

"It being impossible to determine in advance the exact amount of revenues and expenditures for any given year, it is therefore necessary to provide a margin of safety for all reasonable variations.

"No doubt the county, by providing ample funds to meet all obligations which could reasonably be expected, has been able to make its bond issues more attractive to investors and has been able to borrow funds at a lower interest rate than would have been possible had financial statements shown it to be operating dangerously close to a deficit."

Commissioners Receive Annual Audit For County

The annual audit for Allegany County was submitted to the Board of County Commissioners yesterday by James P. Rogers, certified public accountant from Baltimore.

Rogers' report, as of June 30, 1954 lists separately a combined balance sheet, statement of changes in fund balances, statement of revenues, statement of salaries and other operating expenses and capital outlay; taxes receivable and long term indebtedness.

Cash in banks totaled $1,757,952.24 and was verified by direct communication with the depositories and cash on hand was verified by physical count.

Taxes Receivable

Taxes receivable total $75,343.71 as of June 30. For the year ending June 30, 1951 there is $3,109.80 due from the collector of District 2, comprising the Frostburg area. For 1952 there is only $12.74 due from District 3, from the area around Lonaconing. For 1953 there is $6,458.13 due from District 1 (Cumberland), from District 2 a total of $1,720.34 and $409.21 from District 3. For the period ending in 1954 there is due $47,196.12 from District 1, from District 2, $9,463.76 and from District 3 there is $6,090.33.

Rogers' report shows that 98 per cent of property taxes levied for the current year of 1954 has been collected. He urges the collection and clearing up of the 1951 balance in taxes still due.

An interesting item is the approximately $25,000 earned in interest on the $1,000,000 flood control bond issue for the Cumberland project which has been placed in U. S. Treasury notes. This is the total interest earned so far and about $400,000 is still on hand.

Assets Listed

Capital assets are listed at $12,822,731.12. Encumbered future revenue to retired bonded indebtedness amounts to $6,326,000. This reflects the extent to which general property tax levies for future years have been encumbered for payment on long term indebtedness.

During the year ended June 30, 1954 bonds in the amount of $316,000 were retired and interest payments on long term indebtedness amounted to $153,022.50. During the same period the county obtained from the State of Maryland for use by the Board of Education, funds in the amount of $1,190,000 to be used for construction of schools. The money is to be repaid by instalments from 1955 through 1967, inclusive.

On Accrual Basis

The financial reports of the county are prepared on a modified accrual basis. General property taxes, interest on investments and expenditures are reported on the accrual basis. Miscellaneous taxes, licenses and permits, and other revenues are reported when received. Payments of principal and interest on long term indebtedness are reported in the period in which payment becomes due.

Rogers advised that to facilitate verification by the county auditor (Mrs. Johanna Sills) of interested forfeited on taxes billed late, the reports of all tax collectors should reflect separately all taxes collected on which interest has been forfeited.

Rogers said the accounts and records were in excellent condition, which was of material aid in making the examination.

13 Men Of Area Enlist In Army

Thirteen area men have enlisted in the Army at the local recruiting station, according to Master Sgt. George T. Wells, recruiter.

They are Kenneth H. Keefer, Ervin H. Fickes, Richard C. Walker, James T. King Jr., Richard L. Parkings, Eugene W. Murray, and Eugene D. Foley, all of Cumberland; Harold W. Bender, Ridgeley; Richard H. Nixon and Donald H. Nixon, both of Oldtown; Kenneth D. Yommer, Grantsville and Gail P. Stewart, of Oakland, and James R. Clites, of Flintstone.

King and Clites were enlisted under the Army specific school program which authorizes high school graduates to enroll in any one of 87 different classes in an Army school and to choose the branch of service they desire prior to enlistment.

Artesian Well Is Found Here

A rarity in geology, an artesian well, has been found in the Front Street section amidst the ruins of a razed building.

The brick building at 21 Front Street with its shed in the rear was purchased by Dr. Richard W. Trevaskis Jr.

Both structures were leveled to make way for a parking lot and in the old barn was found a four-inch pipe sticking out of the ground.

The pipe had been plugged with a cap and at first Dr. Trevaskis and the workmen thought it was a city water main.

But the City Water Department was called. Tests showed the water was of a different temperature, being much colder, and did not have as much pressure as city water.

A parking lot is being made at the site of the leveled building and Dr. Trevaskis said it is up to the plumbers to cut the pipe off at the lot level.

The previous owner of the property, Frank Diamond, told the doctor that he had no knowledge of the artesian well and neither had the occupant of the building for many years.

At any rate, the parking lot has been leased by the doctor to John Lancaster, operator of a Glenn Street service station.

Ridgeley Enrollment Figures Are Given

Enrollment in the Ridgeley elementary and high schools for the current term is about the same as last year, according to Melvin M. Heiskell, principal.

Heiskell said the students had a half-day session Thursday and Tuesday will start on a full day basis. On Wednesday the teaching staffs of both schools met to organize for the year and set up a program, Heiskell said.

Enrollment in the high school, yesterday was 289, slightly off from last year but Heiskell said he expected a few late enrollments to bring the total up to at least last year's number.

In the elementary school enrollment was off with 215 pupils. This will probably be increased by the end of next week with late enrollments. There was a drop of about 10 in the number of first graders enrolled, he added.

Among the new teachers at the high school are Roy Virden, physical education instructor and assistant coach of athletic teams; Paul Hood, of Burlington, who will teach English in Grades 10 to 12. Hood is a graduate of Shepherd College and West Virginia University.

Mrs. May Wolford, of Charleston, will teach music and English in the junior high division. She is a graduate of West Virginia Wesleyan. Mrs. Evelyn Maiden, of Keyser, will teach home economics. A graduate of Ohio State University, she is the wife of an instructor at Potomac State College. Mrs. Doris (Schartiger) Herbaugh, of Ridgeley, will teach commercial subjects. She is a graduate of West Virginia University.

Second Man Guilty On Motor Charges

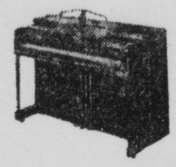

A West Virginia motorist yesterday morning forfeited $35 on two motor vehicle charges when he failed to appear for a hearing in Trial Magistrates Court.

The driver, William Kenney of RD 1, Ridgeley, was charged with reckless driving and operating a vehicle without a license by City Policeman Kenneth W. Morrissey.

The charges resulted from a hearing Thursday before Magistrate Donald W. Mason at which William J. Beverlin, Fort Ashby, pleaded guilty to three driving charges although he testified that he was unable to recall if he was actually operating his vehicle when it collided with a parked car on Oldtown Road.

Beverlin filed an appeal through Attorney Earl E. Manges after being fined $125 on the three counts. Assisted by Officer Morrissey in recreating the events prior to the accident, Beverlin succeeded in recalling the name of his companion, after which the charges were placed against Kenney.

Thirteen area men have enlisted in the Army at the local recruiting station, according to Master Sgt. George T. Wells, recruiter.

They are Kenneth H. Keefer, Ervin H. Fickes, Richard C. Walker, James T. King Jr., Richard L. Parkings, Eugene W. Murray, and Eugene D. Foley, all of Cumberland; Harold W. Bender, Ridgeley; Richard H. Nixon and Donald H. Nixon, both of Oldtown; Kenneth D. Yommer, Grantsville and Gail P. Stewart, of Oakland, and James R. Clites, of Flintstone.

King and Clites were enlisted under the Army specific school program which authorizes high school graduates to enroll in any one of 87 different classes in an Army school and to choose the branch of service they desire prior to enlistment.

Artesian Well Is Found Here

A rarity in geology, an artesian well, has been found in the Front Street section amidst the ruins of a razed building.

The brick building at 21 Front Street with its shed in the rear was purchased by Dr. Richard W. Trevaskis Jr.

Both structures were leveled to make way for a parking lot and in the old barn was found a four-inch pipe sticking out of the ground.

The pipe had been plugged with a cap and at first Dr. Trevaskis and the workmen thought it was a city water main.

But the City Water Department was called. Tests showed the water was of a different temperature, being much colder, and did not have as much pressure as city water.

A parking lot is being made at the site of the leveled building and Dr. Trevaskis said it is up to the plumbers to cut the pipe off at the lot level.

The previous owner of the property, Frank Diamond, told the doctor that he had no knowledge of the artesian well and neither had the occupant of the building for many years.

At any rate, the parking lot has been leased by the doctor to John Lancaster, operator of a Glenn Street service station.

Ridgeley Enrollment Figures Are Given

Enrollment in the Ridgeley elementary and high schools for the current term is about the same as last year, according to Melvin M. Heiskell, principal.

Heiskell said the students had a half-day session Thursday and Tuesday will start on a full day basis. On Wednesday the teaching staffs of both schools met to organize for the year and set up a program, Heiskell said.

Enrollment in the high school, yesterday was 289, slightly off from last year but Heiskell said he expected a few late enrollments to bring the total up to at least last year's number.

In the elementary school enrollment was off with 215 pupils. This will probably be increased by the end of next week with late enrollments. There was a drop of about 10 in the number of first graders enrolled, he added.

Among the new teachers at the high school are Roy Virden, physical education instructor and assistant coach of athletic teams; Paul Hood, of Burlington, who will teach English in Grades 10 to 12. Hood is a graduate of Shepherd College and West Virginia University.

Mrs. May Wolford, of Charleston, will teach music and English in the junior high division. She is a graduate of West Virginia Wesleyan. Mrs. Evelyn Maiden, of Keyser, will teach home economics. A graduate of Ohio State University, she is the wife of an instructor at Potomac State College. Mrs. Doris (Schartiger) Herbaugh, of Ridgeley, will teach commercial subjects. She is a graduate of West Virginia University.

Second Man Guilty On Motor Charges

A West Virginia motorist yesterday morning forfeited $35 on two motor vehicle charges when he failed to appear for a hearing in Trial Magistrates Court.

The driver, William Kenney of RD 1, Ridgeley, was charged with reckless driving and operating a vehicle without a license by City Policeman Kenneth W. Morrissey.

The charges resulted from a hearing Thursday before Magistrate Donald W. Mason at which William J. Beverlin, Fort Ashby, pleaded guilty to three driving charges although he testified that he was unable to recall if he was actually operating his vehicle when it collided with a parked car on Oldtown Road.

Beverlin filed an appeal through Attorney Earl E. Manges after being fined $125 on the three counts. Assisted by Officer Morrissey in recreating the events prior to the accident, Beverlin succeeded in recalling the name of his companion, after which the charges were placed against Kenney.

Marriage Licenses

Thomas Lancaster, 408 Fayette Street, and Doris Eileene Williams, 26 Hill Street, Frostburg.

Robert Donald Warnick, RFD 3, Bowman's Addition, and Mary Eileen Clark, Piedmont, W. Va.

Donald Otis Shoemaker, Charlotte Jean Horwath, both of Oldtown.

Frederick Ralph Hillegas, 38 Mary Street, and Regina Mae Sybold, 610 Montreal Avenue.

Randall Linn Sheetz, 424 Arch Street, and Robin Nell Collins, 107 Karns Avenue.

Dice Crites, Box 417, Keyser, W. Va., and Helen Chedester, Scherr, W. Va.

No Calls Received

No calls for physical examinations will be made for September, according to P. Emmett Fahey, clerk-coordinator of Draft Boards 27, 28 and 29.

Do Your Share To Stay Alive

The National Safety Council has just released its forecast for traffic deaths over the Labor Day weekend. Based on the accumulated experience of compiling and analyzing traffic data, the Safety Council experts predict that 390 Americans will meet death in the three-day holiday period.

If the experts are correct in their estimate, we are due to sacrifice a life every 12 minutes on our streets and highways in a last salute to the summer vacation season.

Countless thousands of people are taking to the highways for the last trip of the summer. For many of them it will be the last trip they will ever take. Speed, an error of judgment or lack of driving skill can make a nightmare out of a trip planned for pleasure.

Responsibility for proving the experts wrong in their prediction lies in the hands of every driver behind every steering wheel of every car on the road.

Much has been said and written on the subject of highway safety; many good, sound rules and regulations have been laid down by experts on safety but still the wrecks pile up. They will be stopped only when each one of us realizes and does something about our share of the responsibility.

Many traffic controls have been tried in the past but safety really boils down to exercising common sense. Generally, rules laid down to prevent accidents contain a lot of negative information, usually starting "Don't . . ." Perhaps a positive set of rules, rules of what to "Do" might be better. Consider these suggestions to help make your holiday trip a safer and more pleasant experience:

Start a little earlier so you can stop occasionally for a cup of coffee or to stretch your legs and look at the scenery. Plan your trip so you can drive during the hours of lightest traffic. Keep the mileage of your trip to a reasonable figure that can be covered in the time at your disposal. Pull off the road and stop to relax when fatigue or irritation slows down your reaction and starts to affect your driving alertness. Be courteous to other drivers and pedestrians and you'll find it is contagious and pays big dividends.

Be alive and happy when the holiday is over.

These Days

By George E. Sokolsky

What Would Really Happen?

Dr. Isador Lubin, long a government economist, and Forrest D. Murden Jr., also an economist, have prepared a pamphlet, "Our Stake in World Trade," in which the excellent point is made that whereas we only have six per cent of the world's population, we produce about 40 per cent of the world's output. Having said that, they proceed to tell us how dependent we are on the rest of the world:

"Have you ever imagined what it would be like if we were to be shut off from the products of other lands? Do you know what would happen to our standard of living if we tried to manage solely with what we could produce within our own borders? Among other things, our larders would be without coffee, tea, cocoa and bananas. Sugar, pineapples and many other foods would be selling at prices far above their present levels.

"Television and radio, if we had them at all, would be luxuries beyond the means of most Americans . . ."

I don't know how dependent we really are upon coffee, tea, cocoa and bananas or what would become of us if we had to do without them. One could drink milk and solve a basic farm problem. As for cocoa and bananas, if the women take Dior's strictures on milady's pulchritude seriously, no woman will touch the stuff for fear that the waist-line might not fit the dress.

When learned economists try to become popularizers, they are usually out of their field. Even a columnist would do better than base the economic policy of a country on the consumption of cocoa and bananas, or even pineapples, although I thought we can get our pineapples from our own country, namely, Hawaii, which still hopes to become a state. A little further on, these economists say:

". . . There would be a shortage of newsprint for publishing our newspapers and magazines."

There they say something serious. Canada sure has us by the heel on newsprint, for which they charge unconscionably and get away with it because the United States was careless about its forests and has let its paper factories go north. I live, during the summer, within 17 miles of Lee, Mass., where the first wood-pulp factory in the United States was erected. Some of those mills are still there but they make cigaret and other fine papers. But I see that British capital is going into our Southern states to manufacture newsprint and may the day come when we make our own altogether and are not dependent on the Canadian cartel. The Canadians could then sell their newsprint to the British at whatever price they could get.

Now if these economists talked about really important commodities, we might have something to worry about. Take, for instance, cobalt. In 1953, 9,182,000 pounds of cobalt were consumed but only 1,253,000 pounds were produced in the United States. Africa supplied about 84 per cent of the world production of 10,100,000 pounds in 1952. According to the report of the Malone Committee, the largest potential reserves are in Cuba; there are large deposits in the United States but they have not been adequately developed.

To the United States, facing the dangers of war and the rise of cancer, cobalt is more important than cocoa or bananas and in the event of a war, it is doubtful that the ocean-lanes will be open so that sufficient cobalt can be brought from Africa. This is a really serious problem. According to the Malone Committee, the Western Hemisphere, using Canadian, American and Cuban deposits could become self-sufficient.

Or take iodine which is essential for medical and metallurgical uses. The United States, which uses from 1,200,000 to 1,500,000 pounds annually, receives about half its supply from abroad, probably mostly from Chile. So far as the United States is concerned, it could be in a satisfactory condition as to iodine, as we have a large supply.

Lithium has become important because of the hydrogen bomb. Surely that means more to us than a pineapple. We get plenty of lithium in South Dakota, North Carolina and California and presumably other places in the United States.

My point is that if these economists want to frighten us, they might deal with products that really matter, not coffee, tea, cocoa and bananas. What do they take us for?

These Are Busy Days In Russia

Molly Goldberg Helps With Son's Wedding Plans

By Gertrude Berg

(While Drew Pearson is on a brief vacation, the Washington Merry-Go-Round is being written by several trude Berg, better known as Molly Goldberg.)

NEW YORK—Next to getting a diploma from night school, to get asked to write a column for Drew Pearson is to me—how shall I say it—an honor. But what to write about? My neighbors? My family? My butcher? Listen, when you live in a house with 40 families there should be plenty to write about, and there is. At the moment that I take pen in hand I have a few personal problems with my husband, Jake.

After all the years we are married, he still can't understand why I mix, why I'm interested in what goes on behind the 40 doors of each apartment at 1038 East Tremont Avenue, the Bronx. Well, I ask you, is man an island? Can you live only surrounded by your own four walls? Not me.

And the second complaint is if I must make marriages, I shall put a shingle in my window or put a stop to matchmaking. I ask you, when you see wonderful girls that are looking and mothers that are anxious, shouldn't you give fate a little push? Well, that's what I did. I already made 40 marriages and there are already 62 children from their marriages.

Jake and I have a marriage problem in our family. Maybe you can help me. We've been discussing our Sammy who will marry Dora Barnett. Dora's family also lives in our building in East Tremont Avenue. We feel Sammy's sufficiently mature to get married and is in love with a very nice girl. And vice versa. It's the first marriage of our children.

"Let's have a nice, big wedding," I suggested. I want to invite the relatives, all the neighbors and friends, the ladies auxiliary, and Jake's circle in the garment center. Jake says the auxiliary will only eat and drink, and the dress salesmen and buyers will do business with him, wedding or no wedding.

Another question came up: Should Dora be a housewife or go to work after the honeymoon? Jake and I had quite a lengthy discussion on the subject, pro and con. How it'll come out I don't know yet. If you ask me, let it be the way the children want it.

There are other problems. For instance, should Dora's parents pay for the whole wedding? Her father makes a nice living in the shoe business. I don't know what the etiquette book says. I ask myself every day, "Maybe Jake and I should share the wedding expense?" Either way, I know that I will bake the strudel and make the chicken noodle soup.

Where are the children going to live? That's also a problem in this day and age. I wouldn't want Sammy to live with his mother-in-law and I'm sure Dora wouldn't want to live with her mother-in-law—that's me. I'm sure they'll find something, maybe a Quonset hut on the college campus. That's what Mrs. 2C, and Mrs. 3D, and Mrs. 8C's children did. Then, with college, and work, and new environment, I'll hardly ever see Sammy. A mother's problems multiply and never subtract.

There's an argument about Sammy's future. Sometimes Jake wants him to go into the dress business. Sometimes he says, "No son of mine will ever be a dress manufacturer." Dora's father thinks Sammy's personality will bring great success in the shoe business. But nobody asks Sammy what he wants to do. Perhaps they think he studied engineering in college to be a cutter or shoe fitter!

And the honeymoon question. One time in their lives, shouldn't they leave the Bronx and journey to Florida or California? I think so. But not my Jake. "Sammy saw enough of the North, East, South and West when he was in the Army," Jake reminds me. "He should honeymoon in this area."

But when I tell Jake that Dora hasn't been to Florida or California, he throws up his hands and says, "David, get the cards and deal out a little pinochle."

Mr. Pearson, Molly Goldberg thanks you for letting me take the time so I could tell you about my Bronx merry-go-round.

Baering Down On The News

By Arthur "Bugs" Baer

When a President takes out a road company you know the campaign is swinging along like a fat gal on a trestle bridge.

Both sides have 60 days and are making the most of it like a baker with one egg and no flour.

Have you noticed that Adlai Stevenson kept just ahead of Ike Eisenhower. He was paving the way with oratorical derailments and statistical wash-outs.

At no time did the partisans meet man-to-man like two valets brushing each other off. That has not happened since Lincoln and Douglas kicked it around a 40-acre lot.

One goes ahead of the other laying land-mines on the published itinerary. The most dangerous torpedo is the mine they call the chin. Everybody steps on it sooner or later.

Candidates for political preferment no longer look each other four-square in the eye. They're all ear doctors.

Eisenhower and Stevenson both spoke in Springfield, Ill. But it was no duet.

Campaigns are run on the old vaudeville prescription, "If you get thar fust make a chalk mark. If I get thar fust I'll rub it out."

A speaking tour is a honeymoon for one. You can see how impossible it would be for two politicians to agree on anything. They would love to walk tight-wire on the International Date Line. Then one could say it was Tuesday and the other could claim it was Wednesday.

Both would be right. Proving there's a first time for everything.

When Lincoln debated with Douglas they ran each other through the wringer. They placed names and named places. Douglas was known as the Little Giant and turned out to be a big midget.

But they didn't give you that personal touch by remote control. One man made a statement and the other guy denied it.

Republican Top Command Is Becoming Aware Of Difficulties Facing Party

By David Lawrence

WASHINGTON — An awareness of the difficulties facing the Republican party in the autumn elections for Congress is beginning to percolate through the various layers of the Republican top command.

Vice President Nixon, at the Cincinnati meeting of the Republican National Committee, spoke some painful truths that had to be said. He made a sensible plea for party unity, and it is only unfortunate that all those members of the White House staff who have been advising President Eisenhower on political strategy, and who have unwittingly been doing so much to stimulate disaffection inside the party, didn't hear the Nixon speech.

Only One Question

Apparently, according to Mr. Nixon, the President now is going to support all Republicans who have been nominated for Congress. The nonsense which has been regularly leaked from the White House heretofore to certain sections of the press that Mr. Eisenhower is going to purge the Republicans he doesn't like seems to have evaporated. Indeed, Mr. Nixon made a very logical argument to Republican voters in New Jersey to try to get them to support former Representative Case, who is running for the Senate. By pointing out that his defeat would mean the loss of a vote in the Senate, the vice president urged Republicans to support the party despite the anti-McCarthy views of Mr. Case. For Mr. Nixon pointed to Illinois, where there are disaffected groups, too, and they don't like Joseph Meek, the regular Republican nominee who favors McCarthy.

What the Republicans are up against — no matter how they slice it—is that, once control passes to the Democrats, the investigating committees run by the Democrats will make McCarthy look like an amateur. The customary strategy, if an opposition party gets control of one house or both midway in a presidential term, is to do everything possible to embarrass a president so that his party makes a bad record in preparation for the subsequent presidential election.

As election day this autumn approaches, those Republicans who are disaffected for any reason will have to face a serious decision — whether they will let their grievances go to the point of staying away from the polls altogether or whether they will actually vote the Democratic ticket. The important problem is majority control. Irrespective of how the Republican nominees may have voted on particular issues, the only real question for a loyal Republican to decide is whether he is willing to allow control of Congress to pass to the opposition party.

GOP Should Make Gains

But what the leaders and the organization workers may argue is one thing and the emotions stirred up by the thoughtless tactics of some members of the White House staff who started the fight to punish McCarthy, and who have been running the show thus far on the political side, is quite another. The trouble is there has been so much time spent by Republicans in fighting Republicans that there has been a singular failure to remind the country of why it was against the Democrats in 1952.

Logically this is the time when the Republicans should be making big gains in the seats in both houses. For, just as in 1934 when a negative tide was rolling against the Republicans after the avalanche in the 1932 election, so now the same kind of negative tide which started rolling against the Truman administration and the Democratic party in 1952 should be rolling the same way in November 1954. In the 1934 elections the negative tide of 1932 had not reached its peak and went to its highest point in 1936.

While a smaller vote was cast for members of Congress in 1952 than for the presidency — and this is not unusual because of the tendency in the last two or three decades toward separate ballots rather than a single ballot containing both the presidential and congressional nominees — there is every reason why the coming elections should see a higher total than in any midterm election. And it will materialize unless the Republicans keep on stirring up the emotions of the voters on the McCarthy issue by prolonging throughout the campaign the hearings and the debate in the special Senate session.

It is being said that communism isn't an issue this time. On the surface, perhaps it isn't. But underneath it can be responsible for a considerable stay-at-home vote on the part of those who fear that the President is too complacent about the issue. It will be interesting to see whether he takes up the record of the administration on Communists in government and "points with pride" to it, as the political saying goes, or whether he never mentions the issue that helped two years ago to swell the anti-Democratic tide.

"Peaceful Coexistence"

By Brother Barnabas

The dictionary is an indispensable book in our educational system. It is like vitamins to our food. We can't live without vitamins, nor can we go far in knowledge without a dictionary, or word book, as the Dutch call it.

What did you choose that book to be read out of to for? It's not so interesting as the story of Ruth from the Bible or a modern novel. But when we reflect that the dictionary is basic to all education, we must treat it with respect.

Our children and their teachers who start to school next Tuesday must reckon with it.

The poet Thompson writes of the delightful task of the teacher as "rearing the tender thought" and "teaching the young idea how to shoot."

Not to shoot paper wads in the classroom, or baskets in the gymnasium, but how to spell, speak, write and think accurately. One can't do any of these things without words.

A word is the audible, visual expression of an idea. It must be articulate, incisive and definitive, else the idea is unclear, and the attempt to communicate it ends in confusion and misunderstanding.

Not every one has facility in expression. Moses claimed to be "slow of speech and of tongue," but he managed to say aplenty (Exodus 4:10).

Barrier Of Language

"Can't you talk faster?" asked a patient listener of a slow-motion speechifier. "I'm giving it to you as fast as I get it," replied the speaker who was not "handy" with his tongue.

Ever since the Babel episode (Genesis 11:4-9) there has been disharmony, suspicion, bickering among the peoples of the world, whether on a national or local scale.

Men are separated by barriers of language more than they are united by bridges. Originally, "rivals" were the folks living on the other side of the river. Bridges brought rivals together.

"The French are funny folk
who seem to us like sillies,
"They call their mothers
mares, and call their daughters
fillies."

Can men live peaceably together on this planet? It begins to appear as if we must, or get off.

At the World Council of Churches recently held in Evanston, 600 delegates representing 163 denominations from all over the world, gathered to explore the possibilities of "peaceful coexistence."

"Some were Anglican,
"Some were Roman,
"All were Episcopal
"Around the abdomen."

The principal addresses were delivered automatically in English, French and German. By pressing a button the listener could hear the speech in the language of his choice.

One of the addresses was given in English only. One of the delegates knew French and German, but not English.

A woman volunteered to interpret the speech for him, which she did, sitting close by his side and speaking quietly.

Flash! — spinsters romantically inclined, observe the technique.

Different Vocabularies

"E Pluribus Unum" is a good motto for the nation, and also for a community. In our bailiwick there are diverse elements, each with its own vocabulary—business, industrial, social, professional.

We have editorial writers, commentators, weather forecasters, armchair strategists, doctrinaires. We must hang together, or hang separately.

The lawyer can say to the preacher, "Cut your sermons, in the interest of public policy." The preacher can say to the lawyer, "Your briefs are not brief enough." The banker can say, "I know my coat is short, but it will be long before I get another." Thus they will be pals and bon vivants together.

"Poppa, what's the difference between the Cherubim and the Seraphim?" The father hedged before the question of his young hopeful, and then answered: "They had a difference once, but they made it up."

A friend boasted that he and his wife never quarreled. Mirabile-dictu! "When we have a difference of opinion on any subject, we always compromise."

"For example, my wife says we must get up at six, and I say we must get up at seven. We compromise by getting up at six."

A great Teacher advised: "Make friends quickly with your accuser, while you are going with him to court, lest your accuser hand you over to the judge, and the judge put you in jail" (Matthew 5:25).

"A dog is more perfect as a dog than a man is as a man." Why does your dog scratch his ear? He is the only one who knows it itches. It makes no real difference whether your dog wags his tail, or the tail wags the dog. The former priority seems as nature intended.

Have you noticed the pearl grey rim around the edge of the horizon lately? It is not a natural phenomenon as you might suppose, but is occasioned by the dust floating out of law libraries, stirred up by researchers trying to find the difference between "Tweedledum" and "Tweedledee" and how to adjudicate it.

Judicially yours,
BROTHER BARNABAS

Treatment For Bell's Palsy Should Be Started Early

By Dr. Theodore R. Van Dellen

A year ago, I mentioned the fact that cortisone was being used to treat Bell's palsy. Best results were obtained when the hormone was given within the first nine days after this form of facial paralysis developed.

Bell's palsy, a common neurological disorder, usually appears suddenly and without distress. The individual may go to bed feeling fine and on awakening the next morning and looking into the mirror, is astounded by his appearance. One side of the face is drooping and motionless.

In the typical case, all the muscles of one-half the face are paralyzed. The victim is unable to wrinkle his forehead, corrogate his brow, or close the eye on the affected side. When attempting to smile, the angle of the lips on the good side goes up whereas the other remains down.

It is impossible to draw up the muscles of the mouth to whistle, smile, or show the teeth. When the sufferer tries to close the eye, the eyeball rolls upward in a vain attempt to follow directions.

Need for early treatment stems from the fact that in some instances paralysis originates with inflammation of the facial nerve. This structure passes through a narrow, bony canal to get to the face and the slightest swelling is enough to pinch off nerve impulses and produce paralysis. Cortisone reduces this swelling

Should this pinching process last several days, the fibers degenerate and healing requires a longer time. It may never be complete, consequently these individuals are left with telltale evidence of Bell's palsy. These signs may be so slight the sufferer is unaware of them unless they are called to his attention. There may be slight asymmetry of the face or wasting of the small muscles near the corner of the mouth.

Occasionally, the nerve fails to recover and the victim is left with noticeable sagging of one side of the face. This is unsightly and a handicap for other reasons: the limp mouth muscles cannot hold back the corner of the mouth. Eating is affected when the cheek muscles are involved and, in addition, the cheek lining folds in and is given a mean bite.

Plastic surgery offers considerable help. Dr. Harold I. Harris of Los Angeles pulls up the sagging muscles with transplanted strips of fibrous tissue. One end is fastened to the cheek bone and the other is looped about the paralyzed muscles. When the job is done properly, both sides of the face become symmetrical.

HOSPITAL FOR DRUG ADDICTS

W. L. writes: How can a drug addict get into the government hospital in Kentucky?

D. C. writes: Is rheumatic fever caused by a germ?

REPLY

The disease is initiated by streptococci that usually attack during a bout of sore throat or tonsilitis. The body defends itself by manufacturing antibodies. To the best of our knowledge, rheumatic fever develops from 10 to 15 days later in those who are sensitive to these antibodies.

BOTTLE BABY

Mrs. W. writes: Is a 25-month-old boy too old to drink milk out of a bottle? He won't take it from a glass.

REPLY

They are never too old, if you let them get away with it. Why not make it a glass or nothing. It won't hurt your boy to go without drinking milk for the time being, provided he is on a well balanced diet.

SPRAINED ANKLE

W. C. writes: I sprained my ankle and it is taking a long time for it to heal. Is this the usual thing?

REPLY

Sprained ankles fail to heal when (1) treatment is inadequate; (2) the sprain is really a fracture; (3) the individual has had repeated sprains and the overstretched ligaments are no longer able to support the ankle.

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is inclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnoses or prescribe for individual diseases.

Try And Stop Me

By Bennett Cerf

A henpecked husband won a reprieve for Wednesday nights, at least, by declaring that he had been bitten by a culture bug, and joined a debating society. Actually proud of her husband for a space, the wife, upon reflection, waxed justifiably suspicious, and caught him red-handed with his cronies in the middle of a hot poker game.

"Rascal!" she bellowed. "You told me this was a debating club!"

"It is, too," he explained valiantly. "There's a big debate after every hand."

A dress shop owner is thinking seriously of framing a letter of complaint that reached him, by courtesy of the ingenious U. S. Post Office Department, the other morning. It reads: "Please cancel my order for maternity dress model 61 which you were supposed to deliver me three weeks ago. My delivery turned out faster than yours. Respectively," etc. etc.

Do Your Share To Stay Alive

The National Safety Council has just released its forecast for traffic deaths over the Labor Day weekend. Based on the accumulated experience of compiling and analyzing traffic data, the Safety Council experts predict that 390 Americans will meet death in the three-day holiday period.

If the experts are correct in their estimate, we are due to sacrifice a life every 12 minutes on our streets and highways in a last salute to the summer vacation season.

Countless thousands of people are taking to the highways for the last trip of the summer. For many of them it will be the last trip they will ever take. Speed, an error of judgment or lack of driving skill can make a nightmare out of a trip planned for pleasure.

Responsibility for proving the experts wrong in their prediction lies in the hands of every driver behind every steering wheel of every car on the road.

Much has been said and written on the subject of highway safety; many good, sound rules and regulations have been laid down by experts on safety but still the wrecks pile up. They will be stopped only when each one of us realizes and does something about our share of the responsibility.

Many traffic controls have been tried in the past but safety really boils down to exercising common sense. Generally, rules laid down to prevent accidents contain a lot of negative information, usually starting "Don't . . ." Perhaps a positive set of rules, rules of what to "Do" might be better. Consider these suggestions to help make your holiday trip a safer and more pleasant experience:

Start a little earlier so you can stop occasionally for a cup of coffee or to stretch your legs and look at the scenery. Plan your trip so you can drive during the hours of lightest traffic. Keep the mileage of your trip to a reasonable figure that can be covered in the time at your disposal. Pull off the road and stop to relax when fatigue or irritation slows down your reaction and starts to affect your driving alertness. Be courteous to other drivers and pedestrians and you'll find it is contagious and pays big dividends.

Be alive and happy when the holiday is over.

These Days

By George E. Sokolsky

What Would Really Happen?

Dr. Isador Lubin, long a government economist, and Forrest D. Murden Jr., also an economist, have prepared a pamphlet, "Our Stake in World Trade," in which the excellent point is made that whereas we only have six per cent of the world's population, we produce about 40 per cent of the world's output. Having said that, they proceed to tell us how dependent we are on the rest of the world:

"Have you ever imagined what it would be like if we were to be shut off from the products of other lands? Do you know what would happen to our standard of living if we tried to manage solely with what we could produce within our own borders? Among other things, our larders would be without coffee, tea, cocoa and bananas. Sugar, pineapples and many other foods would be selling at prices far above their present levels.

"Television and radio, if we had them at all, would be luxuries beyond the means of most Americans . . ."

I don't know how dependent we really are upon coffee, tea, cocoa and bananas or what would become of us if we had to do without them. One could drink milk and solve a basic farm problem. As for cocoa and bananas, if the women take Dior's strictures on milady's pulchritude seriously, no woman will touch the stuff for fear that the waist-line might not fit the dress.

When learned economists try to become popularizers, they are usually out of their field. Even a columnist would do better than base the economic policy of a country on the consumption of cocoa and bananas, or even pineapples, although I thought we can get our pineapples from our own country, namely, Hawaii, which still hopes to become a state. A little further on, these economists say:

". . . There would be a shortage of newsprint for publishing our newspapers and magazines."

There they say something serious. Canada sure has us by the heel on newsprint, for which they charge unconscionably and get away with it because the United States was careless about its forests and has let its paper factories go north. I live, during the summer, within 17 miles of Lee, Mass., where the first wood-pulp factory in the United States was erected. Some of those mills are still there but they make cigaret and other fine papers. But I see that British capital is going into our Southern states to manufacture newsprint and may the day come when we make our own altogether and are not dependent on the Canadian cartel. The Canadians could then sell their newsprint to the British at whatever price they could get.

Now if these economists talked about really important commodities, we might have something to worry about. Take, for instance, cobalt. In 1953, 9,182,000 pounds of cobalt were consumed but only 1,253,000 pounds were produced in the United States. Africa supplied about 84 per cent of the world production of 10,100,000 pounds in 1952. According to the report of the Malone Committee, the largest potential reserves are in Cuba; there are large deposits in the United States but they have not been adequately developed.

To the United States, facing the dangers of war and the rise of cancer, cobalt is more important than cocoa or bananas and in the event of a war, it is doubtful that the ocean-lanes will be open so that sufficient cobalt can be brought from Africa. This is a really serious problem. According to the Malone Committee, the Western Hemisphere, using Canadian, American and Cuban deposits could become self-sufficient.

Or take iodine which is essential for medical and metallurgical uses. The United States, which uses from 1,200,000 to 1,500,000 pounds annually, receives about half its supply from abroad, probably mostly from Chile. So far as the United States is concerned, it could be in a satisfactory condition as to iodine, as we have a large supply.

Lithium has become important because of the hydrogen bomb. Surely that means more to us than a pineapple. We get plenty of lithium in South Dakota, North Carolina and California and presumably other places in the United States.

My point is that if these economists want to frighten us, they might deal with products that really matter, not coffee, tea, cocoa and bananas. What do they take us for?

These Are Busy Days In Russia

Molly Goldberg Helps With Son's Wedding Plans

By Gertrude Berg

(While Drew Pearson is on a brief vacation, the Washington Merry-Go-Round is being written by several . . . trude Berg, better known as Molly Goldberg.)

NEW YORK—Next to getting a diploma from night school, to get asked to write a column for Drew Pearson is to me—how shall I say it—an honor. But what to write about? My neighbors? My family? My butcher? Listen, when you live in a house with 40 families there should be plenty to write about, and there is. At the moment that I take pen in hand I have a few personal problems with my husband, Jake.

After all the years we are married, he still can't understand why I mix, why I'm interested in what goes on behind the 40 doors of each apartment at 1038 East Tremont Avenue, the Bronx. Well, I ask you, is man an island? Can you live only surrounded by your own four walls? Not me.

And the second complaint is if I must make marriages, I shall put a shingle in my window or put a stop to matchmaking. I ask you, when you see wonderful girls that are looking and mothers that are anxious, shouldn't you give fate a little push? Well, that's what I did. I already made 40 marriages and there are already 62 children from their marriages.

Jake and I have a marriage problem in our family. Maybe you can help me. We've been discussing our Sammy who will marry Dora Barnett. Dora's family also lives in our building in East Tremont Avenue. We feel Sammy's sufficiently mature to get married and is in love with a very nice girl. And vice versa. It's the first marriage of our children.

"Let's have a nice, big wedding," I suggested. I want to invite the relatives, all the neighbors and friends, the ladies auxiliary, and Jake's circle in the garment center. Jake says the auxiliary will only eat and drink, and the dress salesmen and buyers will do business with him, wedding or no wedding.

Another question came up: Should Dora be a housewife or go to work after the honeymoon? Jake and I had quite a lengthy discussion on the subject, pro and con. How it'll come out I don't know yet. If you ask me, let it be the way the children want it.

There are other problems. For instance, should Dora's parents pay for the whole wedding? Her father makes a nice living in the shoe business. I don't know what the etiquette book says. I ask myself every day, "Maybe Jake and I should share the wedding expense?" Either way, I know that I will bake the strudel and make the chicken noodle soup.

Where are the children going to live? That's also a problem in this day and age. I wouldn't want Sammy to live with his mother-in-law and I'm sure Dora wouldn't want to live with her mother-in-law—that's me. I'm sure they'll find something, maybe a Quonset hut on the college campus. That's what Mrs. 2C, and Mrs. 3D, and Mrs. 8C's children did. Then, with college, and work, and new environment, I'll hardly ever see Sammy. A mother's problems multiply and never subtract.

There's an argument about Sammy's future. Sometimes Jake wants him to go into the dress business. Sometimes he says, "No son of mine will ever be a dress manufacturer." Dora's father thinks Sammy's personality will bring great success in the shoe business. But nobody asks Sammy what he wants to do. Perhaps they think he studied engineering in college to be a cutter or shoe fitter!

And the honeymoon question. One time in their lives, shouldn't they leave the Bronx and journey to Florida or California? I think so. But not my Jake. "Sammy saw enough of the North, East, South and West when he was in the Army," Jake reminds me. "He should honeymoon in this area."

But when I tell Jake that Dora hasn't been to Florida or California, he throws up his hands and says, "David, get the cards and deal out a little pinochle."

Mr. Pearson, Molly Goldberg thanks you for letting me take the time so I could tell you about my Bronx merry-go-round.

Baering Down On The News

By Arthur "Bugs" Baer

When a President takes out a road company you know the campaign is swinging along like a fat gal on a trestle bridge.

Both sides have 60 days and are making the most of it like a baker with one egg and no flour.

Have you noticed that Adlai Stevenson kept just ahead of Ike Eisenhower. He was paving the way with oratorical derailments and statistical wash-outs.

At no time did the partisans meet man-to-man like two valets brushing each other off. That has not happened since Lincoln and Douglas kicked it around a 40-acre lot.

One goes ahead of the other laying land-mines on the published itinerary. The most dangerous torpedo is the mine they call the chin. Everybody steps on it sooner or later.

Candidates for political preferment no longer look each other four-square in the eye. They're all ear doctors.

Eisenhower and Stevenson both spoke in Springfield, Ill. But it was no duet.

Campaigns are run on the old vaudeville prescription, "If you get thar fust make a chalk mark. If I get thar fust I'll rub it out."

A speaking tour is a honeymoon for one. You can see how impossible it would be for two politicians to agree on anything. They would love to walk tight-wire on the International Date Line. Then one could say it was Tuesday and the other could claim it was Wednesday.

Both would be right. Proving there's a first time for everything.

When Lincoln debated with Douglas they ran each other through the wringer. They placed names and named places. Douglas was known as the Little Giant and turned out to be a big midget.

But they didn't give you that personal touch by remote control. One man made a statement and the other guy denied it.

Republican Top Command Is Becoming Aware Of Difficulties Facing Party

By David Lawrence

WASHINGTON — An awareness of the difficulties facing the Republican party in the autumn elections for Congress is beginning to percolate through the various layers of the Republican top command.

Vice President Nixon, at the Cincinnati meeting of the Republican National Committee, spoke some painful truths that had to be said. He made a sensible plea for party unity, and it is only unfortunate that all those members of the White House staff who have been advising President Eisenhower on political strategy, and who have unwittingly been doing so much to stimulate disaffection inside the party, didn't hear the Nixon speech.

Only One Question

Apparently, according, to Mr. Nixon, the President now is going to support all Republicans who have been nominated for Congress. The nonsense which has been regularly leaked from the White House heretofore to certain sections of the press that Mr. Eisenhower is going to purge the Republicans he doesn't like seems to have evaporated. Indeed, Mr. Nixon made a very logical argument to Republican voters in New Jersey to try to get them to support former Representative Case, who is running for the Senate. By pointing out that his defeat would mean the loss of a vote in the Senate, the vice president urged Republicans to support the party despite the anti-McCarthy views of Mr. Case. For Mr. Nixon pointed to Illinois, where there are disaffected groups, too, and they don't like Joseph Meek, the regular Republican nominee who favors McCarthy.

What the Republicans are up against — no matter how they slice it—is that, once control passes to the Democrats, the investigating committees run by the Democrats will make McCarthy look like an amateur. The customary strategy, if an opposition party gets control of one house or both midway in a presidential term, is to do everything possible to embarrass a president so that his party makes a bad record in preparation for the subsequent presidential election.

As election day this autumn approaches, those Republicans who are disaffected for any reason will have to face a serious decision — whether they will let their grievances go to the point of staying away from the polls altogether or whether they will actually vote the Democratic ticket. The important problem is majority control. Irrespective of how the Republican nominees may have voted on particular issues, the only real question for a loyal Republican to decide is whether he is willing to allow control of Congress to pass to the opposition party.

GOP Should Make Gains

But what the leaders and the organization workers may argue is one thing and the emotions stirred up by the thoughtless tactics of some members of the White House staff who started the fight to punish McCarthy, and who have been running the show thus far on the political side, is quite another. The trouble is there has been so much time spent by Republicans in fighting Republicans that there has been a singular failure to remind the country of why it was against the Democrats in 1952.

Logically this is the time when the Republicans should be making big gains in the seats in both houses. For, just as in 1934 when a negative tide was rolling against the Republicans after the avalanche in the 1932 election, so now the same kind of negative tide which started rolling against the Truman administration and the Democratic party in 1952 should be rolling the same way in November 1954. In the 1934 elections the negative tide of 1932 had not reached its peak and went to its highest point in 1936.

While a smaller vote was cast for members of Congress in 1952 than for the presidency — and this is not unusual because of the tendency in the last two or three decades toward separate ballots rather than a single ballot containing both the presidential and congressional nominees — there is every reason why the coming elections should see a higher total than in any midterm election. And it will materialize unless the Republicans keep on stirring up the emotions of the voters on the McCarthy issue by prolonging throughout the campaign the hearings and the debate in the special Senate session.

It is being said that communism isn't an issue this time. On the surface, perhaps it isn't. But underneath it can be responsible for a considerable stay-at-home vote on the part of those who fear that the President is too complacent about the issue. It will be interesting to see whether he takes up the record of the administration on Communists in government and "points with pride" to it, as the political saying goes, or whether he never mentions the issue that helped two years ago to swell the anti-Democratic tide.

"Peaceful Coexistence"

By Brother Barnabas

The dictionary is an indispensable book in our educational system. It is like vitamins to our food. We can't live without vitamins, nor can we go far in knowledge without a dictionary, or word book, as the Dutch call it.

What did you choose that book to be read out of to for? It's not so interesting as the story of Ruth from the Bible or a modern novel. But when we reflect that the dictionary is basic to all education, we must treat it with respect.

Our children and their teachers who start to school next Tuesday must reckon with it.

The poet Thompson writes of the delightful task of the teacher as "rearing the tender thought" and "teaching the young idea how to shoot."

Not to shoot paper wads in the classroom, or baskets in the gymnasium, but how to spell, speak, write and think accurately. One can't do any of these things without words.

A word is the audible, visual expression of an idea. It must be articulate, incisive and definitive, else the idea is unclear, and the attempt to communicate it ends in confusion and misunderstanding.

Not every one has facility in expression. Moses claimed to be "slow of speech and of tongue," but he managed to say aplenty (Exodus 4:10).

Barrier Of Language

"Can't you talk faster?" asked a patient listener of a slow-motion speechifier. "I'm giving it to you as fast as I get it," replied the speaker who was not "handy" with his tongue.

Ever since the Babel episode (Genesis 11:4-9) there has been disharmony, suspicion, bickering among the peoples of the world, whether on a national or local scale.

Men are separated by barriers of language more than they are united by bridges. Originally, "rivals" were the folks living on the other side of the river. Bridges brought rivals together.

"The French are funny folk
who seem to us like sillies,
"They call their mothers
mares, and call their daughters
fillies."

Can men live peaceably together on this planet? It begins to appear as if we must, or get off.

At the World Council of Churches recently held in Evanston, 600 delegates representing 163 denominations from all over the world, gathered to explore the possibilities of "peaceful coexistence."

"Some were Anglican,
"Some were Roman,
"All were Episcopal
"Around the abdomen."

The principal addresses were delivered automatically in English, French and German. By pressing a button the listener could hear the speech in the language of his choice.

One of the addresses was given in English only. One of the delegates knew French and German, but not English.

A woman volunteered to interpret the speech for him, which she did, sitting close by his side and speaking quietly.

Flash! — spinsters romantically inclined, observe the technique.

Different Vocabularies

"E Pluribus Unum" is a good motto for the nation, and also for a community. In our bailiwick there are diverse elements, each with its own vocabulary—business, industrial, social, professional.

We have editorial writers, commentators, weather forecasters, armchair strategists, doctrinaires. We must hang together, or hang separately.

The lawyer can say to the preacher, "Cut your sermons, in the interest of public policy." The preacher can say to the lawyer, "Your briefs are not brief enough." The banker can say, "I know my coat is short, but it will be long before I get another." Thus they will be pals and bon vivants together.

"Poppa, what's the difference between the Cherubim and the Seraphim?" The father hedged before the question of his young hopeful, and then answered: "They had a difference once, but they made it up."

A friend boasted that he and his wife never quarreled. Mirabile-dictu! "When we have a difference of opinion on any subject, we always compromise."

"For example, my wife says we must get up at six, and I say we must get up at seven. We compromise by getting up at six."

A great Teacher advised: "Make friends quickly with your accuser, while you are going with him to court, lest your accuser hand you over to the judge, and the judge put you in jail" (Matthew 5:25).

"A dog is more perfect as a dog than a man is as a man." Why does your dog scratch his ear? He is the only one who knows it itches. It makes no real difference whether your dog wags his tail, or the tail wags the dog. The former priority seems as nature intended.

Have you noticed the pearl grey rim around the edge of the horizon lately? It is not a natural phenomenon as you might suppose, but is occasioned by the dust floating out of law libraries, stirred up by researchers trying to find the difference between "Tweedledum" and "Tweedledee" and how to adjudicate it.

Judicially yours,
BROTHER BARNABAS

Treatment For Bell's Palsy Should Be Started Early

By Dr. Theodore R. Van Dellen

A year ago, I mentioned the fact that cortisone was being used to treat Bell's palsy. Best results were obtained when the hormone was given within the first nine days after this form of facial paralysis developed.

Bell's palsy, a common neurological disorder, usually appears suddenly and without distress. The individual may go to bed feeling fine and on awakening the next morning and looking into the mirror, is astounded by his appearance. One side of the face is drooping and motionless.

In the typical case, all the muscles of one-half the face are paralyzed. The victim is unable to wrinkle his forehead, corrugate his brow, or close the eye on the affected side. When attempting to smile, the angle of the lips on the good side goes up whereas the other remains down.

It is impossible to draw up the muscles of the mouth to whistle, smile, or show the teeth. When the sufferer tries to close the eye, the eyeball rolls upward in a vain attempt to follow directions.

Need for early treatment stems from the fact that in some instances paralysis originates with inflammation of the facial nerve. This structure passes through a narrow, bony canal to get to the face and the slightest swelling is enough to pinch off nerve impulses and produce paralysis. Cortisone reduces this swelling

Should this pinching process last several days, the fibers degenerate and healing requires a longer time. It may never be complete, consequently these individuals are left with telltale evidence of Bell's palsy. These signs may be so slight the sufferer is unaware of them unless they are called to his attention. There may be slight asymmetry of the face or wasting of the small muscles near the corner of the mouth.

Occasionally, the nerve fails to recover and the victim is left with noticeable sagging of one side of the face. This is unsightly and a handicap for other reasons: the limp mouth muscles cannot hold back the corner of the mouth. Eating is affected when the cheek muscles are involved and, in addition, the cheek lining folds in and is given a mean bite.

Plastic surgery offers considerable help. Dr. Harold I. Harris of Los Angeles pulls up the sagging muscles with transplanted strips of fibrous tissue. One end is fastened to the cheek bone and the other is looped about the paralyzed muscles. When the job is done properly, both sides of the face become symmetrical.

HOSPITAL FOR DRUG ADDICTS

W. L. writes: How can a drug addict get into the government hospital in Kentucky?

REPLY

The patient, his family, or a physician may send to the Medical Officer in Charge, Lexington, Ky., for an application form. The application is processed and if the addict is qualified as acceptable, he will receive notification of admission.

FELON

R. R. writes: What is paronychia?

REPLY

Infection around the nails, frequently referred to as felon or runaround. Bacteria or fungi may be responsible. Send stamped, self-addressed envelope for leaflet on this condition.

STREP IS CULPRIT

D. C. writes: Is rheumatic fever caused by a germ?

REPLY

The disease is initiated by streptococci that usually attack during a bout of sore throat or tonsilitis. The body defends itself by manufacturing antibodies. To the best of our knowledge, rheumatic fever develops from 10 to 15 days later in those who are sensitive to these antibodies.

BOTTLE BABY

Mrs. W. writes: Is a 25-month-old boy too old to drink milk out of a bottle? He won't take it from a glass.

REPLY

They are never too old, if you let them get away with it. Why not make it a glass or nothing. It won't hurt your boy to go without drinking milk for the time being, provided he is on a well balanced diet.

SPRAINED ANKLE

W. C. writes: I sprained my ankle and it is taking a long time for it to heal. Is this the usual thing?

REPLY

Sprained ankles fail to heal when (1) treatment is inadequate; (2) the sprain is really a fracture; (3) the individual has had repeated sprains and the overstretched ligaments are no longer able to support the ankle.

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is inclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnoses or prescribe for individual diseases.

Another Injured

(Continued from Page 14)

Valentine was traveling at a high rate of speed.

Miller was taken to Memorial Hospital in an ambulance in an unconscious condition. At the hospital last night, his condition was reported as critical and his injuries were extensive and serious. Miller is married and is associated with his father-in-law, Frank Bennett, in the bottled gas, furnace, plumbing and air conditioning business. He is the father of two small children ages about eight and three years.

Valentine was employed at the River Plant of the Potomac Edison Company here. There was some question as to his identity and many rumors were rampant for a couple of hours after the accident. The newspaper, police and funeral director were all beseiged with calls asking who the victim was.

Valentine's body was identified at the George Funeral Home by his supervisor from the power company and then the family was notified.

Valentine was born here September 27, 1925. He was a son of Carl and Ida Belle (Bridges) Valentine, here, and served in the United States Navy as a Chief Petty Officer during World War II.

He is survived besides his parents by his wife, Pauline (Short) Valentine, a son Richard Lee Valentine, age six; a daughter, Carolyn Sue Valentine, age three, at home; and two stepsons, William R. Patton, this city, and Charles L. Patton, at home. He also leaves a brother, Jesse J. Valentine, Bedford Road, and a half sister, Mrs. Knute Huffman, Hyndman. He was a member of the Methodist Church and Order of Owls Nest No. 90.

The body will remain at the George Funeral Home until funeral arrangements are completed. Friends will not be received at the funeral home until after 4 p.m. today.

Men Rob Sailor

BALTIMORE, Sept. 3 (AP)—Stanley Rosenblatt, 22-year-old sailor stationed at Bainbridge Naval Training Center, told police three men offered him a lift in their car last night then took him to the waterfront, beat him up and robbed him of $22.

Maryland Race Solons Suspend Three Trainers

Lafferty, Chenoweth, Brown Are Penalized

BALTIMORE, Sept. 3 (AP)—Three horse trainers were suspended today, one for 18 months, by the Maryland Racing Commission as a result of two cases of stimulation at Hagerstown's half-mile track last month.

The stiffest penalty, 18 months, was given William K. Lafferty who served as assistant trainer for Charles P. Chenoweth who drew a 60-day suspension.

Norman L. Brown was suspended for six months.

Chairman D. Eldred Rinehart of the State Racing Commission said Chenoweth had been found guilty only of negligence in not having his stable properly supervised.

Chenoweth's assistant, Lafferty, admitted injecting amphetamine into Loksgood the day before she won at Hagerstown and further stated he failed to inform Chenoweth of the stimulation, Rinehart said.

Didn't Tell Chenoweth

Lafferty, 41, said Loksgood was "tied up" after her race and that he injected both vitamin B1 and amphetamine, a drug used to stimulate the central nervous system, to relieve the condition.

"She was a 2 to 1 favorite," Lafferty said, "and I didn't bet a penny on her. I meant to tell Buck (Chenoweth) about the injection but I just forgot.

Brown, the third trainer suspended, denied all knowledge of any injection to his horse, Dr. Wright. He hires no help, he said, and does all his work assisted only by his wife.

Brown, 43, a resident of Unionville, Pa., previously served a six-month suspension in West Virginia for an alleged stimulation case at Charles Town in 1949.

Loksgood and Dr. Wright were stabled in the same barn at Hagerstown, and according to Brown the horses were only two stalls apart.

Protests Verdict

Chenoweth, who lives in Baltimore County, protested the verdict and informed the commission he would seek permission to dispose of his horses.

Lafferty and Brown are denied access to race tracks and stable areas during the duration of their suspensions which started today. Chenoweth, whose suspension dates from Aug. 20, will not be barred.

Daily Bridge Lesson — by Barclay

SOMETHING NEW TO SEE

IF YOU ever reach the stage where you think you have seen an example of everything that can happen at a bridge table, you have not been around the game many years. For, after several more seasons have passed, and you continue every once in a while to meet developments which are new to you, it will begin to dawn on you that there is no limit to the odd occurrences which are possible. Each new one will give you a thrill of some kind, but it will no longer make you believe you will never again find anything more bizarre.

Have you ever known of a bid like that last one of South's, when he had no cards at all of his partner's suit? It would seem that, unless the dummy had a side entry, he could never get a trick in diamonds. But tarry a while.

West made the natural lead of his heart K and, on seeing his partner's J fall, decided it was a singleton, so shifted to the club J, which brought forth the 7, for some obscure reason, from East, and the Q. South thereupon ran his five spade tricks and noted the discards. West's were two hearts and his three diamonds, which South decided were the only ones he had, as with more he might have held them to defend against the dummy's suit.

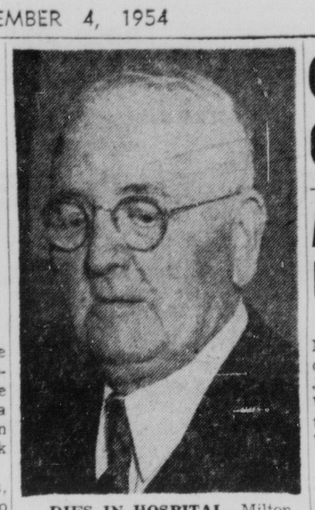

East having followed suit throughout, South had him counted for five diamonds and the lone club K. So, instead of dropping the K with his A, he led the 6 to it. Sure enough, East had to return a diamond, using the 10 to the J. The A and K won, the 7 was led to the Q, and East had to return the 5 to the 6 in dummy to give South his tenth trick. Obviously, if East had used the K on the club lead from his partner, this grotesque happening would not now be in this column.

Your Week-end Question

What is wrong about the sometimes offered advice that a 7 or higher card from your partner on a particular trick is an "encouraging card" betokening a desire that the suit be led, whereas a 6 or lower card is a "discouraging card" suggesting that you avoid that suit? What is the sound advice on this subject?

DIES IN HOSPITAL—Milton George VanMeter, 73-year-old retired Cresaptown merchant, died Thursday in Memorial Hospital. He had served 43 years as postmaster at Cresaptown until being retired in 1949. Mr. VanMeter had operated his business establishment 58 years, only retiring in July from managing the store. The body is at the residence.

Residents Vote To Operate Water Company

FROSTBURG—Residents of Welsh Hill have voted to assume operation of the water lines serving their homes by the Spriggs Water Company.

The group also elected officers. Elected were John Parker, president; Gratten Jones, vice president; Ruth B. Engle, secretary; Earl Davis, treasurer, and Mrs. Helen Gardner, assistant secretary.

A committee headed by Davis reported on the recent survey conducted. A suggested rate of $1 minimum charge per month for the first 1,000 gallons of water and 10 cents for each additional 100 gallons used was reported.

Water will be purchased from the city of Frostburg for which a $300 bond must be posted. This amount will be raised by a collection of $5 from each consumer. There are approximately 85 families now using water and each house or business place will have to purchase and install a meter and where the present main lines cross a person's property, they must sign an agreement giving the company permission at any time to trespass to maintain or disconnect a line for non-payment of bills.

Davis said that if a customer is disconnected for non-payment, he will have to pay a re-connection charge plus the cost of the work involved.

The group approved the recommendations and voted to submit them to a lawyer for further consideration. William L. Wilson, Cumberland, volunteered his services on legal matters. The group has tentatively planned another meeting for Tuesday, September 7, at which time they will ask Wilson to be present to make further plans.

Win On Winebrenner, Carter Circuit Belts

FROSTBURG, Sept. 3 — Home runs by Pinch Hitter Robert Winebrenner and Chester Carter after two away in the final inning enabled Frostburg Little League All-Stars to defeat Piedmont's Negro Little Leaguers in a 4-3 thriller here today.

Frostburg came to bat in the 6th frame trailing by the score of 3-1. It looked like curtains for the home team after the first two batsmen were retired but Bob Winebrenner, pinch-hitting for Hall, belted a homer over the centerfield fence. Gene Zumpano singled and Chester Carter hammered the ball over the left field barrier to win the game.

J. Taylor hit a round-tripper and Donald Blowe garnered three singles to head the Piedmont stickers.

Manager Gene Wilson's Frostburg All-Stars will play the Midland All-Stars Tuesday at 6 p. m. in Midland. Frostburg won the opening game of this series, 6-2.

Men Rob Sailor

BALTIMORE, Sept. 3 (AP)—Stanley Rosenblatt, 22-year-old sailor stationed at Bainbridge Naval Training Center, told police three men offered him a lift in their car last night then took him to the waterfront, beat him up and robbed him of $22.

Maryland Race Solons Suspend Three Trainers

Lafferty, Chenoweth, Brown Are Penalized

BALTIMORE, Sept. 3 (AP)—Three horse trainers were suspended today, one for 18 months, by the Maryland Racing Commission as a result of two cases of stimulation at Hagerstown's half-mile track last month.

The stiffest penalty, 18 months, was given William K. Lafferty who served as assistant trainer for Charles P. Chenoweth who drew a 60-day suspension.

Norman L. Brown was suspended for six months.

Chairman D. Eldred Rinehart of the State Racing Commission said Chenoweth had been found guilty only of negligence in not having his stable properly supervised.

Chenoweth's assistant, Lafferty, admitted injecting amphetamine into Loksgood the day before she won at Hagerstown and further stated he failed to inform Chenoweth of the stimulation, Rinehart said.

Didn't Tell Chenoweth

Lafferty, 41, said Loksgood was "tied up" after her race and that he injected both vitamin B1 and amphetamine, a drug used to stimulate the central nervous system, to relieve the condition.

"She was a 2 to 1 favorite," Lafferty said, "and I didn't bet a penny on her. I meant to tell Buck (Chenoweth) about the injection but I just forgot.

Brown, the third trainer suspended, denied all knowledge of any injection to his horse, Dr. Wright. He hires no help, he said, and does all his work assisted only by his wife.

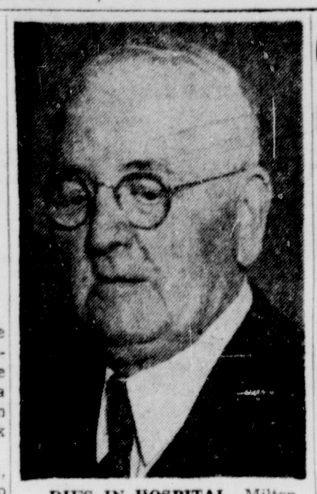

Brown, 43, a resident of Unionville, Pa., previously served a six-month suspension in West Virginia for an alleged stimulation case at Charles Town in 1949.

Loksgood and Dr. Wright were stabled in the same barn at Hagerstown, and according to Brown the horses were only two stalls apart.

Protests Verdict

Chenoweth, who lives in Baltimore County, protested the verdict and informed the commission he would seek permission to dispose of his horses.

Lafferty and Brown are denied access to race tracks and stable areas during the duration of their suspensions which started today. Chenoweth, whose suspension dates from Aug. 20, will not be barred.

DIES IN HOSPITAL—Milton George VanMeter, 73-year-old retired Cresaptown merchant, died Thursday in Memorial Hospital. He had served 43 years as postmaster at Cresaptown until being retired in 1949. Mr. VanMeter had operated his business establishment 58 years, only retiring in July from managing the store. The body is at the residence.

Residents Vote To Operate Water Company

FROSTBURG—Residents of Welsh Hill have voted to assume operation of the water lines serving their homes by the Spriggs Water Company.

The group also elected officers. Elected were John Parker, president; Gratten Jones, vice president; Ruth B. Engle, secretary; Earl Davis, treasurer, and Mrs. Helen Gardner, assistant secretary.

A committee headed by Davis reported on the recent survey conducted. A suggested rate of $1 minimum charge per month for the first 1,000 gallons of water and 10 cents for each additional 100 gallons used was reported.

Water will be purchased from the city of Frostburg for which a $300 bond must be posted. This amount will be raised by a collection of $5 from each consumer. There are approximately 85 families now using water and each house or business place will have to purchase and install a meter and where the present main lines cross a person's property, they must sign an agreement giving the company permission at any time to trespass to maintain or disconnect a line for non-payment of bills.

Davis said that if a customer is disconnected for non-payment, he will have to pay a re-connection charge plus the cost of the work involved.

The group approved the recommendations and voted to submit them to a lawyer for further consideration. William L. Wilson, Cumberland, volunteered his services on legal matters. The group has tentatively planned another meeting for Tuesday, September 7, at which time they will ask Wilson to be present to make further plans.

Win On Winebrenner, Carter Circuit Belts

FROSTBURG, Sept. 3 — Home runs by Pinch Hitter Robert Winebrenner and Chester Carter after two away in the final inning enabled Frostburg Little League All-Stars to defeat Piedmont's Negro Little Leaguers in a 4-3 thriller here today.

Frostburg came to bat in the 6th frame trailing by the score of 3-1. It looked like curtains for the home team after the first two batsmen were retired but Bob Winebrenner, pinch-hitting for Hall, belted a homer over the centerfield fence. Gene Zumpano singled and Chester Carter hammered the ball over the left field barrier to win the game.

J. Taylor hit a round-tripper and Donald Blowe garnered three singles to head the Piedmont stickers.

Manager Gene Wilson's Frostburg All-Stars will play the Midland All-Stars Tuesday at 6 p. m. in Midland. Frostburg won the opening game of this series, 6-2.

Daily Bridge Lesson by Barclay

SOMETHING NEW TO SEE

IF YOU ever reach the stage where you think you have seen an example of everything that can happen at a bridge table, you have not been around the game many years. For, after several more seasons have passed, and you continue every once in a while to meet developments which are new to you, it will begin to dawn on you that there is no limit to the odd occurrences which are possible. Each new one will give you a thrill of some kind, but it will no longer make you believe you will never again find anything more bizarre.

Have you ever known of a bid like that last one of South's, when he had no cards at all of his partner's suit? It would seem that, unless the dummy had a side entry, he could never get a trick in diamonds. But tarry a while.

West made the natural lead of his heart K and, on seeing his partner's J fall, decided it was a singleton, so shifted to the club J, which brought forth the 7, for some obscure reason, from East, and the Q. South thereupon ran his five spade tricks and noted the discards. West's were two hearts and his three diamonds, which South decided were the only ones he had, as with more he might have held them to defend against the dummy's suit.

East having followed suit throughout, South had him counted for five diamonds and the lone club K. So, instead of dropping the K with his A, he led the 6 to it. Sure enough, East had to return a diamond, using the 10 to the J. The A and K won, the 7 was led to the Q, and East had to return the 5 to the 6 in dummy to give South his tenth trick. Obviously, if East had used the K on the club lead from his partner, this grotesque happening would not now be in this column.

• • •

Your Week-end Question

What is wrong about the sometimes offered advice that a 7 or higher card from your partner on a particular trick is an "encouraging card" betokening a desire that the suit be led, whereas a 6 or lower card is a "discouraging card" suggesting that you avoid that suit?" What is the sound advice on this subject?

254 Freshmen To Enroll At Potomac State

Korean Veterans Urged To Apply

KEYSER — Two hundred and eight Freshmen students have completed all requirements for entering the fall term at Potomac State College this month, and 46 others, who attended summer school at State, and who will be in the freshman class, have met requirements and will be enrolled at the opening of the term. This is a total of 254 Freshmen. Others are expected to meet the requirements later and be on the campus for the school opening.

Dean K. S. McKee, in discussing the freshman class possibilities believes the full class will be well beyond this total.

The dean made mention of the Korean GI Bill, which has been extended from two years to three, and said that persons who are interested in taking advantage of this GI Bill offer, should contact him as soon as possible in order to get full particulars and arrange for enrolling.

Keyser To Observe Labor Day Holiday

KEYSER—Labor Day will be observed in the customary holiday routine manner Monday. Banks and other places of business will be closed. The local banks will remain open today for routine banking business as an assist to local merchants.

There is nothing of special note for the holiday in the city, but a number of persons will be away from home over the weekend holiday, most of them leaving yesterday and today.

The organization has revised its by-laws and had them adopted by the Sisterhood and approved by the grand chief, Mrs. Agnes Love, Cumberland. They will be distributed at this month's meeting.

846 Keyser High Students Report

KEYSER — Enrollment of pupils in Mineral County public schools will not be known before early next week, although the schools opened for registration on Thursday.

However, Parker C. Black, principal of Keyser High School, said that the enrollment on Wednesday was 846. Fifty-eight students who had registered last spring for this term, did not appear, and he said he presumed they would report the coming week. If they all return, the enrollment will be 904, and there is some likelihood there may be more when school convenes Tuesday. The 904 expected now, will be 30 more students than were in class last year.

Elaine Hess To Be Bride Of Robert Moran Tonight

MT. SAVAGE — Miss Elaine Hess, daughter of Mrs. Thelma Hess and the late Joseph Hess, will become the bride of Robert Edwin Moran, son of Mrs. Kathleen Moran and the late Thomas Moran, at 7 p. m. today in St. Patrick's Rectory, the ceremony being performed by the pastor Rev. Michael J. Smyth.

The matron of honor and bride's only attendant will be Mrs. Robert Nelson, Frostburg, sister of the bride.

Thomas Moran, brother of the groom, will be best man. Immediately following the ceremony, a reception will be held at the bride's home on Calla Hill.

The bride attended Mt. Savage Elementary School and was graduated from Beall High, class of 1951. She is employed by Auto Accessories Company, Cumberland.

The groom attended St. Patrick's School and graduated in 1951 from Beall. Moran is in the navy and is an aviation mechanic's mate, stationed on Patuxent Naval Station.

Following the reception, the couple will leave for Niagara Falls and a tour of Canada.

Pinto Quartet Wins Farm Talent Contest

KEYSER — A Pinto quartet, composed of Lois Dayton, Paul Livingood, Carol Johnson and Robert Dayton, was chosen Thursday night at the Southern States Farm Talent Round-up Amateur Contest, held in the Keyser High School auditorium.

Singing folk songs, the group entered by Mrs. Harry Barton, won easily before the crowd of 300 persons gathered for the Co-operative meeting. The winning quartet will have a try-out for the original Amateur Hour TV Show.

The affair was sponsored by Burgess Brothers Farm Service, Southern States Co-operative and the Amateur Hour program. Keyser and Mineral County were well represented at the evening's program.

PSC To Air Radio Program Each Sunday

KEYSER — Potomac State College will be on the air again, starting at 12:45 p. m. Sunday, opening the fall and winter series of regular Sunday broadcasts from Station KSYR, Keyser.

The program Sunday will have for its theme, "How To Be a Successful College Freshman," and will be directed by Kenneth Haines, instructor in language at Potomac State College.

Assisting with the program will be Miss Ida Frances Ward, Keyser, and Dean K. S. McKee, of the college.

254 Freshmen To Enroll At Potomac State

Korean Veterans Urged To Apply

KEYSER — Two hundred and eight Freshmen students have completed all requirements for entering the fall term at Potomac State College this month, and 46 others, who attended summer school at State, and who will be in the freshman class, have met requirements and will be enrolled at the opening of the term. This is a total of 254 Freshmen. Others are expected to meet the requirements later and be on the campus for the school opening.

Dean K. S. McKee, in discussing the freshman class possibilities believes the full class will be well beyond this total.

The dean made mention of the Korean GI Bill, which has been extended from two years to three, and said that persons who are interested in taking advantage of this GI Bill offer, should contact him as soon as possible in order to get full particulars and arrange for enrolling.

Tri-State Area Schools To Open Football Season Friday

Bedford Hosts LaSalle, Beall In Martinsburg

Ridgeley Faces Alumni; Romney, Moorefield, Keyser Kick Off Lid

Two seasons — baseball and football — start overlapping next week in the tri-state area.

With the playoffs under way in the sandlot baseball circuits, the football season blows in Friday night with at least seven games on tap.

LaSalle High School will be the first of the three Cumberland schools to pry off the lid. Norman Geatz's Explorers have a Friday night engagement with the Bisons at Bedford.

Coach Chet Payne's Ridgeley High Blackhawks host the Alumni at Ridgeley and Wes Abrams, former Allegany High and Washington and Lee University grid star, makes his debut as Romney High coach by sending the Pioneers into action at home against Gerard Calhoun's Indians from Berkeley Springs High School.

Beall Visits Martinsburg

Ray Hull has picked what looms as a tough opening test for his Beall High gridders with the Mountaineers slated to tackle the Bulldogs under the lights at Martinsburg Friday night.

Fred "Tack" Clark's Keyser High Golden Tornado launches its 1954 campaign with "Zip" Lorenz's Purple Panthers at Charles Town, W. Va.; Jonathan Paugh's Moorefield Yellow Jackets invade Greenbank and Thomas plays Jesse Riggleman's Vikings at Petersburg in other games set for Friday.

Saturday games find Bob Sullivan's Parsons High Panthers tackling Homer Fizer's University High eleven at Morgantown and Bob Hartman's Franklin High Panthers invading Marlinton in Pocahontas county for their opening contests.

Playoffs Start Today

On the baseball front today, the All-States Association playoffs get under way at Centerville and Westernport, Keyser Ridge and Wellersburg engage in a playoff game to determine fourth place in the Pen-Mar League and Hyndman and LaVale's Maroons tangle at LaVale this afternoon in the opener of a best-of-three series for the Pen-Mar Little League crown.

The All-States playoffs resume tomorrow at Moorefield and Frostburg, the Pen-Mar League stages its second All-Star game of the season at Hyndman and the series for the Mineral County Softball League title comes to a close at Wiley Ford.

Managers of home teams are urged to have results of Sunday games in as early as possible because of the NEWS going to press early for the holiday.

U. S. Regains Curtis Cup

Whips British Women Golfers 8-3 Score

ARDMORE, Pa., Sept. 3—(INS)—The United States regained the Curtis Cup today by beating the British, 6-3, in the international women's golf matches at Merion's East Course.

The American women scored their sixth victory in eight attempts—one match ended in a tie—by splitting the six singles played today. They had swept the three foursomes yesterday.

Polly Riley, of Fort Worth, Tex. winning her fourth straight Curtis Cup singles, set a record winning margin by thrashing England's Elizabeth Price, 9 and 8.

Other American victors were Claire Doran, of Cleveland, who defeated Jeanne Bisgood, and Mrs. Grace De Moss Smith, of Coral Gables, Fla., who beat Mrs. George Valentine, both by 4-and-3 scores.

England's Frances Stephens shaded Mart Lena Faulk, of Thomasville, Ga., 1 up, in the match between the amateur champions of the two nations. She birdied the 36th hole.

Other English points were scored by 19-year-old Janette Robertson, who defeated Joyce Ziske, of Milwaukee, 3 and 1, and Philomena Garvey, who beat Dorothy Kirby, of Atlanta, 3 and 1.

Pirates Drop Pair

PITTSBURGH, Sept. 3 (AP)—The Philadelphia Phillies ran their winning streak to five games tonight, combining topflight pitching and lusty hitting for 7-1 and 10-2 victories over the punchless Pittsburgh Pirates. Granny Hamner led the attack with five safeties in nine trips four of them doubles.

Hoad Is Upset By Richardson In Five Sets

Louisiana Collegian Cops 3-Hour Battle In National Singles

FOREST HILLS, N. Y., Sept. 3 (AP) — Young Ham Richardson of Baton Rouge, La., playing the greatest tennis of hs career, upset Australia's No. 1 ace, Lewis Hoad, in a tense and bitter three-hour battle today to gain the semi-finals of the national tennis championships. The scores were 6-4, 7-5, 11-13, 4-6, 6-3.

Three times in the third set, after taking the first two, the 21-year-old American intercollegiate champion saw victory snatched from his grasp when the grimly fighting Hoad fought off match points.

Then when Hoad finally won that set at 13-11 and took the next, the highly-excited crowd of 13,000 despaired of the Louisiana boy's chances.

Takes Insulin Shots

But Richardson, a diabetic who takes insulin shots each day, found some new strength from somewhere, cracked Hoad's service in the sixth game of the final set with two spectacular backhand passing shots and went on to his greatest triumph.

The victory may have clinched a singles spot on the United States Davis Cup team for the good-looking, sandy-haired collegian.

Richardson's brilliant triumph broke an otherwise day of almost solid conquest for the tennis-playing wizards from Down Under who have held the Davis Cup since 1950.

All other matches in the men's division were a round behind Richardson.

The defending champion, Tony Trabert of Cincinnati, led this advance in virtual obscurity by defeating the Davis Cup captain, Bill Talbert of New York, 7-5, 6-3, 6-0.

Trabert wasn't pressed.

Seixas Advances

Vic Seixas of Philadelphia, America's second seeded hope, moved into the quarterfinals with an important triumph over southpaw Neale Fraser, a member of Australia's "second team," 4-6, 7-5, 7-5, 6-2.

Other fourth round winners were: Ken Rosewall, Australia's No. 2 Davis Cup star, who defeated Edward Moylan of Trenton, N. J., 6-4, 6-2, 1-6, 6-3; Rex Hartwig of Australia, who beat 40-year-old Gardnar Mulloy of Miami, Fla., 6-8, 6-4, 6-3, 6-2, and lefty Art Larsen of San Leandro, Calif., 1950 champion, 6-4, 6-3, 7-5 victor over Herbie Flam of Beverly Hills, Calif.

In tomorrow's unfinished quarter-finals, Trabert faces Hartwig, Larsen meets Rosewall and Tom Brown Jr. of San Francisco, who advanced yesterday, opposes Seixas.

County Net Finals Set For Labor Day

Four players remain in the Allegany County tennis tournament which will be concluded this weekend.

Lawrence Middlekamp and Lua Syckes are scheduled to play the semi-finals of the upper division this afternoon at 3 o'clock on the Dingle courts.

In the lower division Bill Day meets Jack Dorsey of Keyser today or tomorrow.

The winners of these two matches will play the finals Monday, Labor Day.

The men's doubles will also be played over the weekend. Teams not reporting will be defaulted.

Bosox Crush A's

PHILADELPHIA, Sept. 3 (AP) — Ted Williams became the fifth top home run hitter in major league history tonight with a two-run blast that sparked the Boston Red Sox to an 11-1 win over the Philadelphia Athletics. Williams leads all active players in the home run department.

Williams' homer—h.s 25th of the year—came in the third with Billy Goodman on second by way of a double that scored Milt Bolling. Bolling had walked.

The homer raised to 362 Williams' lifetime major league total. Only the late Babe Ruth (714), Jimmy Foxx (534), Mel Ott (511) and the late Lou Gehrig (494) ever hit more. The big hit put Ted one ahead of the 361 total racked up by Joe Di Maggio during his tenure with the New York Yankees.

Joe Geatz's Single Nets ODC 3-2 Win

Moose Drop Second Straight In Series

Joe Geatz's timely single to centerfield in the sixth inning scored Vernon Penner with the run that gave the Cumberland Outdoor Club a 3-2 decision over the Loyal Order of Moose yesterday at Stitcher Field.

The victory was the second straight for the O.D.C. in the best-of-five series for the championship of the Rocking Chair Softball League. The third game is set for Tuesday at 6 o'clock at Stitcher Field.

With the score knotted at 2-2 in the 6th, Penner doubled after one away and scored the winning tally on Geatz's single.

Jim Roby drove in both of the Moose team's runs. In the second he gave the Moose a 1-0 lead when he drove in the first tally of the game with a timely single after Elliott and Porter had hit safely and advanced on Comer's infield out. In the fifth Porter doubled, took third on an error and scored on Roby's sacrifice fly.

The Moose took a 2-1 lead in the third when Jack Luttrell delivered a two-run single. Dougherty had walked, moved to second on Durbin's single and both runners advanced on Cecil Grimes' outfield fly.

The winners collected nine hits, six of which were shared by Ted Durbin, Jack Luttrell and Jack Cook. Pete Elliott and "Bub" Porter garnered two hits each for the Moose.

In the 7th inning with bases loaded, Frank Williams, second sacker of the Moose, nipped a rally in the bud when he made a backhand stab of Grimes' drive through the box and converted it into a double play.

Sam Brady, O.D.C. catcher, turned in a bare-handed stab of a foul ball and Dick Boyle of the Moose made a nice catch of Sam Brady's line drive in short field. Grimes also played a bangup game at short for the victors.

Yankees Repurchase Tommy Byrne, 20-Game Winner For Seattle

NEW YORK, Sept. 3 (INS)—The New York Yankees, clutching at any possible help in their American League stretch drive, today repurchased lefthander Tommy Byrne, whom they gave up three seasons ago because of his wildness.

The Yankees bought Byrne, a 20-game winner for Seattle of the Pacific Coast League, for an undisclosed amount of cash and a player yet to be named.

The 34-year-old southpaw was with the Yankees from 1947 until June, 1951, when he was sold to the St. Louis Browns.

Although he once hit four men in one game to tie a major league record and walked 16 in another contest, Coast League statistics show that he passed only 103 and struck out 201 in 262 innings this season.

Byrne is joining the Yanks too late to be eligible for the World Series, should they overcome Cleveland's 3-½ game lead, but may be useful in the remaining 20 regular season games.

Cards Bow To Cubs

World Series Ticket Prices Remain Same As Last Season

Range From $10 To $2; Classic Will Open In National Park Sept. 29

By TED SMITS

NEW YORK, Sept. 3 (AP)—Commissioner Ford Frick and the American and National League contenders decided today to keep ticket prices for the World Series the same as in 1953, and to open the series, as expected, in the National League park on Wednesday, Sept. 29.

If a playoff is required in either or both leagues, one day will intervene between its finish and the start of the series. Both races are close enough to indicate its possibility. The National League settles a tie with the best two-out-of-three games, and the American League with a single game.

No Change In Prices

Ticket prices will be $10 for box seats, $7 for reserved seats, $4 for standing room, and $2 for the bleachers. On all games played in New York or Brooklyn a 5 per cent city sales tax must be added. The Giants announced no box seats will be sold publicly since all have been allocated to regular season ticket holders.

The series, a best four-out-of-seven affair, will follow the usual pattern. There will be two games in the National League park, two—or three—in the American League park, and then the action will shift back to the National League park for one or two more.

The series will run consecutively without any time off for traveling unless Milwaukee is the National League representative against the New York Yankees. In that case there will be one day between all changes in location.

Represented at the meeting in Frick's office were executives of the New York Giants, the Brooklyn Dodgers and the Milwaukee Braves, currently one-two-three in the National League, and the Cleveland Indians and the New York Yankees, one-two in the American League. The third place Chicago White Sox were not represented.

Starting Time Is Set

All series games will start at 1 p.m., local time, except Sunday games in New York, which start at 2:05 p.m.

Hawkins Is Leader

AKRON, Ohio, Sept. 3 (AP)—Fred Hawkins, smiling professional from El Paso, Tex. celebrated his 31st birthday today with a startling 32-32—64 over Firestone Country Club's 6,620-yard par-72 course for a one-stroke lead at the halfway mark in the $15,000 Rubber City Open.

Wampler added a 68 today to his opening 67 for 135—one more than Hawkins' 10-under-par 134.

Tri-State Area Schools To Open Football Season Friday

Bedford Hosts LaSalle, Beall In Martinsburg

Ridgeley Faces Alumni; Romney, Moorefield, Keyser Kick Off Lid

Two seasons — baseball and football — start overlapping next week in the tri-state area.

With the playoffs under way in the sandlot baseball circuits, the football season blows in Friday night with at least seven games on tap.

LaSalle High School will be the first of the three Cumberland schools to pry off the lid. Norman Geatz's Explorers have a Friday night engagement with the Bisons at Bedford.

Coach Chet Payne's Ridgeley High Blackhawks host the Alumni at Ridgeley and Wes Abrams, former Allegany High and Washington and Lee University grid star, makes his debut as Romney High coach by sending the Pioneers into action at home against Gerard Calhoun's Indians from Berkeley Springs High School.

Beall Visits Martinsburg

Ray Hull has picked what looms as a tough opening test for his Beall High gridders with the Mountaineers slated to tackle the Bulldogs under the lights at Martinsburg Friday night.

Fred "Tack" Clark's Keyser High Golden Tornado launches its 1954 campaign with "Zip" Lorenz's Purple Panthers at Charles Town, W. Va.; Jonathan Paugh's Moorefield Yellow Jackets invade Greenbank and Thomas plays Jesse Riggleman's Vikings at Petersburg in other games set for Friday.

Saturday games find Bob Sullivan's Parsons High Panthers tackling Homer Fizer's University High eleven at Morgantown and Bob Hartman's Franklin High Panthers invading Marlinton in Pocahontas county for their opening contests.

Playoffs Start Today

On the baseball front today, the All-States Association playoffs get under way at Centerville and Westernport, Keyser Ridge and Wellersburg engage in a playoff game to determine fourth place in the Pen-Mar League and Hyndman and LaVale's Maroons tangle at LaVale this afternoon in the opener of a best-of-three series for the Pen-Mar Little League crown.

The All-States playoffs resume tomorrow at Moorefield and Frostburg, the Pen-Mar League stages its second All-Star game of the season at Hyndman and the series for the Mineral County Softball League title comes to a close at Wiley Ford.

Managers of home teams are urged to have results of Sunday games in as early as possible because of the NEWS going to press early for the holiday.

U. S. Regains Curtis Cup

Whips British Women Golfers By 6-3 Score

ARDMORE, Pa., Sept. 3—(INS)—The United States regained the Curtis Cup today by beating the British, 6-3, in the international women's golf matches at Merion's East Course.

The American women scored their sixth victory in eight attempts—one match ended in a tie—by splitting the six singles played today. They had swept the three foursomes yesterday.

Polly Riley, of Fort Worth, Tex. winning her fourth straight Curtis Cup singles, set a record winning margin by thrashing England's Elizabeth Price, 9 and 8.

Other American victors were Claire Doran, of Cleveland, who defeated Jeanne Bisgood, and Mrs. Grace De Moss Smith, of Coral Gables, Fla., who beat Mrs. George Valentine, both by 4-and-3 scores.

England's Frances Stephens shaded Mart Lena Faulk, of Thomasville, Ga., 1 up, in the match between the amateur champions of the two nations. She birdied the 36th hole.

Other English points were scored by 19-year-old Janette Robertson, who defeated Joyce Ziske, of Milwaukee, 3 and 1, and Philomena Garvey, who beat Dorothy Kirby, of Atlanta, 3 and 1.

Pirates Drop Pair

PITTSBURGH, Sept. 3 (AP)—The Philadelphia Phillies ran their winning streak to five games tonight, combining topflight pitching and lusty hitting for 7-1 and 10-2 victories over the punchless Pittsburgh Pirates. Granny Hamner led the attack with five safeties in nine trips four of them doubles.

Hoad Is Upset By Richardson In Five Sets

Louisiana Collegian Cops 3-Hour Battle In National Singles

FOREST HILLS, N. Y., Sept. 3 (AP) — Young Ham Richardson of Baton Rouge, La., playing the greatest tennis of his career, upset Australia's No. 1 ace, Lewis Hoad, in a tense and bitter three-hour battle today to gain the semi-finals of the national tennis championships. The scores were 6-4, 7-5, 11-13, 4-6, 6-3.

Three times in the third set, after taking the first two, the 21-year-old American intercollegiate champion saw victory snatched from his grasp when the grimly fighting Hoad fought off match points.

Then when Hoad finally won that set at 13-11 and took the next, the highly-excited crowd of 13,000 despaired of the Louisiana boy's chances.

Takes Insulin Shots

But Richardson, a diabetic who takes insulin shots each day, found some new strength from somewhere, cracked Hoad's service in the sixth game of the final set with two spectacular backhand passing shots and went on to his greatest triumph.

The victory may have clinched a singles spot on the United States Davis Cup team for the good-looking, sandy-haired collegian.

Richardson's brilliant triumph broke an otherwise day of almost solid conquest for the tennis-playing wizards from Down Under who have held the Davis Cup since 1950.

All other matches in the men's division were a round behind Richardson.

The defending champion, Tony Trabert of Cincinnati, led this advance in virtual obscurity by defeating the Davis Cup captain, Bill Talbert of New York, 7-5, 6-3, 6-0.

Trabert wasn't pressed.

Seixas Advances

Vic Seixas of Philadelphia, America's second seeded hope, moved into the quarterfinals with an important triumph over southpaw Neale Fraser, a member of Australia's "second team," 4-6, 7-5, 7-5, 6-2.

Other fourth round winners were: Ken Rosewall, Australia's No. 2 Davis Cup star, who defeated Edward Moylan of Trenton, N. J., 6-4, 6-2, 1-6, 6-3; Rex Hartwig of Australia, who beat 40-year-old Gardnar Mulloy of Miami, Fla., 6-8, 6-4, 6-3, 6-2, and lefty Art Larsen of San Leandro, Calif., 1950 champion, 6-4, 6-3, 7-5 victor over Herbie Flam of Beverly Hills, Calif.

In tomorrow's unfinished quarter-finals, Trabert faces Hartwig, Larsen meets Rosewall and Tom Brown Jr. of San Francisco, who advanced yesterday, opposes Seixas.

County Net Finals Set For Labor Day

Four players remain in the Allegany County tennis tournament which will be concluded this weekend.

Lawrence Middlekamp and Lua Syckes are scheduled to play the semi-finals of the upper division this afternoon at 3 o'clock on the Dingle courts.

In the lower division Bill Day meets Jack Dorsey of Keyser today or tomorrow.

The winners of these two matches will play the finals Monday, Labor Day.

The men's doubles will also be played over the weekend. Teams not reporting will be defaulted.

Bosox Crush A's

PHILADELPHIA, Sept. 3 (AP) — Ted Williams became the fifth top home run hitter in major league history tonight with a two-run blast that sparked the Boston Red Sox to an 11-1 win over the Philadelphia Athletics. Williams leads all active players in the home run department.

Williams' homer—h.s 25th of the year—came in the third with Billy Goodman on second by way of a double that scored Milt Bolling. Bolling had walked.

The homer raised to 362 Williams' lifetime major league total. Only the late Babe Ruth (714), Jimmy Foxx (534), Mel Ott (511) and the late Lou Gehrig (494) ever hit more. The big hit put Ted one ahead of the 361 total racked up by Joe Di Maggio during his tenure with the New York Yankees.

Joe Geatz's Single Nets ODC 3-2 Win

Moose Drop Second Straight In Series

Joe Geatz's timely single to centerfield in the sixth inning scored Vernon Penner with the run that gave the Cumberland Outdoor Club a 3-2 decision over the Loyal Order of Moose yesterday at Stitcher Field.

The victory was the second straight for the O.D.C. in the best-of-five series for the championship of the Rocking Chair Softball League. The third game is set for Tuesday at 6 o'clock at Stitcher Field.

With the score knotted at 2-2 in the 6th, Penner doubled after one away and scored the winning tally on Geatz's single.

Jim Roby drove in both of the Moose team's runs. In the second he gave the Moose a 1-0 lead when he drove in the first tally of the game with a timely single after Elliott and Porter had hit safely and advanced on Comer's infield out. In the fifth Porter doubled, took third on an error and scored on Roby's sacrifice fly.

The Moose took a 2-1 lead in the third when Jack Luttrell delivered a two-run single. Dougherty had walked, moved to second on Durbin's single and both runners advanced on Cecil Grimes' outfield fly.

The winners collected nine hits, six of which were shared by Ted Durbin, Jack Luttrell and Jack Cook. Pete Elliott and "Bub" Porter garnered two hits each for the Moose.

In the 7th inning with bases loaded, Frank Williams, second sacker of the Moose, nipped a rally in the bud when he made a backhand stab of Grimes' drive through the box and converted it into a double play.

Sam Brady, O.D.C. catcher, turned in a bare-handed stab of a foul ball and Dick Boyle of the Moose made a nice catch of Sam Brady's line drive in short field. Grimes also played a bangup game at short for the victors. Score:

Yankees Repurchase Tommy Byrne, 20-Game Winner For Seattle

NEW YORK, Sept. 3 (INS)—The New York Yankees, clutching at any possible help in their American League stretch drive, today repurchased lefthander Tommy Byrne, whom they gave up three seasons ago because of his wildness.

The Yankees bought Byrne, a 20-game winner for Seattle of the Pacific Coast League, for an undisclosed amount of cash and a player yet to be named.

The 34-year-old southpaw was with the Yankees from 1947 until June, 1951, when he was sold to the St. Louis Browns.

Although he once hit four men in one game to tie a major league record and walked 16 in another contest, Coast League statistics show that he passed only 103 and struck out 201 in 262 innings this season.

Byrne is joining the Yanks too late to be eligible for the World Series, should they overcome Cleveland's 3-½ game lead, but may be useful in the remaining 20 regular season games.

World Series Ticket Prices Remain Same As Last Season

Range From $10 To $2; Classic Will Open In National Park Sept. 29

By TED SMITS

NEW YORK, Sept. 3 (AP)—Commissioner Ford Frick and the American and National League contenders decided today to keep ticket prices for the World Series the same as in 1953, and to open the series, as expected, in the National League park on Wednesday, Sept. 29.

If a playoff is required in either or both leagues, one day will intervene between its finish and the start of the series. Both races are close enough to indicate its possibility. The National League settles a tie with the best two-out-of-three games, and the American League with a single game.

No Change In Prices

Ticket prices will be $10 for box seats, $7 for reserved seats, $4 for standing room, and $2 for the bleachers. On all games played in New York or Brooklyn a 5 per cent city sales tax must be added. The Giants announced no box seats will be sold publicly since all have been allocated to regular season ticket holders.

The series, a best four-out-of-seven affair, will follow the usual pattern. There will be two games in the National League park, two—or three—in the American League park, and then the action will shift back to the National League park for one or two more.

The series will run consecutively without any time off for traveling unless Milwaukee is the National League representative against the New York Yankees. In that case there will be one day between all changes in location.

Represented at the meeting in Frick's office were executives of the New York Giants, the Brooklyn Dodgers and the Milwaukee Braves, currently one-two-three in the National League, and the Cleveland Indians and the New York Yankees, one-two in the American League. The third place Chicago White Sox were not represented.

Starting Time Is Set

All series games will start at 1 p.m., local time, except Sunday games in New York, which start at 2:05 p.m.

Hawkins Is Leader

AKRON, Ohio, Sept. 3 (AP)—Fred Hawkins, smiling professional from El Paso, Tex. celebrated his 31st birthday today with a startling 32-32—64 over Firestone Country Club's 6,620-yard par-72 course for a one-stroke lead at the halfway mark in the $15,000 Rubber City Open.

Wampler added a 68 today to his opening 67 for 135—one more than Hawkins' 10-under-par 134.

You'll feel more alive if you know how to treat tensions that lead to overtiredness.

Secrets Of Charm

by John Robert Powers

After you've spoken a harsh word to friend or family, do you wonder what caused you to explode? Overtiredness may be the answer.

This is not physical tiredness, which is more often a pleasant, listless feeling than a cause for irritation; if you are physically fatigued, you probably have not the energy to get angry. This type of exhaustion can be remedied by a good night's sleep.

The real troublemaker is not physical, but emotional tiredness resulting from tensions. Such tiredness can be treated just as you administer to a physical illness, to prevent its taking toll of your energy and sparkle.

Stimulation Necessary

If you are a mother with young children requiring almost constant attention, it's likely that much of the "fatigue" you feel is downright boredom, from spending so much time with the youngsters — who aren't your intellectual equals. You need the stimulation of people your own age, with interests comparable to your own. Arrange your life to provide such stimulation, and you're not so apt to end the day with complaints of exhaustion.

Similarly, if you work in an office where your tasks are routine, your after-hours activities should include conversation with people who spur you mentally.

Movement is another means to combat tension. Whatever your age and whatever your tasks—at home or behind a desk—you need relief from repetitive physical tasks. Muscles get over-strained when the body is held in one position too long. If you are a homemaker, break up your routine with a few brisk exercises, or lie back with heels higher than head. In an office, you can renew your energy by so simple a "break" as a walk to the water cooler.

Sleep is another measure of prevention, effective both in overcoming tension and in maintaining your physical stamina. Perhaps you require more sleep than the customary eight out of every 24 hours, perhaps less. Eight hours, certainly, is a reasonable quota. If demands on your time set a lesser limit, make up the time by "catnapping," or resting. Sometimes a quiet half-hour with a book is as restful as actual sleep.

Your Perspective

Everyone in this busy world of ours is subject to tensions—anxieties, fears, desires. There are ways, among them the suggestions I've made, to help put these mental problems in their right perspective, and to keep your personality alive by combating over-tiredness.

Yesterday's Answer

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

U M F P Q H W W U B P M K T L B X B K
F L G G X K K X L R, M R I E P U R L H A B X G U ' K
F L G U E U G H K B T L — I X Q I X R.

Yesterday's Crytoquote: HE THAT FALLS INTO SIN IS A MAN; THAT GRIEVES AT IT IS A SAINT—FULLER.

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

U M F P Q H W W U B P M K T L B X B K
F L G G X K K X L R, M R I E P U R L H A B X G U ' K
F L G U E U G H K B T L — I X Q I X R.

Yesterday's Crytoquote: HE THAT FALLS INTO SIN IS A MAN; THAT GRIEVES AT IT IS A SAINT—FULLER.

DOUBLE-BRICK DWELLING
$9850

Six rooms and bath each side and new forced-air furnace on 209 side. Full attic, slate roof, front and rear porches, level lot 60' x 150' and all street improvements in. The nice, well kept condition of the rooms makes a very favorable impression.

Located 207-209 Mary St., in the development where Cumberland did it's best Street planning. Principally a home owning section where much pride is taken in the tidying-up, planting of flowers and vegetable gardens, thus creating a real home atmosphere. Modern type of construction is in evidence. It would take at least twice the selling price of $9850 to build this property today.

Stock Market Ends Week With Showing Of Strength

NEW YORK, Sept. 3 (AP) — The Stock Market ended the week with a pre-holiday showing of strength.

The gains—in many instances substantial — surprised those in Wall Street who had looked for a precautionary selloff before the three-day recess over Labor Day.

The rise went to between 1 and 3 points while losses were held down to fractions in most cases.

The Associated Press average of 60 stocks added 90 cents at $131.40. Volume came to 1,630,000 shares as compared with 1,600,000 traded yesterday.

In passing, it was noted that 25 years ago today—Sept. 3, 1929—the market reached its historic peak. The Associated Press average of 60 stocks attained $157.70. The market then gradually nosed over into a panic and crash—the worst in financial history.

Libby, McNeill & Libby was up ½ at 13. Decca Records up ¼ at 14. International Telephone up ⅝ at 22¼, and Pressed Steel Car unchanged at 11.

Standard Oil (NJ) was a pillar of strength up 2½ at 94½, as the tenth most active issue in the list.

Homestake Mining, which shot ahead 3⅜ yesterday, was up ⅜ at 493¼ today as the 13th most active issue.

Among other gainers were Bethlehem Steel up 1, General Motors ½, Caterpillar Tractor 1½, Douglas Aircraft 1⅛, Sperry 1, Radio Corp. ¼, American Telephone ½, Kennecott Copper 1½, Pacific Mills 2, Mengel 2¼, Atlas Corp. 1⅞, New York Central 1, Barber Oil 1⅝, Cities Service 1, Automatic Canteen 2⅛, Dome Mines 1, and Boston & Maine 1.

$9850

Six rooms and bath each side and new forced-air furnace on 209 side. Full attic, slate roof, front and rear porches, level lot 60' x 150' and all street improvements in. The nice, well kept condition of the rooms makes a very favorable impression.

Located 207-209 Mary St., in the development where Cumberland did it's best Street planning. Principally a home owning section where much pride is taken in the tidying-up, planting of flowers and vegetable gardens, thus creating a real home atmosphere. Modern type of construction is in evidence. It would take at least twice the selling price of $9850 to build this property today.

Local Man Killed In Crash Near Here

Another Injured Critically Along W. Va. Route 28

Richard Valentine Dies Instantly

By F. ALLAN WEATHERHOLT
News Staff Writer

One local man was killed instantly and another critically injured yesterday afternoon about 3 o'clock in a motor vehicle crash on W. Va. State Route 28, four and a half miles south of here.

Richard Oliver Valentine, 29, of Bedford Road, a World War II Navy veteran and Potomac Edison Company employe was killed.

Sanford Miller, 40, of 707 Columbia Avenue, employed by Bennett's Gas and Electric Company was critically injured.

Others Uninjured

Two Pennsylvania men, in a third car were uninjured. They identified themselves as Thomas K. Brunner, 132 Center Avenue, Emsworth, Pa., and William F. Gerstner, 1100 Fifth Avenue, Coraopolis, Pa.

According to witnesses at the scene and State Trooper Donald G. Peters of the Keyser detachment, West Virginia State Police, the tragedy probably resulted from fast driving on the part of the victim.

The investigation disclosed, Trooper Peters said, that Valentine was driving north, (toward Cumberland) in his Buick sedan. Miller, driving a small Dodge pickup truck, loaded with bottled gas, was traveling south, (toward Fort Ashby).

A Lincoln sedan driven by Brunner, was also traveling toward Cumberland and ahead of Valentine.

Brunner and his companion, Gerstner, said the Buick attempted to pass their car, and collided almost headon with the truck operated by Miller. The Lincoln was grazed by the rear fender of the Buick as he swerved around the larger car, and marks and body damage on the left side of the Lincoln was mute evidence of the three-way crash.

Saw Approaching Car

Brunner told police and reporters that he was traveling about 40 or 45 miles per hour. He glanced in his rear view mirror and saw the Buick some distances behind him, but pulling up very fast. He said he looked ahead and saw the truck approaching out of a curve some distance ahead. He then glanced again into the mirror and saw the Buick was then directly behind him and coming too fast. The speed of the Buick, Brunner explained caused him to realize that a crash was possible since the driver of the Buick was about to pass him.

Marks along the roadway confirmed Brunner's claim that he pulled over to the right as far as he could. His car was off the pavement on the right hand side, as Brunner did everything he could to provide the Buick and truck with room to pass.

The width of the highway at this point is sufficient for three or more vehicles. However, marks showed, police indicated, that Valentine's sedan and Miller's truck came together at an angle, with the impact to both vehicles toward the front left sides.

Into Ravine

The truck continued on toward Fort Ashby for a few feet, was literally lifted and pushed off the road by the Buick, and dropped about six feet into a ravine, ten feet beyond the guard fence.

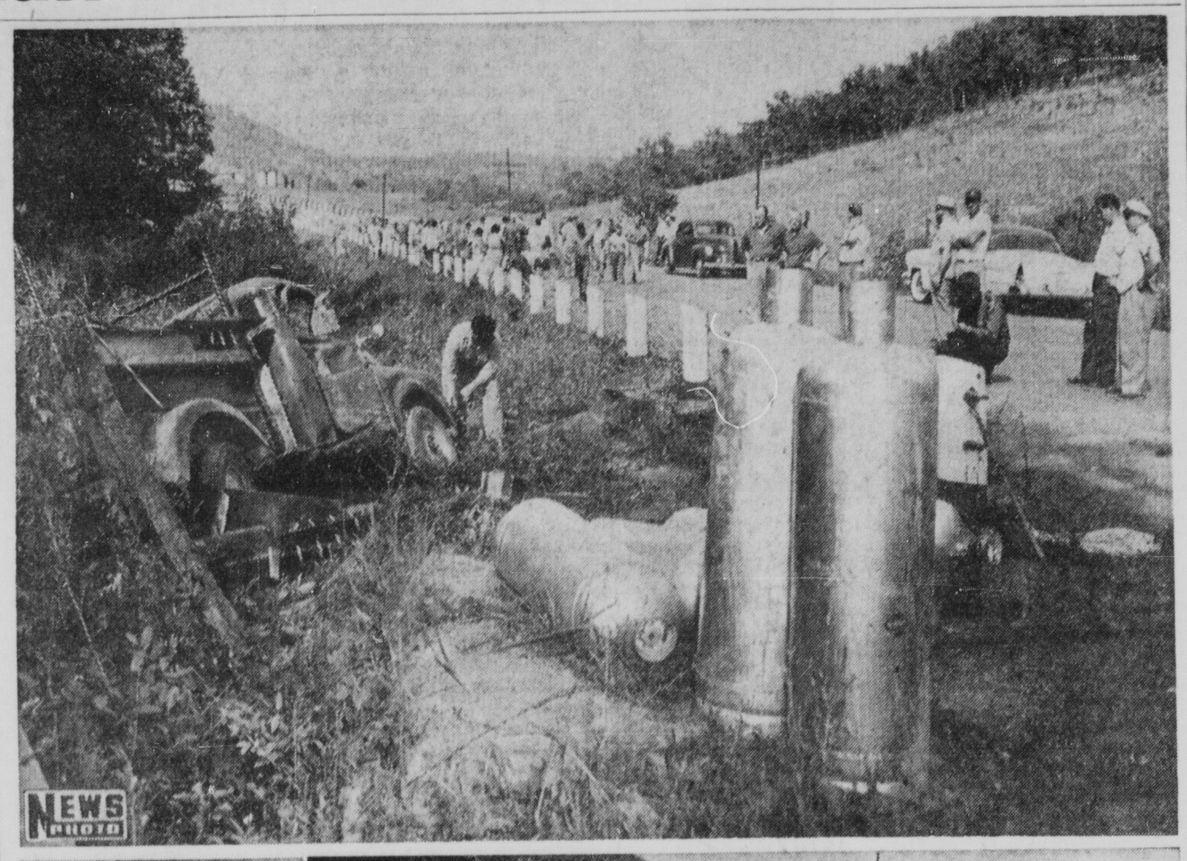

The sedan rolled down the highway, stopping 15 guard rail posts away from the truck, but continuing toward Cumberland. The sedan, when it stopped, was pointed toward the guard rail, on the left hand side of the road, and was turned partly around from the direction it had been traveling.

Valentine's sedan was so badly wrecked and crumbled that his body was pinned between the front seat and the steering column. An auto wrecker was used to lift the steering column off him so the funeral director and police could remove the body. His head was crushed and his left arm was torn off above the elbow and was found at the point of impact, lying on the roadway. A gold wedding ring was still on the severed hand.

The truck was hurdled over the guard fence and turned completely around and headed back toward Cumberland.

Trooper Peters said his preliminary investigation revealed no negligence on the part of the men in the Lincoln or the driver of the truck, but it would appear that

RICHARD O. VALENTINE

Tragic Crash Near Ridgeley

The lower photo is the crumbled wreckage of a Buick sedan in which the driver died yesterday afternoon, after he collided with the truck in the top photo. The victim, pictured at the lower left was identified as Richard Oliver Valentine, Bedford Road. The truck driver who is in Memorial Hospital in a critical condition is Sanford Miller, 707 Columbia, Avenue. Valentine, driving toward Cumberland attempted to pass a Lincoln, (the white car in the top picture) and in the process, struck the truck which was coming toward him, enroute to Fort Ashby. The cylinder devices in the foreground of the top photo are bottled gas which the truck was hauling. Marks on the side of the truck show where it was rolled over the guard fence posts. The crowd of spectators in the top picture is huddled around the Valentine car. Spectators at the scene, who arrived after the mishap, had considerable difficulty understanding how the accident happened, and there was great confusion as to which way the vehicles were headed. As the vehicles came to rest, they were both turned around and headed in opposite directions from which they had been traveling.

Home Rule Plan Wins Support Of Both Parties

Action Is Hailed By Municipal League

Both major political parties of Maryland have endorsed the Municipal Home Rule Amendment which will be voted upon in the November 2 general election.

The vote will be of special importance to Cumberlanders who have had a statutory form of home rule since 1951.

The bi-partisan backing for the amendment was hailed yesterday by Mayor Russell P. Smith, Cambridge, president of the Maryland Municipal League.

Mayor Smith said the amendment will benefit all people in Maryland and should receive the support of all organized groups interested in improving state and local government.

Urges Approval

At the Republican State Convention July 24, a party platform was adopted which included the following statement:

"The Republican Party, in fulfillment of its 1950 Platform, unqualifiedly endorses the Home Rule Amendment for Maryland municipalities which it sponsored and urges the voters to give it overwhelming approval at the election on November 2nd."

The Democratic Party Platform, adopted August 30, contains the following plank:

"The Democratic Party favors the Municipal Home Rule legislation passed by the last General Assembly and endorses the constitutional amendment on which the people will vote at the coming election."

The Municipal Home Rule Amendment was passed during the 1954 Session of the Maryland General Assembly and will be included on the ballots at the general election on November 2, along with eight other proposed constitutional amendments.

Could Amend Charters

If adopted, it will eliminate many local bills, applicable to just one city or town, which now must be considered by the state legislature. It is estimated that it will vastly reduce the workload of the legislators.

The amendment would also allow city and town voters, except in Baltimore City, to amend their own charters without having to seek the approval of the General Assembly on each proposed change.

The Maryland Municipal League, an association of about 100 Maryland cities and towns, has long advocated home rule for Maryland municipalities and was instrumental in getting the proposal on the ballot in November.

Rumors Reporting Capture Of Python Are Unconfirmed

Rumors that the 12-foot python snake which escaped last week from a wildlife exhibit at the Cumberland Fair had been caught, were unconfirmed late last night.

Reports centering from the Fairgo area yesterday said that the reptile had crawled into a rabbit pen, devoured several rabbits and then was unable to get back out of the cage.

However, the owner of the rabbit pen in which the snake was supposedly captured, stated that the story was not true.

Picnic Is Slated By Marble Club

The Marble Club will hold a picnic September 26 at Kreger's Pine Acres, on Baltimore Pike.

Grace Post, grand marble, last night said the affair will get underway about 1 p. m.

Sick, Unemployed Railroad Workers' Benefits Boosted

Railroad employes who become unemployed or sick will receive larger benefits immediately as a result of amendments to the Railroad Unemployment Insurance Act approved August 31 by President Eisenhower.

The Railroad Retirement Act was amended in a number of ways at the same time, particularly by reducing from 65 to 60 the age at which aged widows may receive monthly annuities. Widows with young children, of course, have been able to draw benefits regardless of age.

Must Earn $400

The larger unemployment and sickness payments are brought about by a generally higher benefit-rate schedule, along with a new provision that an employe's benefits will not be less than half of his regular pay for his last railroad job in the preceding year, up to a maximum of $42.50 a week in benefits. Almost all employes will get at least $30 a week.

Only employes who earned at least $400 in the preceding year can receive unemployment and sickness benefits. Formerly only $300 was required. Also, no employe can receive more in each type of benefit in a benefit year than his total earnings in the preceding year.

In addition to providing monthly annuities to widows at age 60, the new law permits the payment of monthly benefits to a widowed mother at any age if she is caring for a disabled child, even though the child is past age 18. Before, a widowed mother's annuity stopped when her youngest child became 18. Now, the child may also continue to draw benefits after that age.

Can Earn More

Widows who are drawing railroad annuities of their own may now get the full widow's annuity to which they may be entitled on the basis of their deceased husbands' unemployment.

The amendments also change the work restriction for annuitants under age 65 who retired on account of disability. They may now earn as much as $100 a month without forfeiting their annuity for that month.

As of July 1, 1954, railroad em-

Oldtown Youth Hurt In Fall

Roger Anderson, about 15, son of Rev. and Mrs. William Anderson, of Oldtown, is in fair condition at Memorial Hospital where he was admitted Wednesday reportedly suffering a back injury sustained in a fall near his home.

He was playing with a group of youngsters along a stream near his home and fell about 20 feet from a tree. His father is pastor of the Oldtown Methodist Church.

National Jet Pact Signed

The National Jet Company and representatives of the International Association of Machinists last night announced that an agreement had been reached in the current dispute which has caused a work stoppage since November 13, 1953.

The newly-signed contract provides for a five-cent an hour wage increase, paid holiday, vacations, seniority, shift differential and other usual standard benefits.

The strike settlement and contract were negotiated by Attorney William C. Walsh and Albert Tase, for the company, and Attorney Louis Poulton, Grand Lodge Representative H. I. Smith, Special Organizer Jesse Young and a committee composed of Frederick Kallender, Ruby McCullough and Georgia Peer, for the union.

The plant is now employing about 20 workers.

Night-Blooming Cereus Blossoms

Mr. and Mrs. Herbert Ersom, 122 South Liberty Street, have owned a night-blooming Cereus for some 12 years.

The trouble was it never bloomed. Finally, Thursday night the strange flower bloomed for the first time and their patience was rewarded.

Road To City Dump To Be Oiled Soon

City officials said yesterday that the road to the city dump has been graded and scraped, and that the City Health Department is making arrangements to have the road oiled.

The city has received a number of complaints that dust has been creating a traffic hazard on the heavily traveled road.

Local 26 To Meet

Local 26, Rubber Workers Union (CIO), will meet today at 1:30 p. m. in the union hall to act on a wage proposal. Following this special meeting, regular business will be transacted, including discussion on a URCLPWA strike fund communication, according to W. G. Rice, president.

Repairs Slated On Reservoir

Minor repairs needed at Ridgedale Reservoir are to be made this year by crews from the Lake Gordon filtration plant, city officials reported yesterday.

A complete inspection of the big reservoir was made recently by C. R. Nuzum, city engineer, when crews emptied the concrete reservoir to allow an annual clean-up job.

Minor leaks were found in a number of slabs along the top level of the reservoir, where exposed concrete sections had weathered.

Officials said the water level in the reservoir will have to be lowered about two feet below normal when the crews are making repairs.

Early this summer, city officials had noted minor seepage along the slopes of the reservoir and laid plans for a careful inspection during the annual cleaning operations.

Near Perfect Weather Slated Over Weekend

BALTIMORE, Sept. 3 (AP) — The Weather Bureau predicted practically perfect weather for Maryland over the holiday weekend with the exception of scattered showers Labor Day itself.

For summer's last holiday fling, Free Staters can expect, weather observers said, fair skies and cooler temperatures Saturday and Sunday. Daytime temperatures are expected to be in the high 70's or low 80's and drop into the 60's at night.

A warming up process is expected Monday along with the scattered showers forecast.

The Weather

Summer's here again! Chilly weather, earlier in the week, which was caused by the hurricanes along the Atlantic Coast, had prompted some Cumberlanders to believe that Autumn was upon us in full. However, the official high yesterday reached 89 degrees and in the downtown section went slightly over the 90 mark. Yesterday's low was 58 and at 6 p. m. the relative humidity registered 46 per cent. Today's forecast calls for fair but somewhat cooler weather, with the high between 77 and 82.

$52,000 Sought In Damage Suits Filed In Court

Brewery Union Is Involved

Two damage suits, totaling $52,000, were filed yesterday in the office of Joseph E. Boden, clerk of Allegany County Circuit Court.

Cecil E. Imes, through his attorney, Edwin M. Horchler, is suing Local 265, Brewery Workers, and Joseph Gus Carpenti, of 418 North Mechanic Street, for $50,000.

In the suit, the plaintiff contends that on or about January 16, 1953, he was assaulted by Carpenti. Both men are members of the union and employes of the Queen City Brewing Company, which has a contract with the local.

In the alleged fracas, which occurred about 4 p. m., Imes was reported thrown down a flight of steps, suffered a broken right forearm, other bruises and lacerations. He was hospitalized about a month and is still under doctor's care.

He was also discharged by the brewery and lost large sums of money in wages, all of which was entirely due to the assault by Carpenti, according to the suit.

In the other damage suit, Karen Mort, through her parents, William C. and Mary A. Mort, RFD 4, Bedford Road, is seeking $2,000 damages as a result of injuries sustained when she was struck by an auto driven by Ethel E. Lawyer, wife of William E. Lawyer, of Bedford Road.

The plaintiff, through her parents, contends that on or about November 10, 1953, Mrs. Lawyer was operating her husband's car north on U. S. 220.

The child attempted to cross the highway and through recklessness and negligence and an unreasonable rate of speed on the part of the driver, she was struck, suffered various injuries and required hospital and medical care.

Attorney for the plaintiff is Estel C. Kelley.

Nun Observes Anniversary

Sister M. Antoinette, SSND, who is a teacher at St. Joseph's Catholice School, Midland, recently observed her silver anniversary.

She is a daughter of Mr. and Mrs. Edward P. Cosgrove, of 607 Sylvan Avenue and prior to entering the convent August 25, 1929, her name was Margaret Cosgrove.

Celebration of the anniversary began with Mass at the convent in the morning and during the afternoon her family and friends were received at the convent.

She has been teaching at Midland for the past 12 years and is instructor of the fifth and sixth grades. She also teaches music and is in charge of the choir of the church.

Her first assignment was in Rochester, N. Y. Later she went to St. Leo's in Baltimore; Elk Ridge; and Bohemia, Long Island, N. Y. She is a graduate of St. Patrick's School here.

Police Will Battle Highway Fatalities By Plane, Cruisers

In an effort to cut down on the number of highway traffic fatalities in Maryland this weekend, state police will "battle" against careless drivers from the air and on the highways.

The department airplane, manned by Capt. M. M. Puncke and piloted by Trooper 1/c R. Y. Wolfe, will patrol all 13,500 miles of Maryland's roads. Capt. Puncke will pass on to operators of patrol cars reckless driving violations and points of congestion.

Patrol cars equipped with public address systems will also patrol highways carrying the greatest volume of traffic. Troopers assigned to these cars will be responsible for drawing the attention of motor vehicle operators to any hazard they might be causing, and for relieving congestions at intersections.

Fair September weather forecast for the three-day holiday, beginning today, is expected to bring a record number of autos on Maryland's highways.

Lieut. W. Elwood O'Hara, commander of the Cumberland barracks, said there will be no leaves granted troopers over the weekend and all available manpower will be pressed into patrol duty in Western Maryland.

Farewell Party Held In Texas

A surprise farewell party for Cpl. and Mrs. Lester J. McKenzie Jr., RFD 5, was given by the A&W Mineral Wells, Tex., softball team.

Cpl. McKenzie was a member of the team which placed second in the Texas A.S.A. softball tournament. He was stationed at Walters A.F.B. until his discharge this week.

Guests attending were Mr. and Mrs. Buddy Beard and children; Mr. and Mrs. A. K. Ashley, Mr. and Mrs. Herman Motley and sons, Mr. and Mrs. Orval West, Mr. and Mrs. J. C. Henderson, Mr. and Mrs. William Miles, Mr. and Mrs. Herman Martair, Mr. and Mrs. E. B. Tener, all of Mineral Wells, Tex.; Mr. and Mrs. Art Huffman of Arlington, Tex.; Harvey Prouty and Jack Zigler of Fort Worth, Tex., and Eddie Warner of Weatherford, Tex.

Baptists Give $6,165 In Program

State-Wide Goal Set At $214,677

Churches in the Western District of Maryland have contributed $6,165.38 to the cooperative program of the Southern Baptist Church in the first seven months of 1954, according to the Maryland Baptist Union Association.

State-wide the Baptist churches have a 1954 goal of $214,677.95 in this program which is called the "Southern Baptist lifeline to the world." So far they have given $133,838.91.

Leader in the Western District is the First Baptist Church of Cumberland, which has paid $1,711.97 toward a 1954 goal of $3,600. However, First church should have contributed $2,100 through the first seven months.

In second place in the district is the Second Baptist Church with $1,468.79 of an annual goal of $2,550 having been paid to date. That is just a few dollars under the $1,487.50 which should have been contributed in the seven months.

Contributions to the cooperative program made in seven months by the other Western District churches included:

Grace Baptist, Cumberland, $750 toward goal of $1,200; Deep Creek, $116.55 toward a goal of $168; Eckhart, $225 toward a goal of $275; Ferndale, $52.50 toward $90; English of Frostburg, $270 toward $525; Welsh of Frostburg, $167 toward $330; LaVale, $480.24 toward $1,000; Mt. Lake Park, $165 toward $240; Westernport, $563.93 toward $1,000; Bedford Road Mission, $163.70 toward $300, and Bowman's Addition, $30.70 toward $70.

Methodist Youth Planning Retreat At Scout Camp

Meeting At YMCA Set For Tuesday

The Cumberland Subdistrict of the Methodist Youth Fellowship will hold a cabinet meeting Tuesday at 7:30 p. m. at Central Y. M. C. A. to complete plans for an all-day retreat slated at the Boy Scout Camp near Oldtown on Saturday, September 25.

The retreat will offer an opportunity for spiritual development as well as planning for the fall and winter activities for the Subdistrict and local Fellowship groups.

Cumberland's Subdistrict represents some 18 Methodist charges in the area as well as more than 300 youths. This retreat will be open to all youth of the Methodist Churches between the ages of 12 and 24 who wish to prepare themselves spiritually and mentally for the work in their local fellowship groups.

Miss Juanita Powers, recently appointed conference director of Youth Work, has been invited to attend this session. Earl Clark of Frostburg is the president: Jack Jones, Frostburg, vice-president; Miss Betty Joan Beck, Cumberland, secretary and Harry Eisentrout, treasurer.

The program chairmen of the subdistrict, who will assist in the retreat are Christian Faith, Miss Marlene McGraw, Christian Witness; Miss Shirley Twigg; Christian Outreach; Miss Alice Zehrbach, Christian Citizenship; Neal Smith and Miss Judy Bennett, Christian Fellowship.

These officers were installed at a recent meeting at the Eckhart Methodist Church. Jack Jones and Marlene McGraw are officers of the Baltimore Conference Methodist Youth Fellowship.

Methodists Plan To Attend Service In Work Clothes

During the morning worship tomorrow at Emmanuel Methodist Church, members of the congregation are invited to wear their work clothes to the services in observance of Labor Day.

Rev. Kenneth W. Grove, pastor, said it is hoped that this will serve as a reminder that God is a God of work clothes as well as of the usual Sunday splendor.

The morning meditation will be brought by Dr. Harry C. Marsh, district superintendent of the Hagerstown District. He will also preside at the first quarterly conference in the afternoon at 2:30 o'clock. All members of Emmanuel Methodist and Mt. Fairview Methodist Church are urged to attend the meeting.

County Principals Meet With Faculties

Yesterday morning principals of schools of Allegany County met with the faculties in order to discuss final plans for the opening of the 1954-1955 school term on Tuesday morning.

On Thursday afternoon high school principals met for a conference at the Allegany County Board of Education while principals of elementary schools met during the morning. School opens at 9 a. m. Tuesday and will dismiss at 12 noon that day with a single session also scheduled for Wednesday and full sessions slated on September 9 and 10.

Classes Planned For Instructing Polling Officials

Will Be Conducted In Four Communities

Final notifications were mailed yesterday to election officials of Allegany County by the Board of Election Supervisors advising them of dates and places for instruction classes to be conducted by the board this month.

County election officials outside of the Cumberland area will attend classes for instructions beginning Friday, September 10, at Bruce High School auditorium in Westernport.

Officials from Districts 8-1 A-H, 8-1 I-R, 8-1 S-Z, 8-2 A-J, 8-2 K-Z, 8-4 and 31 will attend the first session at Westernport beginning at 7:30 p. m. There are 42 election officials in these seven districts.

On Wednesday, September 15, the 60 election officials from Districts 9 A-J, 9 K-Z, 10-1, 10-2, 15-1, 15-2, 18-1, 18-2, 25 and 27 will attend the class to be held at 7:30 o'clock at Central Elementary School auditorium in Lonaconing.

The final class of instruction for 108 officials in Districts 11, 12 A-J, 12 K-Z, 13-1 A-J, 13-1 K-Z, 13-2, 13-3, 17, 19, 24 A-J, 24 K-Z, 26-1, 26-2, 28-1, 28-2, 30, 32 A-J and 32 K-Z will be conducted Thursday, September 16, in the meeting room on the second floor of the fire hall in Frostburg. This class also will get underway at 7:30 p. m.

Previous notices were sent to the election officials in Cumberland's 5 district precincts in the city and outlying areas. Classes for the Cumberland districts will be held in the Allegany County Court House, September 7, 8 and 9.

William A. Wilson, president of the board, said last night he desires each of the election officials to attend the classes designated by his notification so that the classes will be more or less uniform in attendance.

The instruction will be carried out by members of the board and the county registrars along with Attorney John M. Robb.

Cumberlanders Pay Their Tax Bills Promptly

Cumberland tax collections received high ratings in a report which has been filed by Arthur B. Gibson, city auditor, with Moody's Investment Service.

During the 1953-54 fiscal year, the City of Cumberland collected $990,837.08, or 97.75 of a $1,013,608.84 tax levy.

During the 1952-53 fiscal year, tax collections totaled 97.64 per cent, reflecting collections of $915,600.78 of a $937,766.25 tax levy.

Collections totaled 98.36 for the 1951-52 fiscal year, when receipts reached $907,799.78 out of a total tax levy of $922,960.28.

Gibson explained these figures include only the collections made during current years and not subsequent payments.

At present, all outstanding taxes total slightly over $28,000, including $183 for 1951-52, $5,180.64 for 1952-53, and $22,916.69 for last fiscal year.

Possibly Rabid Fox Is Killed

A red fox, believed to be rabid, was killed yesterday morning on the George Lark farm at Short Gap, W. Va. by Robert T. Dayton, 18, who lives on a neighboring farm.

The animal was seen by Dayton while he was working near the barn on his farm where he lives. He went to the house to get his .22 rifle and when he returned the fox had fled.

A few minutes later he got a call from James Lark, saying the fox was in his pig pen where a young sow and her litter of 11 pigs were located. Dayton rushed to the other farm and as the fox lunged toward him, he shot and killed it.

The sow and litter are prized possessions of Lark, who is raising them as a FFA project. A veterinarian was called to give serum to the animals. Meanwhile Dayton plans to collect a bounty for the fox.

Swift Plant To Get New Loading Dock

The Cumberland branch of Swift and Company secured a permit yesterday to build a new and modern loading dock for its facilities at 232-38 Commerce Street.

The concrete and brick structure will be built by the George F. Hazelwood Construction Company at a cost of about $20,000.

The 20 by 100 foot structure will be one story high and will replace the present loading dock.

Births

Memorial Hospital

Mr. and Mrs. Lewis D. Pugh, Romney, W. Va., a daughter yesterday.

Mr. and Mrs. Eugene Athey, 428 Beall Street, a daughter yesterday.

Local Man Killed In Crash Near Here

Another Injured Critically Along W. Va. Route 28

Richard Valentine Dies Instantly

By F. ALLAN WEATHERHOLT
News Staff Writer

One local man was killed instantly and another critically injured yesterday afternoon about 3 o'clock in a motor vehicle crash on W. Va. State Route 28, four and a half miles south of here.

Richard Oliver Valentine, 29, of Bedford Road, a World War II Navy veteran and Potomac Edison Company employe was killed.

Sanford Miller, 40, of 707 Columbia Avenue, employed by Bennett's Gas and Electric Company was critically injured.

Others Uninjured

Two Pennsylvania men, in a third car were uninjured. They identified themselves as Thomas K. Brunner, 132 Center Avenue, Emsworth, Pa., and William F. Gerstner, 1100 Fifth Avenue, Cornopolis, Pa.

According to witnesses at the scene and State Trooper Donald G. Peters of the Keyser detachment, West Virginia State Police, the tragedy probably resulted from fast driving on the part of the victim.

The investigation disclosed, Trooper Peters said, that Valentine was driving north, (toward Cumberland) in his Buick sedan. Miller, driving a small Dodge pickup truck, loaded with bottled gas, was traveling south, (toward Fort Ashby).

A Lincoln sedan driven by Brunner, was also traveling toward Cumberland and ahead of Valentine.

Brunner and his companion, Gerstner, said the Buick attempted to pass their car, and collided almost headon with the truck operated by Miller. The Lincoln was grazed by the rear fender of the Buick as he swerved around the larger car, and marks and body damage on the left side of the Lincoln was mute evidence of the three-way crash.

Saw Approaching Car

Brunner told police and reporters that he was traveling about 40 or 45 miles per hour. He glanced in his rear view mirror and saw the Buick some distances behind him, but pulling up very fast. He said he looked ahead and saw the truck approaching out of a curve some distance ahead. He then glanced again into the mirror and saw the Buick was then directly behind him and coming too fast. The speed of the Buick, Brunner explained caused him to realize that a crash was possible since the driver of the Buick was about to pass him.

Marks along the roadway confirmed Brunner's claim that he pulled over to the right as far as he could. His car was off the pavement on the right hand side, as Brunner did everything he could to provide the Buick and truck with room to pass.

The width of the highway at this point is sufficient for three or more vehicles. However, marks showed, police indicated, that Valentine's sedan and Miller's truck came together at an angle, with the impact to both vehicles toward the front left sides.

Into Ravine

The truck continued on toward Fort Ashby for a few feet, was literally lifted and pushed off the road by the Buick, and dropped about six feet into a ravine, ten feet beyond the guard fence.

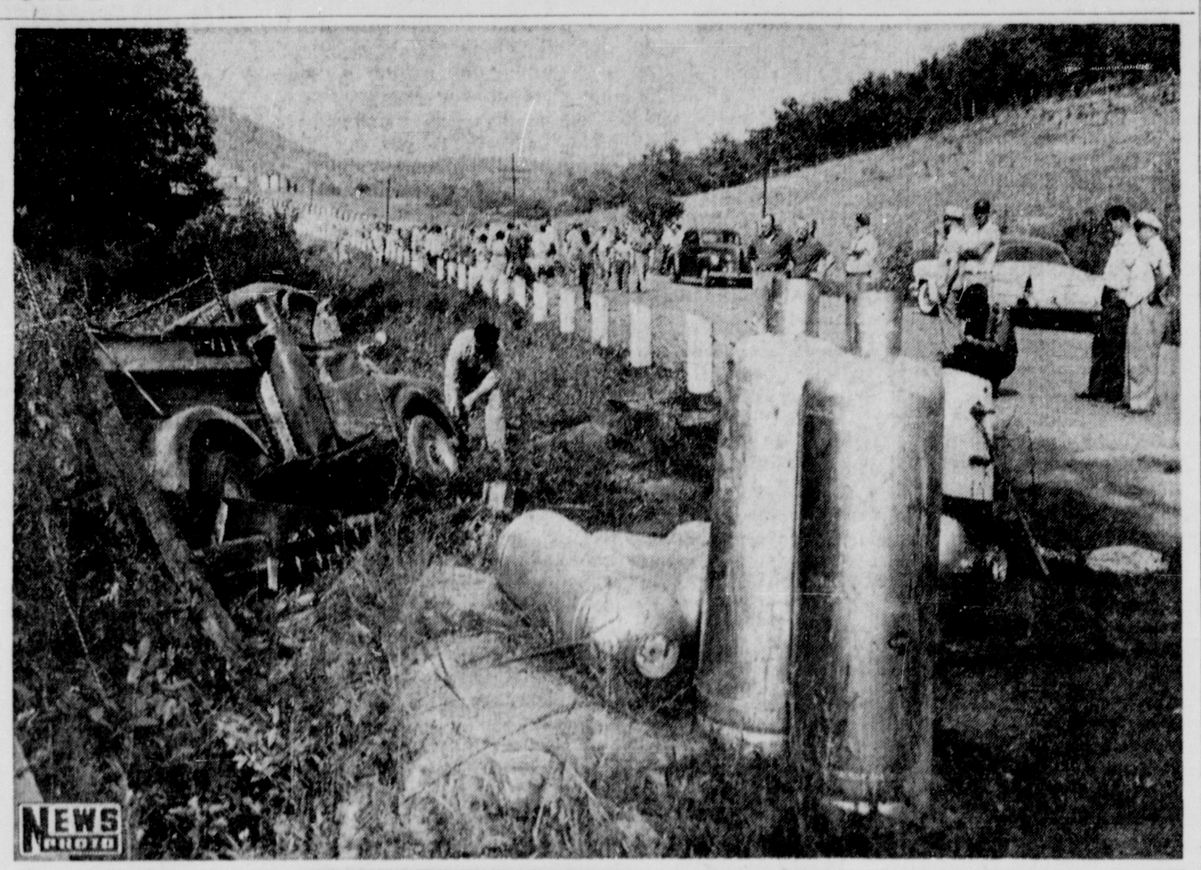

The sedan rolled down the highway, stopping 15 guard rail posts away from the truck, but continuing toward Cumberland. The sedan, when it stopped, was pointed toward the guard rail, on the left hand side of the road, and was turned partly around from the direction it had been traveling.

Valentine's sedan was so badly wrecked and crumbled that his body was pinned between the front seat and the steering column. An auto wrecker was used to lift the steering column off him so the funeral director and police could remove the body. His head was crushed and his left arm was torn off above the elbow and was found at the point of impact, lying on the roadway. A gold wedding ring was still on the severed hand.

The truck was hurdled over the guard fence and turned completely around and headed back toward Cumberland.

Trooper Peters said his preliminary investigation revealed no negligence on the part of the men in the Lincoln or the driver of the truck, but it would appear that

RICHARD O. VALENTINE

Tragic Crash Near Ridgeley

The lower photo is the crumbled wreckage of a Buick sedan in which the driver died yesterday afternoon, after he collided with the truck in the top photo. The victim, pictured at the lower left was identified as Richard Oliver Valentine, Bedford Road. The truck driver who is in Memorial Hospital in a critical condition is Sanford Miller, 707 Columbia, Avenue. Valentine, driving toward Cumberland attempted to pass a Lincoln, (the white car in the top picture) and in the process, struck the truck which was coming toward him, enroute to Fort Ashby. The cylinder devices in the foreground of the top photo are bottled gas which the truck was hauling. Marks on the side of the truck show where it was rolled over the guard fence posts. The crowd of spectators in the top picture is huddled around the Valentine car. Spectators at the scene, who arrived after the mishap, had considerable difficulty understanding how the accident happened, and there was great confusion as to which way the vehicles were headed. As the vehicles came to rest, they were both turned around and headed in opposite directions from which they had been traveling.

Home Rule Plan Wins Support Of Both Parties

Action Is Hailed By Municipal League

Both major political parties of Maryland have endorsed the Municipal Home Rule Amendment which will be voted upon in the November 2 general election.

The vote will be of special importance to Cumberlanders who have had a statutory form of home rule since 1951.

The bi-partisan backing for the amendment was hailed yesterday by Mayor Russell P. Smith, Cambridge, president of the Maryland Municipal League.

Mayor Smith said the amendment will benefit all people in Maryland and should receive the support of all organized groups interested in improving state and local government.

Urges Approval

At the Republican State Convention July 24, a party platform was adopted which included the following statement:

"The Republican Party, in fulfillment of its 1950 Platform, unqualifiedly endorses the Home Rule Amendment for Maryland municipalities which it sponsored and urges the voters to give it overwhelming approval at the election on November 2nd."

The Democratic Party Platform, adopted August 30, contains the following plank:

"The Democratic Party favors the Municipal Home Rule legislation passed by the last General Assembly and endorses the constitutional amendment on which the people will vote at the coming election."

The Municipal Home Rule Amendment was passed during the 1954 Session of the Maryland General Assembly and will be included on the ballots at the general election on November 2, along with eight other proposed constitutional amendments.

Could Amend Charters

If adopted, it will eliminate many local bills, applicable to just one city or town, which now must be considered by the state legislature. It is estimated that it will vastly reduce the workload of the legislators.

The amendment would also allow city and town voters, except in Baltimore City, to amend their own charters without having to seek the approval of the General Assembly on each proposed change.

The Maryland Municipal League, an association of about 100 Maryland cities and towns, has long advocated home rule for Maryland municipalities and was instrumental in getting the proposal on the ballot in November.

Rumors Reporting Capture Of Python Are Unconfirmed

Rumors that the 12-foot python snake which escaped last week from a wildlife exhibit at the Cumberland Fair had been caught, were unconfirmed late last night.

Reports centering from the Fairgo area yesterday said that the reptile had crawled into a rabbit pen, devoured several rabbits and then was unable to get back out of the cage.

However, the owner of the rabbit pen in which the snake was supposedly captured, stated that the story was not true.

Picnic Is Slated By Marble Club

The Marble Club will hold a picnic September 26 at Kreger's Pine Acres, on Baltimore Pike.

Grace Post, grand marble, last night said the affair will get underway about 1 p. m.

Sick, Unemployed Railroad Workers' Benefits Boosted

Railroad employes who become unemployed or sick will receive larger benefits immediately as a result of amendments to the Railroad Unemployment Insurance Act approved August 31 by President Eisenhower.

The Railroad Retirement Act was amended in a number of ways at the same time, particularly by reducing from 65 to 60 the age at which aged widows may receive monthly annuities. Widows with young children, of course, have been able to draw benefits regardless of age.

Must Earn $400

The larger unemployment and sickness payments are brought about by a generally higher benefit-rate schedule, along with a new provision that an employe's benefits will not be less than half of his regular pay for his last railroad job in the preceding year, up to a maximum of $42.50 a week in benefits. Almost all employes will get at least $30 a week.

Only employes who earned at least $400 in the preceding year can receive unemployment and sickness benefits. Formerly only $300 was required. Also, no employe can receive more in each type of benefit in a benefit year than his total earnings in the preceding year.

In addition to providing monthly annuities to widows at age 60, the new law permits the payment of monthly benefits to a widowed mother at any age if she is caring for a disabled child, even though the child is past age 18. Before, a widowed mother's annuity stopped when her youngest child became 18. Now, the child may also continue to draw benefits after that age.

Can Earn More

Widows who are drawing railroad annuities of their own may now get the full widow's annuity to which they may be entitled on the basis of their deceased husbands' unemployment.

The amendments also change the work restriction for annuitants under age 65 who retired on account of disability. They may now earn as much as $100 a month without forfeiting their annuity for that month.

As of July 1, 1954, railroad em-

Oldtown Youth Hurt In Fall

Roger Anderson, about 15, son of Rev. and Mrs. William Anderson, of Oldtown, is in fair condition at Memorial Hospital where he was admitted Wednesday reportedly suffering a back injury sustained in a fall near his home.

He was playing with a group of youngsters along a stream near his home and fell about 20 feet from a tree. His father is pastor of the Oldtown Methodist Church.

National Jet Pact Signed

The National Jet Company and representatives of the International Association of Machinists last night announced that an agreement had been reached in the current dispute which has caused a work stoppage since November 13, 1953.

The newly-signed contract provides for a five-cent an hour wage increase, paid holiday, vacations, seniority, shift differential and other usual standard benefits.

The strike settlement and contract were negotiated by Attorney William C. Walsh and Albert Tase, for the company, and Attorney Louis Poulton, Grand Lodge Representative H. I. Smith, Special Organizer Jesse Young and a committee composed of Frederick Kallender, Ruby McCullough and Georgia Peer, for the upion.

The plant is now employing about 20 workers.

Night-Blooming Cereus Blossoms

Mr. and Mrs. Herbert Ersom, 122 South Liberty Street, have owned a night-blooming Cereus for some 12 years.

The trouble was it never bloomed. Finally, Thursday night the strange flower bloomed for the first time and their patience was rewarded.

Road To City Dump To Be Oiled Soon

City officials said yesterday that the road to the city dump has been graded and scraped, and that the City Health Department is making arrangements to have the road oiled.

The city has received a number of complaints that dust has been creating a traffic hazard on the heavily traveled road.

Local 26 To Meet

Local 26, Rubber Workers Union (CIO), will meet today at 1:30 p. m. in the union hall to act on a wage proposal. Following this special meeting, regular business will be transacted, including discussion on a URCLPWA strike fund communication, according to W. G. Rice, president.

Repairs Slated On Reservoir

Minor repairs needed at Ridgedale Reservoir are to be made this year by crews from the Lake Gordon filtration plant, city officials reported yesterday.

A complete inspection of the big reservoir was made recently by C. R. Nuzum, city engineer, when crews emptied the concrete reservoir to allow an annual clean-up job.

Minor leaks were found in a number of slabs along the top level of the reservoir, where exposed concrete sections had weathered.

Officials said the water level in the reservoir will have to be lowered about two feet below normal when the crews are making repairs.

Early this summer, city officials had noted minor seepage along the slopes of the reservoir and laid plans for a careful inspection during the annual cleaning operations.

Near Perfect Weather Slated Over Weekend

BALTIMORE, Sept. 3 (AP) — The Weather Bureau predicted practically perfect weather for Maryland over the holiday weekend with the exception of scattered showers Labor Day itself.

For summer's last holiday fling, Free Staters can expect, weather observers said, fair skies and cooler temperatures Saturday and Sunday. Daytime temperatures are expected to be in the high 70's or low 80's and drop into the 60's at night.

A warming up process is expected Monday along with the scattered showers forecast.

The Weather

Summer's here again! Chilly weather, earlier in the week, which was caused by the hurricanes along the Atlantic Coast, had prompted some Cumberlanders to believe that Autumn was upon us in full. However, the official high yesterday reached 89 degrees and in the downtown section went slightly over the 90 mark. Yesterday's low was 58 and at 6 p. m. the relative humidity registered 46 per cent. Today's forecast calls for fair but somewhat cooler weather, with the high between 77 and 82.

$52,000 Sought In Damage Suits Filed In Court

Brewery Union Is Involved

Two damage suits, totaling $52,000, were filed yesterday in the office of Joseph E. Boden, clerk of Allegany County Circuit Court.

Cecil E. Imes, through his attorney, Edwin M. Horchler, is suing Local 265, Brewery Workers, and Joseph Gus Carpenti, of 418 North Mechanic Street, for $50,000.

In the suit, the plaintiff contends that on or about January 16, 1953, he was assaulted by Carpenti. Both men are members of the union and employes of the Queen City Brewing Company, which has a contract with the local.

In the alleged fracas, which occurred about 4 p. m., Imes was reported thrown down a flight of steps, suffered a broken right forearm, other bruises and lacerations. He was hospitalized about a month and is still under doctor's care.

He was also discharged by the brewery and lost large sums of money in wages, all of which was entirely due to the assault by Carpenti, according to the suit.

In the other damage suit, Karen Mort, through her parents, William C. and Mary A. Mort, RFD 4, Bedford Road, is seeking $2,000 damages as a result of injuries sustained when she was struck by an auto driven by Ethel E. Lawyer, wife of William E. Lawyer, of Bedford Road.

The plaintiff, through her parents, contends that on or about November 10, 1953, Mrs. Lawyer was operating her husband's car north on U. S. 220.

The child attempted to cross the highway and through recklessness and negligence and an unreasonable rate of speed on the part of the driver, she was struck, suffered various injuries and required hospital and medical care.

Attorney for the plaintiff is Estel C. Kelley.

Lieut. W. Elwood O'Hara, commander of the Cumberland barracks, said there will be no leaves granted troopers over the weekend and all available manpower will be pressed into patrol duty in Western Maryland.

Farewell Party Held In Texas

A surprise farewell party for Cpl. and Mrs. Lester J. McKenzie Jr., RFD 5, was given by the A&W Mineral Wells, Tex., softball team.

Cpl. McKenzie was a member of the team which placed second in the Texas A.S.A. softball tournament. He was stationed at Walters A.F.B. until his discharge this week.

Guests attending were Mr. and Mrs. Buddy Beard and children; Mr. and Mrs. A. K. Ashley, Mr. and Mrs. Herman Motley and sons, Mr. and Mrs. Orval West, Mr. and Mrs. J. C. Henderson, Mr. and Mrs. William Miles, Mr. and Mrs. Herman Martair, Mr. and Mrs. E. B. Baptists Give $6,165 In Program

State-Wide Goal Set At $214,677

Churches in the Western District of Maryland have contributed $6,165.38 to the cooperative program of the Southern Baptist Church in the first seven months of 1954, according to the Maryland Baptist Union Association.

State-wide the Baptist churches have a 1954 goal of $214,677.95 in this program which is called the "Southern Baptist lifeline to the world." So far they have given $133,838.91.

Leader in the Western District is the First Baptist Church of Cumberland, which has paid $1,711.97 toward a 1954 goal of $3,600. However, First church should have contributed $2,100 through the first seven months.

In second place in the district is the Second Baptist Church with $1,468.79 of an annual goal of $2,550 having been paid to date. That is just a few dollars under the $1,487.50 which should have been contributed in the seven months.

Contributions to the cooperative program made in seven months by the other Western District churches included:

Grace Baptist, Cumberland, $750 toward goal of $1,200; Deep Creek, $116.55 toward a goal of $168; Eckhart, $225 toward a goal of $275; Ferndale, $52.50 toward $90; English of Frostburg, $270 toward $525; Welsh of Frostburg, $167 toward $330; LaVale, $480.24 toward $1,000; Mt. Lake Park, $165 toward $240; Westernport, $563.93 toward $1,000; Bedford Road Mission, $163.70 toward $300, and Bowman's Addition, $30.70 toward $70.

Methodist Youth Planning Retreat At Scout Camp

Meeting At YMCA Set For Tuesday

The Cumberland Subdistrict of the Methodist Youth Fellowship will hold a cabinet meeting Tuesday at 7:30 p. m. at Central Y. M. C. A. to complete plans for an all-day retreat slated at the Boy Scout Camp near Oldtown on Saturday, September 25.

The retreat will offer an opportunity for spiritual development as well as planning for the fall and winter activities for the Subdistrict and local Fellowship groups.

Cumberland's Subdistrict represents some 18 Methodist charges in the area as well as more than 300 youths. This retreat will be open to all youth of the Methodist Churches between the ages of 12 and 24 who wish to prepare themselves spiritually and mentally for the work in their local fellowship groups.

Miss Juanita Powers, recently appointed conference director of Youth Work, has been invited to attend this session. Earl Clark of Frostburg is the president: Jack Jones, Frostburg, vice-president; Miss Betty Joan Beck, Cumberland, secretary and Harry Eisentrout, treasurer.

The program chairmen of the subdistrict, who will assist in the retreat are Christian Faith, Miss Marlene McGraw, Christian Witness; Miss Shirley Twigg; Christian Outreach; Miss Alice Zehrbach, Christian Citizenship; Neal Smith and Miss Judy Bennett, Christian Fellowship.

These officers were installed at a recent meeting at the Eckhart Methodist Church. Jack Jones and Marlene McGraw are officers of the Baltimore Conference Methodist Youth Fellowship.

Methodists Plan To Attend Service In Work Clothes

During the morning worship tomorrow at Emmanuel Methodist Church, members of the congregation are invited to wear their work clothes to the services in observance of Labor Day.

Rev. Kenneth W. Grove, pastor, said it is hoped that this will serve as a reminder that God is a God of work clothes as well as of the usual Sunday splendor.

The morning meditation will be brought by Dr. Harry C. Marsh, district superintendent of the Hagerstown District. He will also preside at the first quarterly conference in the afternoon at 2:30 o'clock. All members of Emmanuel Methodist and Mt. Fairview Methodist Church are urged to attend the meeting.

County Principals Meet With Faculties

Yesterday morning principals of schools of Allegany County met with the faculties in order to discuss final plans for the opening of the 1954-1955 school term on Tuesday morning.

On Thursday afternoon high school principals met for a conference at the Allegany County Board of Education while principals of elementary schools met during the morning. School opens at 9 a. m. Tuesday and will dismiss at 12 noon that day with a single session also scheduled for Wednesday and full sessions slated on September 9 and 10.

Classes Planned For Instructing Polling Officials

Will Be Conducted In Four Communities

Final notifications were mailed yesterday to election officials of Allegany County by the Board of Election Supervisors advising them of dates and places for instruction classes to be conducted by the board this month.

County election officials outside of the Cumberland area will attend classes for instructions beginning Friday, September 10, at Bruce High School auditorium in Westernport.

Officials from Districts 8-1 A-H, 8-1 I-R, 8-1 S-Z, 8-2 A-J, 8-2 K-Z, 8-4 and 31 will attend the first session at Westernport beginning at 7:30 p. m. There are 42 election officials in these seven districts.

On Wednesday, September 15, the 60 election officials from Districts 9 A-J, 9 K-Z, 10-1, 10-2, 15-1, 15-2, 18-1, 18-2, 25 and 27 will attend the class to be held at 7:30 o'clock at Central Elementary School auditorium in Lonaconing.

The final class of instruction for 108 officials in Districts 11, 12 A-J, 12 K-Z, 13-1 A-J, 13-1 K-Z, 13-2, 13-3, 17, 19, 24 A-J, 24 K-Z, 26-1, 26-2, 28-1, 28-2, 30, 32 A-J and 32 K-Z will be conducted Thursday, September 16, in the meeting room on the second floor of the fire hall in Frostburg. This class also will get underway at 7:30 p. m.

Previous notices were sent to the election officials in Cumberland's 5? district precincts in the city and outlying areas. Classes for the Cumberland districts will be held in the Allegany County Court House, September 7, 8 and 9.

William A. Wilson, president of the board, said last night he desires each of the election officials to attend the classes designated by his notification so that the classes will be more or less uniform in attendance.

The instruction will be carried out by members of the board and the county registrars along with Attorney John M. Robb.

Cumberlanders Pay Their Tax Bills Promptly

Cumberland tax collections received high ratings in a report which has been filed by Arthur B. Gibson, city auditor, with Moody's Investment Service.

During the 1953-54 fiscal year, the City of Cumberland collected $990,837.08, or 97.75 of a $1,013,608.84 tax levy.

During the 1952-53 fiscal year, tax collections totaled 97.64 per cent, reflecting collections of $915,600.78 of a $937,766.25 tax levy.

Collections totaled 98.36 for the 1951-52 fiscal year, when receipts reached $907,799.78 out of a total tax levy of $922,960.28.

Gibson explained these figures include only the collections made during current years and not subsequent payments.

At present, all outstanding taxes total slightly over $28,000, including $183 for 1951-52, $5,180.64 for 1952-53, and $22,916.69 for last fiscal year.

Possibly Rabid Fox Is Killed

A red fox, believed to be rabid, was killed yesterday morning on the George Lark farm at Short Gap, W. Va. by Robert T. Dayton, 18, who lives on a neighboring farm.

The animal was seen by Dayton while he was working near the barn on his farm where he lives. He went to the house to get his .22 rifle and when he returned the fox had fled.

A few minutes later he got a call from James Lark, saying the fox was in his pig pen where a young sow and her litter of 11 pigs were located. Dayton rushed to the other farm and as the fox lunged toward him, he shot and killed it.

The sow and litter are prized possessions of Lark, who is raising them as a FFA project. A veterinarian was called to give serum to the animals. Meanwhile Dayton plans to collect a bounty for the fox.

Swift Plant To Get New Loading Dock

The Cumberland branch of Swift and Company secured a permit yesterday to build a new and modern loading dock for its facilities at 232-38 Commerce Street.

The concrete and brick structure will be built by the George F. Hazelwood Construction Company at a cost of about $20,000.

The 20 by 100 foot structure will be one story high and will replace the present loading dock.
